

**SYNOPSIS OF CANADIAN NORTH-WEST
HOMESTEAD REGULATIONS.**

ANY even numbered section of Dominion Lands in Manitoba or the North-west Provinces, excepting 8 and 26, not reserved, may be homesteaded by any person who is the sole head of a family, or any male over 18 years of age, to the extent of one-quarter section of 160 acres, more or less.

Entry may be made personally at the local land office for the district in which the land is situated, or if the homesteader desires, he may, on application to the Minister of the Interior, Ottawa; the Commissioner of Immigration, Winnipeg; or the local agent, receive authority for someone to make entry for him.

The homesteader is required to perform the conditions connected therewith under one of the following plans:

(1) At least six months' residence upon and cultivation of the land in each year for three years.

(2) If the father (or mother, if the father is deceased) of the homesteader resides upon a farm in the vicinity of the land entered for the requirements as to residence may be satisfied by such person residing with the father or mother.

(3) If the settler has his permanent residence upon farming land, owned by him in the vicinity of his homestead, the requirements as to residence may be satisfied by residence upon the said land.

Six months' notice in writing should be given to the Commissioner of Dominion Lands at Ottawa of intention to apply for patent.

W. W. COOK,

Deputy of the Minister of the Interior.

Thos. Southworth
Director of Colonization, Toronto.

Standard Scales

For railroad, hay, live stock, dairy, coal and platform. For prices and particulars write or call on

GEO. H. FOX,
York St., London, Ont.

Ask your nearest hardware man or dealer for them.

ADVERTISE IN THE ADVOCATE.

THE ONLY MANURE SPREADER

operated with a single lever, and the only one having a Vibrating Rake. The single lever avoids complications in construction, is easy to work, strong, acts quickly and surely and is entirely efficient. No danger of liability to breakage by pulling the wrong lever. The Vibrating Rake is so constructed and so placed that it thoroughly evens up the load on its way to the cylinder. This insures perfectly even distribution and spreading and obviates the necessity of extra care in loading. Coarse and lumpy manure cannot always be loaded so as to produce a level load. The Vibrating Rake will make every load, of every kind of manure, perfectly even. In all other respects the I. H. C. Spreader is built as well as best material and superior workmanship can make it. Solid steel axles front and rear; steel wheels with broad faced tires, flanged to keep out dirt, mud, etc; traction lugs on rear wheels; power applied from both rear wheels; front wheels cut under—turns very short; steel track for apron. While exceedingly strong and capable of great strain the I. H. C. Spreader is of unusually light draft.

The I. H. C. Spreader spreads all kinds of manure rapidly, evenly and perfectly. It matters little if manure be strawy, chaffy, packed, caked, wet, dry or frozen, this machine will tear it apart and distribute it upon the land evenly. It will handle fine, composted manure for top dressing in the most perfect manner, and even the presence of corn stalks in the manure does not prevent the excellent quality of its work. It is the greatest labor saver of the age. Made in three sizes, 30, 45 and 75 bushels. Our nearest agent will supply you, with printed matter, prices, etc. See him before buying, or write nearest branch home.

This Vibrating Rake Insures Even Distribution.

This Single Lever Controls Every Operation

\$15 — **\$18** — **\$25**
Manufacturer — Wholesaler — Retailer

Why we can make a SUIT or OVERCOAT to your individual measure for . . . **\$15.**

that you can't buy, ready-made, for \$5. more.

When you buy ready-made clothes, you pay the wholesalers', jobbers' and retailers' profits. A suit that costs \$15. to make, grows into an \$25. suit by the time the retailer has put his price tag upon it.

We buy all our Tweeds, Woolens, etc., direct from the mills. Every garment is made in our own workrooms, by expert tailors. We buy in enormous quantities—get the lowest prices—and share all these savings with you.

We send a fine assortment of sample patterns—a book showing latest styles—a tape line—and measurement blanks—FREE OF CHARGE.

We ship the garments C. O. D. express prepaid and leave it to you to say whether or not you will take them, after trying them on.

Send for samples of our new fall and winter suitings and overcoatings—made to measure for \$15., \$20. and \$25. Write us to-day.

If you could only see the Easy Running
EMPIRE
Cream Separator

and note how few parts it has, how perfectly simple it is, how easily it turns, how perfectly it skims, how easily it is kept clean, how strong and durable it is, you would at once decide that it is the separator for you. No separator ever made such rapid strides in popularity as has the Empire. The reason is because it satisfies every purchaser. Everyone who has it speaks a good word for it. We ask the privilege of showing it to you, and letting you prove for yourself what it will do. Don't buy a separator until you investigate the Empire.

Free For Asking.

Write your name and address on a postal card and send for our Catalogue No. 11.

Bell's Double Geared Tread Powers.
For 1, 2 and 3 horses.

Every shaft is of steel and the bearings are lathe turned journals. The two large main shafts are fitted with Roller Bearings. The traveller shafts are steel, with lathe turned ends, and run clear through from side to side, thus supporting the Tread floor like a wagon axle.

These are just a few of the many points that make Bell's Tread Powers the best.
