

# BASIC SLAG

**RENOVATES OLD  
WORN OUT PASTURES  
WITHOUT RE-SEEDING**

**T**HERE are thousands of farmers in Ontario whose pastures have been worn out by the continued grazing of dairy stock. Such lands have been drained of fertility and now grow only poor, worthless vegetation. Clover has entirely disappeared. This need not continue. A dressing of Basic Slag applied broadcast at the rate of 1,000 lbs. per acre will bring such pastures back into good heart and double or treble their capacity for stock carrying. The effect of such an application should be apparent for four or five years.

Basic Slag is being used in thousands of tons in the Maritime Provinces and Quebec, and the consumption in Europe amounts to over two million tons per annum. It is therefore no untried fertilizer. Every farmer from the Old Country knows about Basic Slag, but for your own satisfaction ask the Dept. of Agriculture Instructor for your district, the editor of any farming journal as to its merits. Basic Slag is the ideal fertilizer to apply to stiff clay lands, to wet marshy fields and to all soils which have become sour. If you have any such pasture buy one ton of Basic Slag and broadcast same over two acres, applying it at the earliest opportunity—the sooner the better.

Until our selling arrangements in Ontario are completed, you can be supplied direct from the factory at \$30.00 per ton, freight prepaid to your nearest station—cash with order.

Make this experiment and you will feel grateful to us for bringing the merits of Basic Slag under your notice. An interesting pamphlet, giving particulars of the results obtained by leading agriculturists from the use of Basic Slag will be forwarded by post on application to

**ENTER THIS CONTEST**  
**\$500 IN GOLD CASH PRIZES**

CUT OUT THIS COUPON

**Why not be a WINNER in this Contest?**

We are giving away \$500 in Gold Cash Prizes to users of the Grimm "Champion" Evaporator.

Full particulars will be mailed on receipt of above coupon.

The competition will take place during the last two weeks of April, and the samples of syrup and sugar received will be placed on exhibit in the show windows of the "Montreal Star." Every purchaser and user of the Grimm "Champion" Evaporator may take part in this contest. Now is the time to properly equip yourself to make high grade syrup and sugar—high priced and therefore profitable. Do it now before the sap runs. State the number of trees you will tap and we will give you a price on a suitably sized outfit.

Address all enquiries to:

MONTREAL  
(Don't Forget Coupon)

## The Farmer's Plaster

Every Farmer should be familiar with

**PULPSTONE**  
**Wood - Fibre**  
**Wall Plaster**

**I**T is the strongest, warmest, and most durable of all plastering materials. It is made from Gypsum Cement and wood fibre.

PULPSTONE is ready for use as soon as mixed with water—nothing to add—simply mix and apply—ONE COAT ONLY—and it is the only Wall Plaster you can use yourself.

It sets in about three hours and is finished! You have a wall ten times as strong as lime mortar, and twice as warm.

Pulpstone can be used outside by adding 10% portland cement. It is suitable for the exterior or interior of

**Homes, Poultry Houses, Silos**  
**Barns, Outhouses, etc.**

*A postal will bring full information if addressed to*

PARIS, ONTARIO

## Eastlake Metallic Shingles

**The Originators of Steel Shingles in Canada.**

The Metallic Roofing Co., of Toronto and Winnipeg, are the originators of the steel shingle business in Canada, and were manufacturing years before any other manufacturers commenced making them.

We did not start manufacturing until we had spent thousands of dollars in experimenting, and produced what we thought to be, and has proved to be, a perfect shingle.

This shingle was named 'EASTLAKE' and was put on the market over a quarter of a century ago.

'EASTLAKE' Metallic Shingles were laid on roofs over a quarter of a century ago, and are on those same roofs to-day as good as new, with practically no cost for repairs.

The "EASTLAKE" SHINGLE of then, is the "EASTLAKE" SHINGLE of to-day, and will serve you as well as it has served these customers for over twenty-five years.

We can honestly claim by actual proof and test of service that no other shingles have been introduced that will equal "EASTLAKE."

Let us know your roofing problem and we will help you find a solution. It will cost you nothing and it will be a pleasure to us.

Investigation is worth while. It pays to know.

*Write for our free booklet to-day.*
