The distinguished success which has attended the establishment of the Church of England Assurance Institution in the United Kingdom, India, &c., has induced the Directors to open a Branch Office of the Company in Canada, with a view of extending the peculiar advantages of this Institution to the inhabitants of that Colony. They feel satisfied that such advantages will be duly appreciated by the public, and that the same distinguished success will attend the Company's establishment in Canada, and the same powerful support be given to it by the Clergy and Laity residing in the Colony, as have already marked its progress in India and in Europe.

The Canadian Committee are authorized to accept proposals on approved lives without the necessity of consulting the London Board.

Books of rates, forms of proposal, and all other information can be had on application, either personally or by letter, to
