COLLEGE DE MONNOIR.

Since its foundation to this day, the College de Monnoir seemed to have met with the approbation of all those who sent their children for education.

The classification in the order of studies followed in this Institution is intended to suit the numerous class of young men who do not intend to perform a complete course of studies.

The general plan of studies includes two different courses, one of which succeeds the other, and together they form the regular and complete course of high studies (classics) which is of 8 years, besides the preparatory course.

The 1st. Course, which is of 3 years, is devoted to Commerce, Agriculture, Arts and Mechanics. We teach especially the French and English languages, Penmanship, Arithmetic, Book-Keeping, Agriculture, Epistolary, Composition, Elocution, Geography, History, etc., Instruction is given both in English and French.

There is also special classes of Typography, Telegraphy and Phonography, and a theoretical
