

## WEDDING DISCLOSES PRETTY ROMANCE OF NEW BRUNSWICK GIRL

Miss Welling, Formerly of  
Shediac, Weds Fred-  
erick Hubbard  
Groom Prominent Socially  
in the States—Wedding  
Sumptuous Affair

Mr. Hubbard Was Patient  
in Hospital and Miss  
Welling Nursed Him

BOSTON, April 14.—An Easter week wedding which proved to be the sequel to an international romance was solemnized in St. John's Episcopal Church, Harvard Square, Cambridge, at noon today, when Frederick Tracy Hubbard, of Boston, and Miss Mary Bassett Welling, a former Shediac girl, were married by Rev. George Hodges, D.D., rector of the parish and dean of the Cambridge Theological School. The wedding was the outcome of a chance meeting two years ago in the Cambridge hospital, where the bride was a nurse and the bridegroom a patient.

Mr. Hubbard had been seriously ill and was taken to the hospital for an operation. Miss Welling, who at that time was studying for a professional nurse, was assigned by the matron to care for him. The patient was tenderly cared for and within a few weeks was able to leave the hospital, although, it is true, regretfully.

The sacrament of matrimony celebrated before the altar of St. John's Church today was the ultimate development of the romance.

The wedding was attended by practically the entire staff of the Cambridge hospital and by other Canadian friends, a happy couple from New York, Mrs. Hampshire, Boston, Cambridge, Shediac and other places.

The bride was given away by her brother-in-law, Frederick Hamilton, Glasgow, night manager of the New England Canadian branch of the Associated Press (formerly of Shediac).

She was dressed in tan silk, with a French hat trimmed in pink Killarney roses, and carried a bouquet of pink sweet peas.

Among the invited guests were: Mr. and Mrs. Lewis Cass LeDard, Jr., Mrs. and Mrs. Julian Austen Ripley and Dr. and Mrs. J. Lambert, all of New York; Mrs. Gardner Greene Hubbard, Mr. and Mrs. Peirce and Mr. and Mrs. Grosvenor, Washington; Prof. Alexander Graham Bell and Mrs. Bell, Baddeck, C.B.; Gen. McE, Hyde and Mrs. Hyde, Brookline; Mr. and Mrs. Winthrop Scudder, Brookline; Mr. and Mrs. Robert Rantoul, Mr. and Mrs. Henry Chatham, Miss Evelyn Ames, Mr. and Mrs. Oakes Ames, Miss Ruth Greenough, Miss Alice Spanwood, Miss Gertrude Fiske, Boston; Mr. and Mrs. Manning Emery, Mr. and Mrs. Charles Wentworth, Dr. Wm. Swan, Miss Nellie Parrill, Miss Gertrude Prudham, Miss Fannie Webster, Cambridge; Baron von Mootstein, Munich, Bavaria.

The following were the ushers: Paul Macarone Hubbard, Brookline; Silas Marsh, New York; Miss Fanny C. Bell and Miss Evelyn Batesman, Shediac, N. B.; Judge Benjamin Bartlett and Mrs. Bartlett, Derry, N. H.; Mr. and Mrs. John A. Mason, Newton; Miss Emma

## UNKNOWN MAN WAS KILLED BY I.C.R. TRAIN

Horribly Mangled Body Found  
by Trainmen

Only Clue to Identity is Note Book Bearing  
Name of Claird Howes—Not  
Known in St. John.

MONCTON, N. B., April 15.—The body of an unknown man was found this morning about 5:30 by the train crew of freight train No. 24, bound for Truro, between Palms Junction and Calhoun's station. The man had evidently been struck by the early morning express. The body was badly mangled and was in a horrible condition, the head being cut considerably, while other parts of the body showed he had been killed instantly. The left arm was partly cut off. The name of the man is unknown, although a notebook with the name "Charles Howes, St. Patrick Boys' School, City," was found in the pocket, and wherever such school should be information concerning the unfortunate man could be obtained. The body was taken to Calhoun's and an inquest tomorrow to the death will be held there tomorrow by Coroner Chapman, of Dorchester, who has already been notified.

Enquiry was made this morning at St. Patrick's Industrial School at Silver Falls, as well as at the St. Patrick's school on the West Side, concerning Charles Howes, who is spoken of in the above despatch. The man never entered the home, nor was he ever enrolled as a student at the west side school.

The Daily News of St. John's, N.B., contains a graphic story of the perils of a storming which occurred in the Bay of Fundy.

Walling, Boston; Miss Annie Hall, Miss Ethel Hall, Macken (formerly of Penobscot, N. B.); Mr. and Mrs. Geo. Warren Currier, Rosedale, Mrs. E. H. Gray, Boston; Mrs. Samuel Powell, Dallas, Tex.; Mr. and Mrs. Samuel Hubbard, Oakland, Calif.; Capt. Henry Baskie, Royal Field Artillery, Hyderabad, India; Miss Della Welling, Shediac, N. B.; Miss Omo Fass Welling, Penobscot, N. B.; Miss Cadman, Shediac, N. B.

The groom was supported by his brother, Gardner Greene Hubbard of New York.

The church was beautifully decorated with Easter lilies, ferns and other potted flowers.

At the conclusion of the ceremony the happy couple, following a luncheon, left on their automobile trip through the Berwick Hills in the western part of the state.

The bride was the recipient of many beautiful presents. Mr. and Mrs. Hubbard will reside at "Quiet Mead," a country estate in Stoughton, the gift of the parents of the groom.

Mr. Hubbard is the son of Charles Duane Hubbard, Boston street, a leading attorney of the Suffolk county bar. He is a cousin of Prof. Alex. Graham Bell of Washington, D.C., and Baddeck, C.B. He was a graduate from Harvard University in the class of 1898 and studied at the University of Munich. Mr. Hubbard is an expert in forestry and by profession is a landscape architect.

Miss Welling is the daughter of Mr. and Mrs. George W. Welling of Shediac, N. B. She was graduated from the Cambridge hospital in 1907, and until last month was head nurse of the operating room of that institution.

## ULTIMATE DESTINATION OF SEÑOR CASTRO IS UNKNOWN

GENERAL VIQUE OF FORT DE FRANCE  
COLON, April 14.—Ex-President Castro's wife and sister and the other members of the party arrived here today on the French steamer Guadeloupe. They did not disembark, and it is rumored that they will not be allowed to land for fear they take passage for Venezuela. The Guadeloupe will sail for Port Limon, Costa Rica, on Friday, where some of Castro's relatives recently landed. The ultimate destination of Senor Castro and party is not yet known, but it is thought likely that they will go to Port Limon if they do not decide upon returning to Europe.

## SEAMAN LOST IN BAY OF FUNDY

Washed Overboard from S. S.  
Regulus

A Graphic Story of the Perils of the  
Deep Sea—Reported at  
Newfoundland.

The S. S. Regulus, Captain Wakeham, arrived in port yesterday morning from Philadelphia. She left here on Monday, April 12, and fine weather was met with for the first few days out. On Sunday, 4th inst., the weather became very stormy. This only about 100 miles a day could be made. The steamer was constantly shipping big seas, and the steamer was foundering in the heavy tide running. On Sunday night a gloom was cast over all on board by the sad drowning of one of the crew named Joseph Murphy.

The watch was called, and at twelve o'clock Murphy came on deck, and walked along by the lee side, closely followed by a companion. The steamer was rolling heavily, and now and again a heavy sea would break over her. Murphy's companion saw a big comber coming, and jumped back to avoid it. When it had passed, he again made his way on deck, but did not see Murphy, whom he thought was at the wheel. Just then his attention was attracted by the noise of the machinery required rolling, and when it had been completed it was discovered that Murphy was not around. A search was made, but nothing could be elicited, further than the facts stated by his companion, as already detailed. No outcry was heard, and if one were made, it would hardly have been heard above the roar of the storm.

Murphy's sad death cast a gloom over the ship's company, as he was well liked by all, and had been on the Regulus for some time. The tragedy occurred in the Bay of Fundy, and no traces of the body were discovered. Murphy was but twenty-five years of age, and when in port resided on Casey street. His mother is living. On Thursday a hard night was experienced, and to add to the danger a heavy fog settled down. This lifted towards morning, however, and the Cape Race light was discerned, after which a good run was made down the shore. The Regulus brings 1,700 tons hard coal, 25 cases gasoline and 60 bales of cotton waste.

The leaders of the mob, which was well organized, avoided attacking Americans or destroying American property.

The fighting occurred when the Jefe Polanco of the town, an officer corresponding to an American mayor, attempted to stop a religious procession headed by the village priest, the laws of Mexico forbidding such parades. A thousand parishioners followed the priest, wishing to witness the annual burning of Judas, and when the orders of the mayor became known the mob stoned and burned the house of the mayor, who, with his wife, escaped and sought the protection of the American colony. The rioters then stormed a Chinese hotel, looting it of all liquors and foods and terrorizing the neighborhood during the night in their drunken orgy. The police force fired on the mob, many members of which were well armed. The officers were forced to retreat, leaving six of their number dead in the main street.

Later troops arrived on a special train and a short fight between troops and rioters ensued, bringing the total deaths to thirty-two, with a number of injured.

Father Valenuela was arrested. One of his followers snatched a knife into his cell and the priest stabbed himself six times in a vain attempt to commit suicide. He is now in the prison hospital. Quiet is restored.

ITALIANS WILL BE  
WELL DEFENDED

Sandy Murray, Andrew and James Hatch, the Italians who will face trial on Thursday next on the allegation of being implicated in the murder of Edward Green, will have a strong defence. Hon. H. A. McKeown, M. P., Hon. W. P. Jones and F. B. Carvell, M. P., have been engaged to handle the case, and an able plea is sure to be entered. The crown prosecutors have not as yet been announced. The case will be heard before Mr. Justice McLeod.

CALGARY, Alberta, April 14.—R. C. Queens ward, held here today, Frederick Douglas defeated C. N. Vroom, the vote being 100 to 78.

Horace G. Trimble, manager of Trimble Bros' shoe factory in Calumet, and Miss Ethel C. McAllister of Milltown, N. B., daughter of Henry McAllister, two popular young society people, were united in marriage this afternoon at Queens ward, held here today, by Rev. C. G. McCully of Calumet. Later they left on the Washington County express for a visit to American cities.

GENERAL AND MRS. CASTRO

## THIRTY TWO KILLED IN RIOT IN MEXICAN MINING TOWN

Trouble Arose Over Religious  
Procession—Town Ter-  
rorized by Drunken Orgy  
—Priest Who Led Rioters  
Attempted Suicide

MEXICO CITY, Mexico, April 14.—According to a statement received today from the rioting which occurred at Valdena, a mining camp in Coahuila last Saturday was more serious than at first reported. 32 men being killed and many injured. The trouble was instigated by Father Ramon Valenuela, parish priest, it is asserted, who lies in a hospital hovering between life and death. Fourteen of the rioters were executed by the government troops and many were imprisoned. Many Americans reside in Valdena, as the camp is controlled by American capital.

The leaders of the mob, which was well organized, avoided attacking Americans or destroying American property.

The fighting occurred when the Jefe Polanco of the town, an officer corresponding to an American mayor, attempted to stop a religious procession headed by the village priest, the laws of Mexico forbidding such parades. A thousand parishioners followed the priest, wishing to witness the annual burning of Judas, and when the orders of the mayor became known the mob stoned and burned the house of the mayor, who, with his wife, escaped and sought the protection of the American colony. The rioters then stormed a Chinese hotel, looting it of all liquors and foods and terrorizing the neighborhood during the night in their drunken orgy. The police force fired on the mob, many members of which were well armed. The officers were forced to retreat, leaving six of their number dead in the main street.

Later troops arrived on a special train and a short fight between troops and rioters ensued, bringing the total deaths to thirty-two, with a number of injured.

Father Valenuela was arrested. One of his followers snatched a knife into his cell and the priest stabbed himself six times in a vain attempt to commit suicide. He is now in the prison hospital. Quiet is restored.

## DR. DANIEL EXHIMES DEAD MAYES' SCANDAL IN HOUSE OF COMMONS

DEFENCE AGAINST  
AERIAL WARSHIPS

Search Being Made for an  
Effective Weapon

Smaller Machines Will Rise Above the  
Larger Ones and Destroy  
With Impunity.

LONDON, April 12.—A problem at present exercising the minds of military and naval experts is that of finding an effective weapon of defence against aerial warships. In Germany the subject has been under consideration for many months and despatches have already described the new howitzer invented by Messrs. Krupp solely for use against an aerial foe.

Recognizing the fact that a rapidly moving airship could easily get beyond the range of this gun the German authorities have had designed an armored automobile fitted with a special gun which can give chase to a dirigible and shell it on the wing. The possibilities of this airship destroyer are to be tested against the Zeppelin I at the manoeuvres in Wurttemberg in the autumn.

The automobile is fitted with a small quick firing gun of long range so mounted that it can fire at a target almost directly overhead. Attached to the gun is a bombproof shield which revolves with the piece. The car has a speed of forty miles an hour.

Following the example set by Germany, the British military authorities will carry out experiments on Salisbury Plain, with the object of testing the power of modern artillery in resisting an aerial invasion. They will use the new 18-pounder anti-aircraft gun, the object of testing the power of modern artillery in resisting an aerial invasion.

Many doubts are expressed with regard to the value of artillery fire against an aerial warship. When used against an airship hovering over a position comparatively near the earth it is believed that it will prove effective, but an airship speeding along at the same height would offer a target so small that it would be almost an impossibility.

Aeronautical experts are of the opinion that the best answer to the Zeppelin will be found in the aeroplane. It is pointed out that the aeroplane is not limited in the height it may attain by the density of the air to the same extent as the airship and there should be no difficulty in a Wright machine rising high above a Zeppelin and destroying it with impunity and ease.

Above the two cars of the Zeppelin I there spreads half an acre of gas bag. What is going on above that excites the aviators in the cars cannot see nor can they defend themselves against attack from that quarter.

It is estimated that 200 aeroplanes can be built at the cost of one Zeppelin.

## AUTO OWNERS WILL MAKE A STRONG PROTEST

Against Proposed Legislation Excluding  
Their Cars from the Public High-  
ways on Market Days.

Local automobile owners do not feel kindly towards the enactment of the bill to prevent the running of the machines on market days. The bill which will shortly be introduced in the local house has been drafted at the desire of the farmers in various sections of the province. It is stated that complaint has been made of the noise of the machines which causes the horses to bolt and in several instances accidents result.

Saturday is the chief day on which the farmers desire to have the machines excluded from the roads, as most of the produce is brought to market then.

A prominent automobile owner, discussing the matter with a representative of the 'Star,' this morning, said that he had written to Frederick for information regarding the bill. Several members are known to be opposed to its enactment and it is not probable that the bill will become law at least for some time yet.

The automobile owners contend that Saturday is one of the best days to enjoy a ride. In their opinion the bill is unreasonable and may do much to hamper the introduction of new touring cars here.

If passed the bill will effect the entire province, preventing the owners from riding any of the roads. In the past, there has not been a fatality in the province as the result of an automobile "smash-up."

A Post-Mortem Examination  
of the Notorious  
Affidavit

Dr. Pugsley Invites His  
Opponent to Make a  
Definite Charge

Dr. Daniel Violates Parli-  
amentary Rules—Another  
Undignified Uproar

OTTAWA, April 14.—In the common on motion to go into sup-  
ply, Dr. Daniel (for John) brought up again the old question, already threat-  
ed out earlier in the session, namely,  
the Mayes affidavit and Hon. Dr.  
Fraser's connection with the alleged  
dredging scandal exploited by Con-  
tractor Mayes last October. He started  
to place on Hansard in full the affi-  
davit made by Mayes with the use  
proof-reader's errors or mistakes in  
dates, etc., which marked its first pro-  
mulgation. Dr. Daniel was proceed-  
ing to announce the reading of the af-  
davit with explanations, noting particu-  
larly that the date of the transaction  
referred to in regard to the tender sub-  
mitted by Messrs. Mayes and McAvity  
had been wrongly read as 1907 instead  
of 1905 at the St. John prelection  
meeting, when Hon. Dr. Pugsley inter-  
rupted at the point of order that the  
statements made were direct reflec-  
tions on himself as minister of the  
crown and consequently Dr. Daniel  
ceased within the ruling of the Speaker  
made a few days ago at the instance  
of Mr. Foster, that no member of the  
house, unless making a direct charge,  
should make reflections on the honor of  
another member. Dr. Daniel, however,  
said, "I have no objection to the af-  
davit being read if it really is the  
original affidavit read at the St.  
John meeting. I have no objection  
successfully to get a sight of that af-  
davit, but the honorable member  
must stick to the paper."  
If he desired to make a charge  
against me and will take the responsi-  
bility for it I shall welcome the attack.  
But he must be prepared to take the  
full responsibility for any statement he  
reads in the house, otherwise he can-  
not by the rules of the house read  
anything said by a man outside the  
house and directed against any member.

Dr. Daniel declared that he was  
reading from the original affidavit con-  
taining the erroneous facts.

Dr. Pugsley insisted that the reading  
must be without comment or  
otherwise he would have to insist upon  
the observance of the strict rules of  
the house respecting defamatory re-  
marks.

Speaker Marcell drew the attention of  
Dr. Daniel to the fact that the reading  
of the affidavit was in order only  
if it was to be coupled with some mo-  
tion to be presented to the house.  
Dr. Daniel replied that he would  
conclude with a motion calling for a  
parliamentary investigation before a  
special committee of the charges  
made by Mayes.

Mr. Eoster, speaking to the point of  
order raised by Dr. Pugsley, was pro-  
ceeding to give a digest of the af-  
davit when he was called to order by  
the Minister on the ground that if the  
reading of the affidavit was in itself  
contrary to the rules, let the house  
less it was coupled with a definite  
charge made against him, then it was  
also out of order to give a digest of  
the affidavit.

Mr. Pugsley noted that what was  
now sought to be placed before the  
house was not the original affidavit.  
"There has never been any charge  
made against me," he said.

Mr. Lennox argued that the affidavit  
was necessary to substantiate the de-  
mand for the investigation. If, as the  
Minister of Public Works said, it re-  
flected on him, there was all the more  
reason why the matter should be in-  
vestigated.

Mr. Northrup urged that the objec-  
tion could only be taken on the point  
of order, as the affidavit had been  
read. No objection could be taken  
against something that was going to  
be said which might reflect on any  
member of the house.

Mr. Conmee said that Dr. Daniel's  
motion contained no charge against  
the Minister of Public Works. If the  
member for St. John wanted to as-  
sume the responsibility for the truth  
of the affidavit then let him make a  
specific charge and stand by it.

Speaker Marcell.—The rule of the  
House is that no member shall make  
a charge without assuming the full re-  
sponsibility therefor. The reading of  
the affidavit in St. John is a different  
thing from the reading of it in this  
House.

Mr. Crockett.—Does the Minister say  
a charge was made against him?  
Dr. Pugsley.—Yes, grave charges were  
made against me at the Conservative  
meeting in St. John, but they were  
proven to be false. Now it is proposed  
(Continued on Page 12.)

## REATED

AN'S BACK  
WITNESSES

left at 4:30 o'clock. The deceased  
stated at the time that she  
was witness next to the de-  
ceased a quarter past ten. Mrs.  
Lockhart called the witness by  
saying the deceased had a  
turn and was not coming out.

At the time Mr. De Forest reached  
the deceased was lying in  
bed. She looked very pale and  
was going quickly. He did not  
know she was to die. Mrs.  
Lockhart told him that "there might  
be something wrong with her."  
Mr. De Forest had been there  
about the deceased was "coming  
all right."

At the time the consultation be-  
tween Dr. Emery and Dr. Spangler  
took place, witness did not remember  
the exact date. He thought other  
people had informed him of the  
date. The doctors had agreed  
upon the symptoms of the case,  
and the matter over more than  
with Dr. Emery, but did not go  
into the case very thoroughly. At  
the time Dr. Emery was first called  
to a walk with him, he had  
told him that "there might  
be something wrong with her."  
If this were  
she might "live another  
day."

Jean McDonald stated  
the deceased was sitting up on  
the bed. Witness made up the  
bed for her, while the deceased  
was in it. She did not feel  
her condition. However, the de-  
ceased considerably about her.

McDonald knew both doctors  
and the deceased to keep quiet,  
as surprised to see Mrs. Mc-  
Donald getting up and entered of  
the deceased.

"Would she, notwithstanding  
injunctions of the doctors, get  
up?"

E. I. Jewett was the next wit-  
ness. She said in part as fol-  
lows: I knew the deceased, Mrs. Mc-  
Donald, previously to her death. She  
told me all about her, and I  
was being treated by Dr. Spang-  
ler. I do not know why she was  
treated. When I found her, I  
asked her if she knew the nature  
of her trouble. She said, "I do not  
know, I am weak legs." She  
told me when I had the conversa-  
tion with her. I went to the house  
in the morning, often in the  
evening, and two or three times in  
the night.

She thought she could read  
the lines what it all meant,  
and told her to cheer up and  
the bed. This heart of mine  
the death of me some day."  
Murray MacLaren's name was  
but he did not respond.

Formerly stated "I was despondent  
at the end of the inquiry, as  
as possible, and after surgery  
had been heard, the inquest was  
held until Monday evening next  
clock.

## MORRIS PROSTRATED BY HUSBAND'S DEATH

ST. JOHN, N. B., April 7.—No fur-  
ther particulars have been received  
to the sad death of T. Morris,  
as reported in today's Chronicle,  
that the body will reach  
Thursday's C. P. R. and will  
be taken to the home of Mrs. Morris,  
at Ruper Black, from which  
her funeral will be held. A tele-  
gram from Mr. Black dated from  
New, DeWitt, Elmhurst, Toronto,  
that Mrs. Morris' wife of 46,  
who had been suffering from  
of a grippe, was so pro-  
by the news of her husband's  
that the physician in attend-  
ment would not permit her to attempt  
until stronger. She will  
not be able to be present at  
ment.
