MARKET REPORTS

CHICAGO, June 23.—Assertions that the Nebraska harvest was showing the largest average yield per acre ever known east of the Rockies, caused a sharp break today in the price of wheat. The market closed nervous, 1-2 to 7-8 cents under Saturday. Latest trading left corn 7-8 to 1 cent down and oats off 1 to 1-8 cents. For provisions the outcome was a net advance of 2-5 to 27-1-2 cents.

The Liverpool market closed unchanged on wheat and 3/4 lower on corn. Antwerp wheat was unchanged. Budapest 3/4 higher. Beef, 3/8c lower.

Notes of Council

The quorum present: Mayor Hartman, Ald. Gillingwater, Minshall, Hollinrake, Quinlan, Pitcher, Sutch, Woolmans, Ryerson, McFarland, Suddaby, Spence Ward, McEwen.

The City Solicitor thought that \$7500 paid by the Street Railway before Sept. 1, and trial of the city's action for cancellation of the franchise was favorable to the city, in spite of the postponement.

The list of communications was a light one, and the aldermen were satisfied.

Householders on Wellington street between Alfred and Charlotte complained that the thoroughfare had been obstructed frequently. John Taylor and twenty others signed the petition which was hoisted to the Board of Works.

During council proceedings last evening, the Finance committee had to retire to o.k. a number of accounts. Ald. Spence explained that a number of accounts came in since the finance committee met on Friday night last.

Mr. Langley, representing the International Mausoleum Company, addressed the council re the proposal in Brantford. The company erected a building which included a chapel. The building would be about 50 x 150 feet. The company sold the space in

the mausoleum to private parties. The company also endows the building with \$5 per crypt. It generally took two years before construction was started. He would like a committee from the council to inspect the mausoleum in Toronto which had 97 crypts. There were numerous buildings in the U. S. The company has already started to build in Galt. Private rooms were sold for \$5,000 and crypts for \$150 to \$250, according to their location. The matter was left in the hands of the buildings and grounds committee.

In Ald. Ward's tirade against Hydro-Electric he did not mention whether he had ever called at Engineer Ireland's office for information or not. Several members of the Council are inclined to believe that a call at the Engineer's office would considerably enlighten Ald. Ward.

James Easson, the boy wonder, around the City Engineer's department, is now receiving \$2.75 per day. He received a 50 cents per diem increase at the meeting last night.

Before council adjourned there was scarcely a quorum present. One by one the aldermen ducked out. It was a good night for the buzz carts.

How often we hear of people who have had an aching joint or muscle for years. No more speedy remedy can be adopted than to rub on Nerviline and then apply a Nerviline Plaster. At once the muscles begin to resume their wonted vigor and flexibility. Inflammatory symptoms and pain disappear. Nerviline Plasters can be worn by the most delicate child or aged persons. They are invaluable as thousands have proved. Used along with Nerviline they are guaranteed to permanently drive out any muscular ache, pain or stiffness. Try these remedies and judge for yourself, 25c at all dealers, or N. G. P. Spence and Co., Kingston, Ont.

Routine Work

(Continued from Page 1)

Ald. Spence said the Judge's salary had never received a raise because he did not receive a salary. Ald. Spence said he did not want to be misrepresented by Ald. Minshall's insinuations. If Mr. Easson came forward and said he would quit if he didn't get a raise; he should be allowed to quit. It was his understanding that City Engineer Jones had put it up to the committee in this way.

Ald. Suddaby considered that the young man was deserving of the increase and the report was carried without a vote.

Fire and Light

The Fire and Light committee reported as follows:

1. That the contract for 21 pairs of trousers for the Fire Department be given to the Guarantee Tailoring Co., at their tender price 5.45 per pair, and that Union Labor be employed and the work done in the city, and that the letter of the Guarantee Tailoring Co., of May 7th be filed.

2. Fixed Assessment

The committee on Manufacturers reported as follows:

That they met with a representative of The Brantford Cordage Company last Wednesday, June 18th, in the Mayor's Office, in regard to a fixed rate of assessment.

Your committee would recommend that a fixed rate of assessment be granted the company the same as last year's assessment for a term of ten years, and that the city agree to lay a sewer from Brant street to the company's factory.

Ald. Minshall wanted to know if the city had to pay for the sewer recommended in the report.

Ald. Ryerson explained that the Cordage company had received an offer from Peterboro which was very tempting. In fact it amounted to \$75,000 in cash. The board of health would order the sewer anyway. The committee had obligated itself to construct the sewer from Brant street to the factory.

Ald. Suddaby said that the whole thing would cost the city about \$300. It was just a question, from which committee the money was to be taken.

Ald. Pitcher said that it was worth while for the city to give such a small amount to hold the factory in Brantford. It was the first request from the Manufacturers' committee this year.

Notes of Council

The quorum present: Mayor Hartman, Ald. Gillingwater, Minshall, Hollinrake, Quinlan, Pitcher, Sutch, Woolmans, Ryerson, McFarland, Suddaby, Spence Ward, McEwen.

The City Solicitor thought that \$7500 paid by the Street Railway before Sept. 1, and trial of the city's action for cancellation of the franchise was favorable to the city, in spite of the postponement.

The list of communications was a light one, and the aldermen were satisfied.

Householders on Wellington street between Alfred and Charlotte complained that the thoroughfare had been obstructed frequently. John Taylor and twenty others signed the petition which was hoisted to the Board of Works.

During council proceedings last evening, the Finance committee had to retire to o.k. a number of accounts. Ald. Spence explained that a number of accounts came in since the finance committee met on Friday night last.

Mr. Langley, representing the International Mausoleum Company, addressed the council re the proposal in Brantford. The company erected a building which included a chapel. The building would be about 50 x 150 feet. The company sold the space in

the mausoleum to private parties. The company also endows the building with \$5 per crypt. It generally took two years before construction was started. He would like a committee from the council to inspect the mausoleum in Toronto which had 97 crypts. There were numerous buildings in the U. S. The company has already started to build in Galt. Private rooms were sold for \$5,000 and crypts for \$150 to \$250, according to their location. The matter was left in the hands of the buildings and grounds committee.

In Ald. Ward's tirade against Hydro-Electric he did not mention whether he had ever called at Engineer Ireland's office for information or not. Several members of the Council are inclined to believe that a call at the Engineer's office would considerably enlighten Ald. Ward.

James Easson, the boy wonder, around the City Engineer's department, is now receiving \$2.75 per day. He received a 50 cents per diem increase at the meeting last night.

Before council adjourned there was scarcely a quorum present. One by one the aldermen ducked out. It was a good night for the buzz carts.

SUFFERED SO MUCH SHE WANTED TO DIE

"Fruit-a-lives" Cured Her And Brought Her The Joy of Living.

ENTREPRENEUR, ONT., Oct. 1st.

"For seven years, I suffered with what physicians called a 'Water Tumor'. Hypodermics of Morphine had to be given me to ease the pain.

During one of these bad spells, a family friend brought a box of 'Fruit-a-lives' to the house. I was so bad that it was only when I had taken nearly two boxes that I began to experience relief.

I kept up the treatment, however, and after taking five boxes, I was cured, and when I appeared on the streets, my friends said 'The dead has come to life and this seemed literally true because I certainly was at death's door!'

Mrs. JAMES FENWICK.
