This is to certify, that I have been afflicted with the Ecysipelas, or the Sait filtheum, as the Docurs call it, for ten years. My hands were frequently so diseased, that I could make no use of them. I employed several physicians, but to no purpose as my suffering only increased. I applied Mrs. Igerraux's Medicing for a short time are was soon cured of every vestige of the disease. The first was soon cured of every vestige of the disease. The first fidness which I felt, on the long and paraful disease is a removed, was much more than toigue ean express. After three years from the time when I used the Medicine, was threatened with a relapse of return of the disease. I applied the Medicine prof the disease disappeared. From that time to the present, I am perfectly free from all symptoms of Erystpelas or Fair Rheum, I therefore heartly recommend it to all who are similarly afflicted, as a speedy and effectual remedy.

THIS Institution has been opened and in successful one I ration upwards of eight years. The manner in which it was founded and established, the principles ennatured at its opening as those upon which it should be conded, and the arrangements which were made for carrying out its designs in all us departments, in both school and family, were such as to secure for it, from its very commencement, a very high place in the public estimation. And the Committee of Management and Board of Trustees, upon whom the direction of its affairs has devolved, have been a couraged and stimulated by its prospective to continued efforts to render it ever increasingly efficient. Every year in its history has been marked by important additions to its educational facilities, and by more or less extensive general improvements throughout the establishment. The attention of young men seesing an education, and of Parents and Guardians of Youth, is, therefore, confidently invited to it as an Institution, at least, equal in every respect, for the purposes for which it was founded, to any in British America. out its designs in all its departments, in both school and

HOLLOWAY'S OINTMENT.

CURE OF RECUMATISM AND RHEIMATIC GOOT. Extract of a Letter from Mr. Thomas Brunton, Landlord of the Waterloo Tavern, Coatham, Yorkshire, late of the Life Guards, dated September 28th, 1848

To Profesor restoragy,

Sty.—For a long time I was a martyr to Rheumatism and Rhenmatic Gout, and for ten weeks previous to asing your medicines. I was so had as not to be able to walk. I had tried dectoring and medicines of every kind, but all to no avail, indeed I daily got worse, and left that I must shortly die. From seeing your remedies advertised in the rapper I take in, I thought I would give them a trial. I did so. I rubbed the Ontment in as directed, and kept eabbage leaves to the parts thickly spread with it, and took the I'lls night and morning. In three weeks I was enabled to walk about for an hour or two in the day with a sick, and in seven weeks I could go any where without one. I am now, by the blessing of God and your medicines, oulfe well, and have been attending to my business more than seven months, without any symptoms of the return of my old complaint.

Besides my case of Rhequantic Gout, I have lately had proof that your Fills and Untment will heal any old wound or alcer, as a married woman, living near me, had had a bad leg for four years, which no one could cure, and I gave her some of your Fills and Ontment, which soundly healed if when nothing else would do it. For your information I had the honour to serve my country for twenty-five years in the first regiment of Life Guards, and was eighteen years a corporal. I was two years in the Peninsular War, and was at the Battle of Waterloo. I was discharged with a pension on the 2nd September, 1883. The Commanding Officer at that time, was Colonel Lygon, who is now a General.—I belonged to the troop of Capitain the Honourable Henry Baring.

CURE OF A BAD LEG OF TWENTY-ONE TEARS' STANDING Extract of a Letter from Mr Andrew Bruck, Blacksmith, Exemouth, near Berwick, dated the 10th of August 1848

To Professor Holloway.

Sia,—With pleasure and gratitude I have to inform you that after suffering for 21 years with a had leg, which yielded to no kind of treatment, although I consulted, at different times, every medical man, of eminence in this part of the country, but all to no purpose. I was frequently unable to work; and the ain and agony I often endured no one can tell. My leg is now as sound as ever it was in my life by means of your I'llis and Ointment, which I purchased from Mr. I. Davidson, Druggist, Berwick-upon-Tweed, who knows my case well, and will, I am sure, be happy to certify with me, if necessary, as to the truth of this wonderful cure.

AMPUTATION OF TWO TOES PREVENTED. Extract of a Letter from Mr Officer Smith Jenkins, dated Fulkirk, August 13th, 1848.

To Professor Holloway, Sm. - I was superintending, about six months ago, the Sm.—I was superintending, about six months ago, the erection of one of our Railway Bridges, and by the full of a large stone my right foot was seriously bruised, which affinately got so had, that I was advised to go to Ealinburgh to consult some of the eminent Surgeons, which I did, and was told that in order to save my foot, two of my toes must be taken off. In deepair, I returned home to impart the melancholy news to my wife, intending to submit to the operation, it was then a thought struck me to try year valuable Charment and Pills, which I did, and was by their means in three weeks cambled to resume my usual occupation, and at this time my toes are perfectly cured. AN EXTRAORDINARY CURE OF A DESPERATE SKIN DISEASE An EXTRAORDINARY CURS OF A DESPERATE SKIN DISEASE
On the 21st July, 1848, the Editor of the "Moinsille"
Newspaper, published in Italia, inserted the following
Editorial article in his paper. "We know for a fact, that
Holloway's thils and Ointment act in a most wonderful
manner upon the constitution, as an eccentric Coolle,
called Eliza, employed in our betablishment, was affected
with myriads of Hingworms, which defied all the Meeral
Doctors, and promised to devour the poor man before he
was under ground; we tried 'Holloway' upon him, and
in a month he was perfectly restored to his former condition and cleanliness of skin. The effect was miraculous."
