10 Colony Beulah De Kol Kordyke, 26214, 2y. 6m. 1d.; 231.1 lbs. milk, 9.30 lbs. fat, 11.62 lbs. butter.—**Colony Farm, Essondale, B.C.**

11 Princess Netherland of Burlington, 26219, 2y. 2m. 2d.; 316.6 lbs. milk, 2.71 lbs. fat, 11.14 lbs. butter.—**A. E. Smith & Son, Record made at least Eight Month after Calving.**

Junior Two Year Old Class.

1 Cloverleaf Kordyke Susie, 15936, 3y. 10m. 2d.; 409.6 lbs. milk, 12.94 lbs. fat, 15.12 lbs. butter.—**A. E. Smith & Son.**

The outstanding feature of this month's report is the great record of May Beulah Sylvia in mature cows, standing fourth in the world for one day, third for seven days, second for thirty days, and first for sixty days. For milk and butter combined she has no equal for seven, thirty or sixty days.—**W. A. Clemons, Secretary.**

WAITING TO BE WON BY READERS OF FARM AND DAIRY

Become a Breeder of Pure Bred Live Stock

The Live Stock breeder has the most interesting work in the world. His work takes all the drudgery out of farming and makes it a pleasure. It combines the profits of a successful business with the pleasure which every red-blooded man finds in keen competition. Every breeder is an enthusiast. He loves his work. In the competition and triumphs of the show ring he finds his highest satisfaction.

Do you want to become a breeder of pure bred live stock? It will add zest to all your farming operations. The best farmers always keep pure bred live stock. If you want to become one of the leading farmers in your district you must get into pure bred live stock breeding. You will find it intensely interesting and profitable as well. To become familiar with the good points of your breed in general and of your own animals in particular, to watch and care for them as they develop, to fit them for exhibition and finally lead them to victory in the show ring, work like this is what makes farming the greatest and most enjoyable of all occupations.

We will help you get a start with the right kind of stock.

At the present time we have several Holstein bull calves that are just the kind to start out with. They are big, strong, type fellows of good breeding and from high producing cows. We are securing them from well known breeders, who guarantee their breeding and furnish pedigree papers with each one. Scores of readers of Farm and Dairy have secured pure bred Holstein calves from us. In a year or so they become a source of constant revenue. By following our plan they can be secured for very little cash outlay. Read the particulars of the offer which we make you.

GET INTO THE COMPETITION OF THE SHOW RING

Secure a Holstein bull calf from us by getting twenty-five new subscribers to Farm and Dairy at one dollar each. Write to-day for full information, literature and supplies. While at Toronto Exhibition call around and see us. We shall be glad to talk the matter over with you.
