July 4th, 1924.

Dr. Amyot,
Public Health Department,
Ottawa, Ont.

Dear Dr. Amyot:

In Sydney there is an Indian Reservation which for some years has been very unsanitary. The matter has been brought to the attention of the Department under which Indian Affairs come, but nothing very much as been done to change this condition of affairs.

I am, therefore, bringing it to your notice hoping that perhaps, you will be good enough to take the matter up directly with the Department controlling Indian Affairs and have this condition remedied, as soon as possible. The procedure may be a little irregular, but coming through you, it will be more effective than if, we wrote direct to the Department concerned.

Yours truly,

(sgd) John K. McLeod.

City Medical Officer.

Indian Affairs. (RG 10, Volume 7761, File 27061-1A)
