

AROUND THE CITY

To Ask For Labor Department.
At the meeting of the Trades and Labor Council last evening it was decided to petition the local government to put into effect the act passed some time ago, providing for the creation of a department of labor and the appointment of a Commissioner of Labor.

Wants Grant for Kindergarten.
Miss Margaret Parks on behalf of the Free Kindergarten Association, has made an application to the city council for a grant of \$600 to assist in carrying on the work of the Association. The application will be dealt with at the next meeting of the Treasury Board.

Church of England S. S. Teachers.
There was a large and representative meeting of the Church of England Sunday school teachers of the city last night in Stone church to listen to an address by Rev. R. A. Hiltz, general secretary of the Sunday school committee. Each of the speakers, Rev. Mr. Hiltz gave a very interesting and helpful account of the work of the Sunday school committee in Canada.

Dock Street Water Main.
It is expected the work of putting in the new water main in Dock street will be completed today. Although the job has proved a rather difficult one, the city workmen by working night and day have managed to keep ahead of the pavers. A great deal of inconvenience has been caused by the work and there have been many complaints from storekeepers along the street at the way the side-walks have been piled up with paving stones.

Sons of Temperance.
The quarterly meeting of the St. John district Sons of Temperance, was held last evening in the Carleton Temperance hall. D. W. P. Robert Carson presided and all the officers were in their places. The reports of the subordinate districts were submitted, as well as those of the officers, and all showed active work during the past three months. Robert Carson and Kenneth Spears were appointed delegates to the annual meeting of the Grand Council to be held in Newcastle, on October 22nd. Plans for the winter's activities were discussed at the meeting last evening.

They Observed the Law.
It has been frequently stated in the Parish of Simonds that LeBaron and Bloomfield Jordan, two respectable farmers of that parish had voted both in Simonds and in the city on election day contrary to the law. It appears that Messrs. Jordan are property owners in Victoria ward and at the time the laws were revised, they resided in that ward. Subsequently they removed to the Parish of Simonds and their names were added to the voters' list of that parish. On election day they voted in the county booth at Loch Lomond. They have been charged with voting in both county booths in Victoria ward and at Loch Lomond. A prominent city conservative investigated and found that this was not so and in justice to Messrs. Jordan makes this announcement.

The Porter and Manzer Complaint.
A representative of Porter and Manzer, of Andover, was expected to appear before the meeting of the board of works yesterday in connection with their complaint that they were being shut out of the frost proof warehouse on the West Side, but he did not turn up. It is reported that Clements and Co., who were granted a lease of the warehouse after bids had been solicited from Messrs. Porter and Manzer, for some reason they did not accept the offer and have announced their intention of barrelling their potatoes at Andover and up river points and sending them to St. John all ready to ship aboard the boats. The Times announced that Porter and Manzer claimed they could not get accommodation here and intended to ship their potatoes by way of Boston, but it appears to have been laboring, as usual, under a delusion.

PLAN TO OBSERVE TRAFALGAR DAY

St. George's Society in Quarterly Session, Appointed Committee to Consider Appropriate Way to Celebrate.

The quarterly meeting of the St. George's Society was held last evening, there being a good attendance. After the transaction of routine business a committee was appointed to make arrangements for celebrating Trafalgar Day, the 21st inst. It was suggested that the occasion should be celebrated by holding a smoker, but it was decided to leave the whole matter in the hands of the committee. The following new members were elected: John Frodsham, Walter H. Golding, Geo. H. Waring, Jr., Geo. L. Wetmore, and Guy Barton.

The council of the Federated St. George's societies of Canada of which J. C. Anderson of St. John is chairman, is now engaged in the work of effecting closer relations between the various societies and arrangements are being made to have the societies hold their meetings on the same evenings.

A New Proposition.
Opportunities for the investment of capital in which the rich and poor stand an equal chance are extremely rare. So seldom indeed are these occasions, that the general public never get a look in on such propositions. There is now a chance to save 10 per cent. of your fuel bill by installing a Universal Chimney Cleaner. It is not saving earning? Costs \$5.00. Lasts a lifetime. Write, or phone 1317, Universal Chimney Cleaner Company, Ltd., 8 Market Square, St. John, N. B.

Mrs. E. Marshall Stout, nee Miller, will receive her friends at her home, 254 Main street, on Thursday and Friday afternoons and Friday evening.

ST. JOHN WILL BE REPRESENTED BY SINGLE DELEGATE

Ald. Potts the Only Member of City Council to Attend Union of N. B. Municipalities Meeting.

The sixth annual convention of the Union of New Brunswick Municipalities will open at Newcastle today, and the premier city of the Maritime Provinces will be represented by only one delegate, Ald. Potts.

Hon. John Morrissy will open the meeting and Mayor F. L. Pedolin, of Newcastle, will deliver the address of welcome. The president of the union, A. Sterling, ex-warden of York, will then deliver a short address, and J. W. McCready, city clerk of Fredericton, and secretary of the union will read his report on the work of the year.

C. H. Thomas, Mayor of Fredericton will read a paper on the need of a Provincial Reform School for the Care and Education of Juvenile Delinquents and E. A. Reilly, Mayor of Moncton, will speak on Civic Industrial Development.

On Thursday there will be a discussion on the question of taxation, with papers by H. H. Stuart, the Socialist alderman of Newcastle, and Ald. Potts, the single tax champion of St. John.

Another matter which will engage attention is the question of cities and towns granting aid in the form of loans and bonuses to industrial enterprises, a policy which, it is claimed, leads to a sort of rivalry which would soon bankrupt the municipalities which embark upon it.

On Thursday there will be a discussion on the question of taxation, with papers by H. H. Stuart, the Socialist alderman of Newcastle, and Ald. Potts, the single tax champion of St. John.

The board expressed itself as willing to employ Miss Smith, the anti-tubercular nurse to continue the work done by Miss Rogers, under the same arrangement as existed during Miss Rogers' connection with the association.

An all the business had not been disposed of at 6 o'clock the meeting adjourned to assemble at the call of the chair.

A PECULIAR DECISION IN POLICE COURT CASE

A Customs Officer Reported for Carrying Lighted Cigar on No. 5 Wharf, Allowed to go—Watchman Swore to Offence.

In the police court yesterday the charge against John McKelvie, a customs officer, of carrying a lighted cigar on No. 5 wharf, was heard. Evidence in support of the charge was given under oath by Henry Lee, the watchman, who made the complaint. Mr. McKelvie and John Stanton, another customs official who accompanied him, made statements denying that the defendant was carrying a lighted cigar. The case was dismissed.

Mr. Lee, in the course of his evidence, which was given under oath, said he saw McKelvie going along the wharf with Stanton and smell the smoke. Turning, he saw the smoke coming from the cigar in McKelvie's hand. He told him that it was against the rules to carry a lighted cigar on the wharves and asked him to put it out. Mr. McKelvie did not put the cigar out and walked on. As a result he reported him.

Mr. McKelvie, who was not sworn, stated that he took the cigar out of his mouth some distance before he went on the wharf. When he got on the wharf it was possible there was a little fire in the cigar. Lee stopped him abruptly and told him to throw it overboard. He refused and pointing to the cigar said, "Is that lighted?" He also asked Lee if he would swear the cigar was lighted and Lee said he could not care to witness them walk on.

John Stanton, who was not sworn, corroborated Mr. McKelvie's evidence. He further said that on returning some fifteen minutes later Mr. McKelvie held the cigar up to Lee and remarked that he had still got it. Lee said he would report him.

The police magistrate referring to the duties of constables, said they should try not to be irritating as happened in some cases. They should explain their authority and point out that the law was being violated. He dismissed the case.

LAUNCH CAMPAIGN FOR PROHIBITION IN THE PROVINCE

New Brunswick Temperance Federation Appointed Committee to Formulate Plan to Make Entire Province Dry.

A movement having for its object the establishment of prohibition all over the province, was inaugurated last evening at a meeting of the St. John branch of the New Brunswick Temperance Federation, when a strong committee was appointed to map out plans for forcing a general prohibitive measure through the proper channels and devise means of uniting the forces of temperance in all the counties of the province. This committee was instructed to get to work at once and bring in a report at the next meeting of the St. John branch which will be held on the 17th inst.

Every district in the city was represented at the meeting, and the present hearty and enthusiastically endorsed the proposed programme. It was generally felt that the meeting opened a new epoch in the history of the movement for prohibition in this province, and the spirit in which the gathering took up with the proposal to unite the temperance forces in a general assault upon the liquor traffic showed that no effort would be spared to carry it forward to a successful conclusion.

At the meeting the local option campaign in the Parish of Lancaster was discussed, and the officers reported that the speakers of the federation were taking an active part in the contest and would continue to do so till the ballots were cast.

C. Fraser MacTavish presided at the meeting and vigorous speeches in support of the movement were made by a number of the officers.

AROUND THE WORLD FAIR IN FULL SWING

City Cornet Band Fair Opened Last Night, by Mayor Frink, Under Most Favorable Auspices.

In the presence of a large crowd and under most auspicious conditions the "Around the World Fair" being conducted by the City Cornet Band, was formally opened last evening in St. Andrew's rink by Mayor Frink.

The opening night was a success, and all the attractions were in full swing during the evening. In declaring the fair open His Worship referred to the pleasure it afforded him to be present, and to the excellent work the band had done during its long career. He said that the success that has characterized the efforts of the band in past years might be taken as a criterion of their success in their present venture.

The rink presented an attractive appearance, the decorations being on an elaborate scale, the many lights of varied hues adding brilliancy to the scene.

The booths of which there are many form a feature of the fair, and the many favorable comments heard during the evening compensate for the time and labor expended in designing and decorating.

To the right on entering the rink is the handsome booth of Geo. E. Barbour & Co. in which demonstrations in the brewing of "King Cole" tea are given. Adjacent to this attractive stand is the Murray & Gray booth with its displays of stained glass for all purposes, and in the centre of the booth a miniature cottage, complete in every detail, and a most perfect piece of workmanship.

The exhibit of Humphrey's solid shoe wear follows, and then comes the art gallery, giving the biography of the band in photography.

Nearby, the ice cream booth claims the visitor's attention, being soval and picturesque. The booth has been arranged to represent a grove, and has an inviting appearance, despite the fact that the season of "ice" is fast waning.

The fancy table, the complexion and other booths gaily trimmed and brightly illuminated came in for their share of praise.

Painless Dentistry
Teeth filled or extracted free of pain by the celebrated "HAILE METHOD."
All branches of dental work done in the most skillful manner.
