400 TROOPS AT THE SOO.

TORONTO MEN STARTED FOR
HOME BUT WERE RECALLED.

More Workmen Arrive—Three Hundred Came in Last Night—Free Meals Cut Off and Men Must Accept Work.

Sault Ste. Marie, Ont., Sept. 30.—The immediate fear of more rioting being practically at an end, unless unexpected developments occur, the people of Sault Ste. Marie are once more wondering who will eventually secure control of the great works at the Sault. The report was received here to-night that the Speyer loan had been underwritten by Philadelphia banking institutions, but where new and conflicting stories are flung about almost every day there is little disposition to believe anything. The unsecured creditors, however, do not see how the mere taking over of the Speyer loan would favorably affect them. Liens continue to be registered against the property, although the courts do little good to the creditors, for everything appears to be covered by the blanket mortgage given to Speyer. It was stated that the veneer mill was not included in the list of the properties under the mortgage schedule, but this turns out to be incorrect, one authority stating that there are two mortgages on the mill. The total liens on the properties on the Canadian side now amount to about \$900,000, and on the American side to some \$300,000, and the Sheriff is serving writs every day.

With the arrival of the second contingent of troops from Toronto this morning, the guards at the various places where the soldiers have been stationed were strengthened and a more thorough patrol of the streets made. Every point of approach to the works of the Soo Company and dangerous places were carefully guarded, also all public buildings. Over 400 militia, regulars and volunteers are now safeguarding property here. The special train with the volunteers which left Toronto at noon yesterday arrived at 9 o'clock this morning. There were 287 officers and men, under command of Major Merritt, 109 from the Queen's Own, 71 from the Grenadiers, 83 from the 48th Highlanders, and 24 from the Army Medical Corps. The troops were paraded through the main streets and at different points were greeted with cheers by the population. Everything then was so quiet in the town that both Colonel Buchan and Mayor Plummer thought that the presence of so many troops were not required, and it was arranged that the Toronto volunteers should return home this afternoon. They were actually being marched to the train when an order came countermanding the instructions to return. The Mayor, Mayor Plummer explained, at the express wish of Mr. Coyne, manager at the Soo works, and Mr. Body, superintendent of the Ste. Marie River Canal. Both the gentlemen believed that the property was in danger, and they desired that troops might be allowed to remain a couple of days longer, till matters quieted down. Mr. Coyne made his request in writing to Mayor Plummer, and the latter agreed to permit the troops to remain. When the bill comes in for the troops there is going to be an argument as to who is responsible. It is costing at least \$800 a day to keep so many soldiers here, and Mayor Plummer disclaims responsibility for requesting such a number of troops. He said to your correspondent that he had originally asked for fifty men, but had increased this number to one hundred on the urgent appeal of Mr. Coyne and Mr. Body.

Although 300 more workmen came in from the lumber camps to-night, the town is quiet under the guardianship of the troops. It is probable that the Toronto volunteers will return to-morrow, but the regulars will be left here for several days yet. This morning the Algoma Central sent out a special train to bring in some of the men. The train, which went as far as Ogdah, 63 miles up the line, returned at 8 o'clock to-night. There was a guard of soldiers on board, and no trouble occurred. The train had to proceed very slowly, though, in order that all the bridges and trestles might be examined, as it was feared they had been tampered with. A mile below Island Lake the train struck a hand-car, on which were six French-Canadians who were making their way in from camp. None of them were seriously injured. As the city was not feeding any more men, the Soo Company looked after these. At Tagona Station, about four miles out, agents of the Soo Company boarded the train and distributed three meal tickets to each man. This will keep them over dinner-time to-morrow, and after that they are expected to secure work and get out of town. Most of those who came in to-night were French-Canadians, and they were unacquainted with the situation here. A number of the regulars was drawn up at the company's station upon the arrival of the train, but the men shouldered their baggage and quietly left the grounds. There are still some two hundred and fifty men to come from the lumber camps, and the company will try and bring them in to-morrow. The steamer Minnie M. is due to arrive early in the morning with miners from the Helen mine and at Michipicoten.

At the street car station, out near the works, this afternoon, a group of the men stood around a notice posted by Mackenzie & Mann, asking for 500 men to go on the Canadian Northern near Winnipeg, and offering for station men 10c to 20c, bridge carpenters 30c an hour, laborers \$1.75 a day with board at \$4 a week, and free transportation. No one in that group, however, seemed disposed to accept the offer. To-morrow may tell a different tale.

Street car traffic was resumed this morning, the first car going out guarded by cavalry. No attempt was made to stop it, and the service was continued regularly all day.

Allred Greiner and J. Beaulé, the two men who were shot in Monday's riots, are rapidly recovering. They will stand their trial for inciting to riot with the men who are now in jail, these

being Andrew Dean, Edward Jaisson, E. Laverne, Frank Selaive, Petite Larozo, Fred Winer, Charles Robinson, Charles Marshall and Alex. Brunton.

THE C. E. CONVENTION.

A Day of Fine Addresses and Helpful
Rallies.

Stratford, Oct. 1.—Yesterday's session of the Christian Endeavor convention was opened by a Bible study, conducted by Rev. Dr. Elmore Harris. A devotional service followed, conducted by Rev. E. W. Panton of Stratford. President Lyon of Ottawa told of the growth of the movement and of its past history, gleaming therefrom much cause for encouragement in the future. The Secretary, Mr. A. T. Cooper of Clinton, read his annual report, in which he said they could not report a large increase of societies or members, yet the testing period had made the young people more energetic and more successful. There are now 2,150 societies and 1,800 young people's societies. Mr. Cooper suggested the appointment of a man in the field to devote his entire time to Christian Endeavor work, a suggestion which met with general approval. Some societies had passed out of existence during the year, and new ones had been formed. One Secretary, in explaining about his society, said that the low spiritual life of the young people was certainly the secret of the loss of interest, never before in his village had young people lived such worldly lives. Miss Whitworth, junior superintendent, presented an enthusiastic report of the junior societies. The Treasurer, Mr. T. E. Clendenning of Ottawa, reported receipts of \$513.04 and expenditure of \$308.49.

The evening rallies were held in the Presbyterian, Methodist, Baptist, Evangelical and Congregational churches of Stratford. At Knox Church Rev. R. J. M. Glassford of Guelph gave an address upon "The Divine purpose accomplished by sinners." Rev. Alex. Eaker spoke upon "The fellowship of the denominations, and how it will hasten the coming of the Kingdom," a subject which was also spoken to in the Methodist rally at Waterloo Street by Rev. J. E. Starr, Toronto. Rev. G. S. Clendenning, Elgin, also spoke at the Methodist rally upon "The relation of present-day sports to religious life." At the Baptist rally Rev. Dr. E. H. Harris spoke upon "Stephen the Protomartyr of the Church." In the Evangelical church Rev. W. O. Hehn, Chesley, spoke upon "The essentials of success in young people's societies work," and Rev. G. D. Damm of Crediton upon "The fellowship of the denominations and how it will hasten the coming of the Kingdom." Rev. M. Moyer gave an address entitled "For Christ and the Church." At the Congregational rally the speakers were Col. A. G. Seyfert of Stratford and Rev. Dr. Clark. The Nominating Committee met in the afternoon and will make their report to-day.

PURITY. LAGER BEER

"The Beer That is Brewed in Glass"

We use only the best grade of barley, which is malted under our direct supervision, and the choicest Pacific, Bavarian and Kent Hops, and will gladly contribute \$1,000 to charity if any one can show that any Brewer in Canada uses better brewing material.

In brewing, after the beer has been boiled in the kettle, it is pumped in to a surface cooler (an enormous pan) and then allowed to run slowly over pipes, through which cold water and cold brine is circulating, and at the same time exposed to strong drafts of pure air, to bring the beer down to proper temperature. During this process the beer will absorb bad odors or impurities in the air, and a brewery located in a neighborhood where there are impurities in the air is certain to produce beer that is more or less charged with impurities. Our plant is located in a section free from dirt, dust and "bad smells," and the coolers are 80 ft. from the ground.

We employ only competent men whose wages run from 25 per cent. to 40 per cent. above that paid by most of our competitors.

All of our apparatus is strictly first-class and up-to-date. POOR BREWING MATERIAL, ANTIQUATED APPLIANCES AND CHEAP LABOR MEANS FILTH AND BEER THAT IS UNHEALTHFUL.

When you pay the standard price of five cents for a glass of beer you have a right to receive, and should demand the best, and if you do not have it furnished you should refuse to accept it.
