and Strings, Autolharps, Accordions

## C. WENDT.

## THE GLOBE,

TORONTO, CANADA.  
The Leading Newspaper of the  
Dominion.

## THE DAILY...

Has over 12,000 MORE regular circulation  
EVERY DAY than it had in 1897, and nearly  
4,000 more than one year ago.  
IT GROWS BECAUSE IT PLEASES.  
IT HAS ALL THE NEWS  
EVERY DAY.

## The Saturday Illustrated...

With its 21 or 28 pages every Saturday, its  
illustrated supplement, its many special  
features—Short Stories and Sketchy Articles—  
besides having the current news of the day, has  
become a strong rival to the best monthly  
magazines.  
It is Canada's  
Greatest Newspaper.

## The WEEKLY GLOBE.

Has had several new features added, has all  
the news of the week in concise form, and keeps  
its readers in close touch with every part of  
the world, and more especially our own country.  
Subscription rates and full particulars can be  
had at the office of this paper, any newsdealer  
or postmaster, or send direct to  
THE GLOBE,  
Toronto, Canada.

## BULL FOR SERVICE.

Thoroughbred Durham Bull will  
stand stand for service at Lots 6 and 7,  
Con. 3, Carrick. Pedigree may be  
examined.  
VOGAN BROS.

## Walkerton

W. H. Huck of Mildmay was in town  
on Friday.  
Mr. J. B. Huether, the shoe man, has  
sold out his business to Mr. Ramsey of  
Gravenhurst. Mr. Ramsey will take  
possession on May 1st.  
That wonderful horse, Billy B. will be  
sold by public auction on Saturday at  
the market square, Walkerton.

The death of Donald McKay, aged 64  
years, took place at Walkerton on Sun-  
day, March 26th. The funeral left his  
late residence on Wednesday to the  
Walkerton cemetery. He had been ill  
for a number of years.

The G. T. R. will issue return tickets  
at single fare for the Easter holidays,  
good to go from March 30th to April  
3rd, inclusive, and to return on April  
4th.

The Government grant to the schools  
of the county of Bruce was divided  
among the townships as follows: Alber-  
marle \$169; Amabel \$408; Arran \$332;  
Brant \$475; Bruce \$348; Carrick \$372;  
Culross \$251; Easton \$196; Elderslie  
\$316; Greenock \$231; Huron \$230;  
Kincaidine \$378; Kinloss \$309; Lind-  
say and St. Edmunds \$88; Sauguen  
\$188; total for the county \$2631.

The Ontario Legislature will likely  
close this week. The business is being  
pushed through at a lively rate and the  
long speeches are mostly over. There  
has been several divisions of the House  
and ten has been the smallest majority  
the Government has had this session.  
The opposition has developed inability  
but not in numbers in this parliament  
and will have to wait for another appeal  
to the people before they take reins in  
hand.

At the trial of Bert Swinchart for the  
theft at Warrensburg, Mo., a confession  
was put in as evidence. On objection  
in developed that Sheriff Lear put the  
defendant, when prisoner in the country  
goal, in the solitary cell, placed a hand-  
cuff on his wrist swung him to the cage,  
where he remained for several hours.  
The prisoner denied his guilt until the  
torture became unbearable. Judge  
Jarrett refused to permit the evidence  
to be introduced, administered a scath-  
ing rebuke to the officers for their con-  
duct and directed the jury to acquit the  
defendant.

An interesting branch of the pack-  
ing business is the utilization of bones,  
blood and other things that used to be  
waste. To such an extent has the  
utilization of by-products been carried  
on in Chicago that now the only  
waste in a steer is the gastric juice, and  
what was formerly waste is now worth  
more than the meat. The horns go  
into knife handles or backs of combs.  
The white hoofs are sent abroad to re-  
turn as ivory, while the black hoofs  
become handles for knives and canes  
and are made into a dozen other things,  
the soft internal parts being resolved  
into jellies and candies. From the  
bones are produced piano keys, dice  
and boneblack. Glue, gelatine, neat-  
foot oil and an imitation of whale-  
bone are made from the sinews.  
The clarified blood is taken by the  
sugar refiners, while the remainder  
is made into buttons and fertilizers.  
The intestines serve as casings for  
sausage and the bladders as cases for  
snuff. The tail tuft is an insignificant  
part of the animal, but when steamed  
dried and washed it becomes curled  
hair sells readily. The financial return  
from a steer, as estimated by one as  
follows: From the meats, \$40; from the  
hides, hair, horns and hoofs, \$25; from  
the fats, blood, sinews and bones \$15;  
from all other waste, \$15 or \$55 received  
from the by-products.

## BORN.

WILSON—In Indianapolis, Ind., on  
Sunday, March 5th, to Mr. and Mrs.  
John Wilson, a daughter, Mrs.  
Wilson was formerly Miss A. Vellick  
of Mildmay.

## Canadian Order of Foresters.

The High Court meeting just held  
at the beautiful city of Brantford, was  
one of the most successful in the history  
of the Order. Never did the High Court  
assemble under more favorable circum-  
stances.  
Nearly 300 delegates were present  
representing Subordinate Courts of  
every Province in the Dominion.  
At the close of the year the Order had  
a membership of 30,789, and a surplus  
for the payment of death claims of  
\$701,173.75. The High Chief Ranges  
embodied in his report a large number  
of important rulings given by him dur-  
ing the year, all of which were adopted  
by the High Court.

During the year, 138 cheques amount-  
ing to \$143,937.06 were issued in pay-  
ment of 137 deaths, and 2212 cheques  
amounting to \$44,786.38 in payment of  
Sick and Funeral Benefit claims. There  
were also 612 orders amounting to \$38,  
072.32 issued on the General Fund.  
As shown by the High Treasurer,  
Bro. John Neeland's report the receipts  
on the various funds were: Insurance  
\$252,344.30, Sick and Funeral Benefit  
Branch \$43,759.88, General Fund \$3,  
196.25, or a total of \$335,300.43. The  
total expenditure in these funds amount-  
ed to \$225,703.96. The interest receiv-  
ed was again the largest in the Order's  
history, being for the year \$21,268.85.  
Bro. Dr. U. M. Stanley, one of the first  
promoters of the Society and Chairman  
of the Medical Board since the incep-  
tion of the Order, in his report shows  
that the death rate during the year was  
considerably lower than the average of  
previous years, and the second lowest  
in the Order's history being only 4.00  
per thousand of membership. The  
number of deaths during the year was  
137, being ten less than for 1897. Dur-  
ing the year there were received 7,101  
applications, of which 6,576 were con-  
sidered first class risks. From an  
insurance standpoint, the Order has  
had a healthy growth.

The report of the High Auditors was  
a most gratifying one. The year open-  
ed with a balance on hand in the in-  
surance fund of \$592,766.51. The  
receipts amounted to \$252,344.30, an  
increase as compared with 1897 of \$32,  
404.69. Owing to the low death rate  
there was a decrease in the amount paid  
out of \$8,415.47. The net result was to  
add to the surplus the sum of \$108,407-  
23, the largest addition in the Order's  
history, making a net surplus at the  
close of the year of \$701,173.75, which  
amount with the exception of \$73,751.00  
deposited on current account, is invest-  
ed as follows:—Dominion Government  
Stock \$100,000.00, Loan Co. Debentures  
\$270,000.00, Municipal Debentures  
\$142,422.67, and Bank Deposits \$125,  
600.00.

The total amount of Insurance carried  
by the Order at the close of the year  
was \$31,727,500.00 an increase for the  
year of \$3,451,000.00. There were 1-  
327 carrying \$500,00 insurance; 27,820  
carrying \$1,000; 60 carrying \$1,500 and  
1572 carrying \$2,000. The average  
amount at risk was \$1,030.48 against  
\$1040.91 a year ago.  
The proportion of surplus funds per  
member was \$22.77 and per \$1000 of  
Insurance \$22.09, being an increase of  
95 per cent and \$1.13 respectively.  
During the year 47 Courts were  
organized, with a membership of 1,033.  
There were initiated into the various  
Courts throughout the Order 4672, mak-  
ing the total initiations for the year 5-  
636, exceeding the previous year by  
628. The net increase in the member-  
ship was 3624. The average age of the  
members initiated during the year was  
28.9. About three fourths of the mem-  
bers initiated were between the age of  
18 and 35 years, and one-fourth between  
the ages of 35 and 45 years.

Infants and young children are pecu-  
liarly subject to this terrible disorder  
and if not promptly arrested it will  
eventually become chronic. Dr. Chase  
made a special study of eczema, and  
diseases of the skin, and we can confi-  
dently recommend Dr. Chase's Ointment  
to cure all forms of eczema. The  
first application soothes the irritation  
and puts the little sufferer to rest.

The virtues of Dr. Chase's remedies  
known the world over and like old  
fashioned remedies, they are never  
Dr. Chase's Ointment, kidney-  
Pills, Guarrah cure, Syrup of  
and Turpentine and Liver  
enjoy the confidence of everybody.  
They have won their way into the  
homes and high standing and purity  
made them the household word all  
the world. All dealers sell and  
recommend them.

Acetylene gas machine exploded  
at 10 o'clock last Wednesday at Zurich  
corner Bros' general store, com-  
pletely demolishing the building. The  
explosion was so great as to blow out the  
side and front, also wrecking a  
number of buildings on the opposite  
side of the street and shattering win-  
dows two blocks distant. The shock  
felt for three miles. Fire started,  
was soon extinguished. No one  
killed, although all the clerks were  
in the store and many people on the  
street at the time. How they all es-  
caped instant death is a miracle. The  
loss on stock is estimated at about  
\$1000.

We cannot too strongly nor too often  
emphasize the supreme importance of plant-  
ing seeds that are perfectly pure and  
of the best quality. Seeds that are offered at cheap  
prices are almost invariably of doubtful  
quality and uncertain age, sure to cause  
planter disappointment and loss.  
Thoughtful planter's only surety  
in buying seeds sent out by a con-  
fession and trustworthy house. A  
number of gardeners, have (and  
we had for years) the utmost confi-  
dence in seeds that bear the name D.  
Ferry & Co., Windsor, Ont. The  
present generation of planters; can  
hardly remember the time when Ferry's  
seeds were not on sale everywhere each  
year and as regularly planted by thou-  
sands,—with the greatest faith in the  
varying quality of the seeds and in  
the integrity of the firm that grew them.  
Every planter, whether already a buyer  
of Ferry's Seeds or not, should send for  
Ferry's Seed Annual for 1899. It is  
mailed free to any one who writes for

We have received from the Grand  
Trunk Railway System copies of their  
artists publications which have been  
used by the General Passenger Depart-  
ment for the season 1899 and which we  
understand are being circulated  
throughout the country with a view of  
making known the magnificent districts  
reached by this vast Railway System.  
The publications themselves are full of  
interest, the text giving graphic and  
concise descriptions of the regions in  
North Ontario, including Muskoka  
Lakes, the Lake of Bays, the Magneta-  
gan River, and the 30,000 Islands of  
the Georgian Bay. The pamphlets are  
profusely illustrated with half-tone re-  
productions of river, lake, and island  
scenery with here and there a deer  
hunting picture or some fishing scene  
that makes one long for summer and  
the holidays. Among the publications  
issued are "Muskoka Lake-Highlands  
of Ontario"; "Lake of Bays-Highlands  
of Ontario"; "Among the 30,000 Islands  
of the Georgian Bay"; and a special  
brochure entitled "Hay Fever" giving  
the cause of this annoying disease and  
how to avoid and cure it. The several  
pamphlets bristle with pointers for the  
tourist, camper, hunter, and angler and  
copies should be obtained before decid-  
ing on next summer's outing. A postal  
card to W. E. Davis, General Passenger  
and ticket agent, Montreal, or M. C.  
Dickson, D. P. A. Toronto, will secure  
one or more copies of this handsome  
and interesting Literature.

## Partnership dissolution

NOTICE is hereby given that the  
partnership heretofore subsisting be-  
tween Joseph Schnurr and Henry B.  
Miller as Masons, Bricklayers and  
Plasterers, at Mildmay, in the County  
of Bruce, under the style of Schnurr &  
Miller, has this day been dissolved by  
mutual consent.  
JOSEPH SCHNURR  
HENRY B. MILLES  
Witness,  
JAMES JOHNSTON.
