

obtained from one of the most eminent Chancery Lawyers in this country, the Hon. E. Blake, now Minister of Justice in the Dominion Government, and upon this advice our action has been based.

In closing this communication, without particularizing all the important measures that have been passed by this Conference, we would invoke the Divine blessing upon you. May it abundantly rest upon you; may His presence be so

felt by you, that you may be more than ever successful in all your efforts

"In the wilderness  
Of human waste, to sow eternal life;  
And from the rock where sin with  
horid yell,  
Devooured its victims unredeemed  
to raise  
The melody of grateful hearts to  
heaven."
