

lowed, shall be as follows, that is to say :—on the line between townships two and three, on that between six and seven, on that between ten and eleven, and so on. In other words, they will be those lines running east and west between townships and midway between the bases.

10. Each section shall be divided into quarter sections of Divisions of a section. one hundred and sixty acres, more or less, subject to the provisions hereinafter made.

11. In the survey of a township, the deficiency or surplus, Allowances for deficiency or surplus. resulting from convergence of meridians shall be allowed in the range of quarter sections adjoining the west boundary of the township, and the north and south error in closing on the correction lines from the north or south shall be allowed in the ranges of quarter sections adjoining, and north or south respectively of the said correction lines : Proviso. Provided, that such deficiency or surplus, and such north and south error, or either of them, may, by the Governor in Council, be ordered to be equally distributed among all the quarter sections involved.

12. The dimensions and area of irregular quarter sections Irregular quarter sections. shall, in all cases, be returned by the surveyor at their actual measurements and contents:

13. Preliminary to the subdivision into townships and sections of any given portion of country proposed to be laid out for settlement, the same shall be laid out into blocks of four townships each, by projecting the base and correction lines, and east and west meridian boundaries of each block ; Blocks of four townships to be first laid out.

2. On these lines, at the time of the survey, all township' Corners to be marked. section and quarter-section corners shall be marked, which corners shall govern, respectively, in the subsequent subdivision of the block.

14. Except as hereinafter provided, only a single row of Posts and monuments at corners. posts or monuments, to indicate the corners of townships or sections, shall be placed on any survey line thereof. These posts or monuments shall, on north and south lines, be placed in the west limit of the road allowances and on the east and west lines, in the south limit of road allowances, and in all cases shall fix and govern the position of the boundary corner between the adjoining townships, sections, or quarter sections, on the opposite side of the road allowance ;

2. Provided, that in the case of township, section and Proviso : as to corners on correction lines. quarter section corners on correction lines, posts or monuments shall in all cases be planted and marked independently for the townships on either side ; those for the town-
