13 In writing to advertisers please mention the Farmer's Advocate.

the Farmer's Advocate. W. G. Pettit, of Freeman, Ont., makes change of advertisement in this issue. Having rented one of his farms for a term of years, he is offering to sell choice stock at very much re-duced prices. Mr. Pettit reports fairly good sales for the dull times, and thinks the outlook for next season is quite encouraging.

tor next season is quite encouraging. Mr. Cowan, V. S., Galt: - "Both Shorthorns and Yorkshires are doing well, and though the demand for Yorks. is not as brisk, nor prices quite so high as I might like, I have no difficulty in selling all I raise at fairly remun-erative prices, and consequently have a rather smaller stock on hand than usual, but will have more litters coming shortly." Messrs R. Bivers & Son report Shorthorns

Count Vasil, who has never been beaten, also a very hand-some sow six months old. Mr. Bowman is highly pleased with his purchase. They still have some nice ones for sale. ment in another column. A. Frank & Sons, The Grange :--"There has been more enquiry this season than for several years, but, unfortunately, we had very little to sell. We only had six pigs farrowed up till the 19th of September. The following were recen' sales: A pair of pigs or sow and boar to Mr. George Stewart, St. Catharines ; a pair of sows to James Mitchel, Powel's Corner ; one boar pig to John M. Ritchie, Allan's Mills P.O., County of Lanark. We have given special attention to the breeding of choice Improved Suffolk swine of the popular sort, and easy feeders. We have some specially good offerings now."

Oakland, Ont.; one to wm. spavel, hashed ville, Ont.; John Lewis, Hartford, Ont." Mr. Arthur Johnston, of Greenwood, Ont., writes to this office:---'We now have all kinds of stock permanently placed in their stalls for winter, and they are already improving with their winter rations of excellent hay and plenty of turnips, together with a very little meal for the younger things. The young bulls are going forward as well as we have ever had them do. They are not only growing and put-ting on some flesh, but they are putting it on evenly and well. We now have seventeen of them of various ages and colors, from deep red to pure yellow-white, and a finer lot we have never stabled. The heifers are equally good, though scarcely in such fine form ; they are, however, now doing exceedingly well. They are a smooth, even lot, and some of them look like making winners anywhere by September next. Indian Chief is as healthy, hearty, active and sure in his ninth year as he has ever been. He is carrying his flesh as firmly and as evenly as he did when three years old. The enquiry for young bulls has never been better, though sales are slower, because people are harder to sell to. We must take their prices, I suppose, even if we lose money." suppose, even if we lose money.

harder to sell to. We must take then prices, a suppose, even if we lose money." Peter Lamarsh & Bro., Wheatley, Ont.:-"The Duroc-Jerseys continue to increase in popularity. I have received more enquiries for stock than ever before. Wherever intro-duced farmers find that they have unsurpassed qualities. Their quiet and contented dispo-sition, hardy constitution and excellent quality of pork make them prime favorites. The Durocs are more in demand here than ever before. I have had only one ruptured pig among the hundreds raised, and that one due to a severe accident. I have shipped and sold to following parties lately: H M. Stauffer, Plattsville, a sow; J. E. Shibly, Harrowsmith, Ont., a boar; G. Roberts, Hepworth, Ont., a pair; Sylvester Brush, Malden, a pair; J. F. McTavish, Kilimartin, Ont., a pair; N. Far-rough, Maidstone, Ont., the fourth purchase for Mr. Farrough; Robert Roe, Newry, Ont., a boar; Oliver Hilman, Hilman, Ont., a sow, bred; Seth Harling, Mersea, a sow, bred; a pair to Mr. Bogie, Uverton, Que. I receive many letters from my advertisement in the ADVOCATE."
