**MRS. BUTLER ARRESTED ON CHARGE SIMILAR TO THAT OF LAST YEAR**  
We learn that this morning Mrs. Butler, the woman whose arrest last year caused such a sensation and whose house was filled with goods alleged to have been stolen was again arrested by Sgt. Byrne and Const. Tobin on a charge some what similar to that of last year. For months past burglarious raids have been made on many city residences and invariably these occurred on Sunday nights. As near as we can hear the police have been shadowing this woman for some time past and that evidence had been obtained of late sufficient to warrant the arrest which has been made. It is likely that she will come fore the magistrate to-morrow.

**WAR MESSAGES**

**CHURCH BURNED IN QUEBEC**

QUEBEC, Feb. 21.—Sensational talk is going about a fire to-day, which completely destroyed the \$400,000 Beaufort Church, in this city.  
The editor of the "Le Soleil," Quebec's leading daily, admits, this afternoon, that some days ago he received an anonymous letter from Beaufort, saying that Pastor Desell of that parish had been threatened by anonymous letters, presumably coming from sympathizers of Germans interned in the Beaufort Armoury.

**RESULT OF AIR RAID ON WALMER OVERESTATED**

London, Feb. 22.—A British official communication issued to-night concerning the air raid made by a German aeroplane on Sunday over Walmer says:  
Later information is to effect that casualties at Walmer were overestimated. The total being one killed and another injured; about twenty shop fronts in the town were blown in.

**ANOTHER ZEP SENT TO SCRAP HEAP**

PARIS, Feb. 21.—A Zeppelin airship was brought down by French guns in the vicinity of Brabant Le Roi, on the Meuse, to-day, according to an official announcement made this evening.  
The Zeppelin was flying from St. Menehould towards the South, and was attacked by cannon from Revigny, and hit by an incendiary shell. The Zeppelin fell in flames in the vicinity of Brabant Le Roi.

**STORMY AND COLD WEST**

It was very stormy up West yesterday and last night and the rotary plow had to be kept running over the Topsails. At the Quarry last night the thermometer registered 12 below zero, and at other stations from 5 above to zero.

**MAKING LONG PASSAGE.**

The schr. Passport, Capt. Bill Carroll, of Job Bros, which left Indian Hr. P.E. on the 6th inst. with 250 bbls. herring for Sydney from Job Bros, has not yet arrived at her destination and is making a long voyage of it. She carries a crew of six men, but as she is a fine staunch vessel there is no anxiety about her. It is possible that she is storm-bound in some port remote from a telegraph office and, therefore, her whereabouts would not be known.

**VESSELS SAIL FOR MARKET**

The Minnie, Helen Stewart, Russel R. Pentz and Mary and the Mildred, all fish laden for the Brazils and Europe left port to-day with the vessel together this evening and to-morrow. The S. S. Corma also sailed to return with a cargo of coal from Sydney.

**GRAND FALLS MEN ARRIVE**

The first contingent of the Grand Falls recruits arrived here by the express at 12.30 p.m. to-day and were given a warm reception at the railway station. His Excellency the Governor, the members of the Patriotic Committee and a number of citizens being on the platform to receive them. The men accompanied by H. Co., carrying their rifles, paraded down Water Street and thence to the Armoury.

**ANXIETY ABOUT "LAKE SIMCOE"**

We have had repeated references within the past few weeks to the tardy voyage which the Lake Simcoe is making from the Mediterranean to this port. The ship is now well over 100 days out, but when we remember the Grace's voyage of 108 days some years ago on a similar run, there is no necessity to be unduly alarmed about the Simcoe. She is a fine vessel of 350 tons gross and her crew are: Capt. S. W. Halfyard St. John's; H. V. Peppas, mate, Mexico; E. Newhook, bosun; R. Fleming, steward; S. Dawe, T. White and John Coady, St. John's; Duncan Breeby, Barbadoes; Noah Smith, C. Butler, W. Erson, Manuels and Daniel Carey, of Witness Bay.

**ICE WITHIN AND WITHOUT**

We learn that the Florizel which when she left here for Sydney had 200 tons of ice on board as ballast, has had much trouble with it. While caught in the Gulf to dispose of it an effort was made to melt it by steam but owing to the severe frost it all caked together and report has it that this frozen Newfoundland product is still in the hold in one congealed mass displacing therefore about 200 tons of the more valuable 'black diamonds.'
