January 19, 1911.

aggregate results. It we are to beaggregate results. It we are to be-lieve statements made in this con-section, a very large proportion of the milk is produced without profit. If that is sc, the big total means very little. Let us look carefully after the items, and the totals will care for themselves.

The Dairy Exhibit at Stratford

As usual the exhibits of cheese and As usual the exhibits of cheese and butter at Stratford last week, in con-nection with the annual exhibition of the Western Ontario Darrymen's

of the Western Ontario Dairymen's Association, proved one of the most interesting isatures, from an edu-cational standpoint, of the conven-tion. The exhibits of both cheese and butter were about the same in number as a year ago, they were staged in a separate building. The room in which they were shown was tuatfully decorated. tastefully decorated.

tastefully decorated. The quality of the exhibits, in-cluding both cheese and butter, was ahead of other years in every res-pect especially as regards the finish. The makers each year have an op-portunity to examine the goods of the other exhibitors and thereby to min surgesting for impropendent gain suggestions for improvement in

The exhibits were purchased by Dairy Commissioner J. A. Ruddick, who will exhibit them next year at ading exhibitions in Great Britain The sweepstakes cheese was bought from him by W. J. McCully, to be sent to Winnipeg. The Stiltons
