### Former Northport Resident Killed in Auto Accident

James D. Kennedy, aged 22, son of Mr. and Mrs. John Kennedy, 954 Mr. Peter Henshaw, Late of Peter Cortland avenue, Syracuse, formerly of Northport, was fatally injured when an automobile in which he and another young man, Donald Glavin, were riding crashed into a telephone pole on the Cicero road, one mile and a half north of North Syracuse.

From the Syracuse Post-Standard the following particulars are taken: Kennedy was rushed to the Hospital of the Good Shepherd, where he died at 11 o'clock without regaining consciousness. His parents were at his bedside when he passed away.

Glavin was taken home in an automobile. He suffered considerably from shock and was badly bruised.

The two young men were employed by Loggie Brothers, dealers in automobile tyres. They left the office. No. 824 South Clinton street, about 5.30 o'clock in the afternoon to deliver tires at Central Square. Kennedy was driving the machine. They passed several automobiles and at Bears Crossing approached a waggon going in the same direction. The driver of the wagon, according to witnesses. turned to the cross roads suddenly and Kennedy, in an effort to avoid striking the wagon, steered his machine to the side of the road.

The state of the road at this point is being repaired and the machine struck a deep rut. The sudden jar caused Kennedy to lose control of the machine. It ran into a ditch and then crashed into a pole belonging to the New York Telephone Company. The machine turned over in the field and both men were thrown clear of the wreckage. Kennedy landed only a few feet away, but Glavin was hurled about forty feet into the field. EARLY CLOSING OF Persons living in the vicinity were attracted by the crash which could be heard for some distance and they ran to the assistance of the men.

Glavin was able to get up, and the NEW REGULATION COMES INTO farmers directed all their attention to Kennedy. Dr. E. S. Sampson of North Syracuse was called, and he hurried to the scene. In the meantime Dr. Francis L. Scanlan arrived and he at once took charge of Kennedy. The physician saw the man was in a critical condition and ordered him removed to a hospital.

The teleghone pole was struck with such force that it was broken in three nieces The wires were thrown across the highway and traffic at this point was held up for nearly an hour. Several telephone connections were broken and repairs were not complete until 9 o'clock last evening.

Mr. Kennedy was educated in the grammar schools and later attended the Technical High School from which he was graduated. Upon the completion of his High School work die of the night he was dozing away. he entered the employ of the Chase announced, he being in a more or less form for the cause of the Empire was granted.
