

STANDARD of TRADE carried on by the *Hudson's Bay Company* at *Albany Fort*, *Moose River*, and the *East Main*, as it stood in the Year 1733, Beaver Skins being the STANDARD.

Note. *That the Standard at York Fort and Churchill is much higher, the French being not so near those Places, and therefore can't interfere with the Company's Trade so much as they do at Albany and Moose River, where they undersell the Company, and by that Means carry off the most valuable Furs.*
