KEEP OUR PEOPLE HERE.

"Now Sir, I venture to enquire whether it is not possible for the people of Canada to manufacture a very considerable portion of these \$65,000,000 worth of goods which we are taking every year from the United States. I venture to think that it is not holding out any impossibility to the people of this country to say that possessing the resources for manufacturing which we do, we should within a very short time, if the government of this country would enact a sufficient system of protection, be able to manufacture a very considerable proportion of these articles ourselves, and keep in this country the people who are now going to the United States, getting work there in the very factories which are turning out the articles which afterwards come to Canada, and which have been produced by people from this country." Mr. R. L. Borden, M. P., in his announcement of the Conservative policy.

VENTILATION FOR FRUIT BOATS

Sept. 8th, 1905.

H. G. Harris, Editor ADVERTISER, Kentville, N. S.

Dear Sir:—The accompanying letter from the head office of the "Furness Line" which reached me by the last mail from England, will doubtless be of interest to many of your readers. This letter was the authority for the Cable received from Northard & Lowe on the 28th ult., contents of which were communicated to Mr. Innes, President of the Kings Co. Board of Trade, previous to their meeting on Saturday night, August 30th.

Yours truly,
C. R. H. STARR,
Agent for N. & L.
(COPY)

Furness, Withy & Co. Limited,
West Hartlepool.

Dear Mr. Lewis,
Referring to your inspection of the "Evangeline" and to the conversations you have had with Mr. Lewis, and the writer, we have come to the conclusion, that whilst the ventilation in the "Evangeline" is thoroughly efficient, it would give satisfaction to the trade if we fitted mechanical ventilation in addition to the 14 and 18 in. ventilators we have already fitted. Under these circumstances we have decided to expend a very large sum of money in fitting up mechanical ventilation in these vessels, and we are giving Messrs. Blackman instructions to carry out the work.

The ventilation will consist of separate electric motors and separate dynamos for two fans, together with double rows of pipes on the floors in each side of the ship; these pipes will be about 9 inches in diameter, perforated, and the fans will force down the air through these pipes which will clear itself through the apertures.

There will also be a single line of pipes each side of the ship, in the 'tween decks, which will be sufficient for these cargo spaces.

We trust that our endeavours to meet every requirement of the trade will be appreciated, and will enable you to have the apples landed in good condition.

We would like you to do all you possibly can to insist upon the apples being in proper condition when they are shipped.

We had the pleasure of a visit from Mr. Lewis to-day, and he has communicated to us the contents of Mr. Starr's cable, which we think you will agree with us, satisfactorily disposes of the matter.

The steamers we propose to fit, are the "Carlisle City," "Evangeline" and "Loyalist."

Yours faithfully,
J. Lowe Esqr.
(Northard & Lowe)
FOR FURNESS, WITHY & CO., LIMITED.
(Signed) S. W. FARNES Director.
London.

The coal boring at Hantsport has reached the limit of the rods in the hands of the engineer, the depth of hole being about 1000 feet. A further length of rod has been ordered, and it is the intention of the directors if necessary, to go as far as the new supply will permit, viz., to a depth of 1500 feet. The boring is at present the deepest in Nova Scotia. Indications are good for a find, and those concerned are hopeful of good results.
—Journal.

TOWN COUNCIL

Kentville Town Council held its regular meeting on Sept. 3rd.

Councillor Eaton asked if the street encroachment had been rectified if not action should be taken. Chairman Redden stated that fence had not been removed but promises had been made to do so. Recorder Webster stated that the street committee had power to move encroachments on the street line. The street committee was then instructed to straighten out the street encroachments on the line run out by Surveyor Foster.

Councillor Masters called attention to the complaints of residents on Prospect St., on account of obstructions in side walk, which hindered the use of snow plow there and asked for a remedy.

Recorder Webster reported that no special terms could be made with Mr. Mennie as regards Emergency Hospital and the \$400 had been paid. He suggested that steps should be taken for the disposal of the buildings as the year expired in October. Mr. Mennie stated the buildings could remain free of rent, provided the Town Council would remove them when he required them moved and would give a weeks notice. This was agreed to.

Bills were ordered paid as follows:
D. J. Sealy, \$ 1.37
T. Margeson, 4.84
John Pearl, 2.00
R. S. Beckwith, 42.50
W. H. Gould, 18.25
Advertiser, 3.25
B. H. Dodge, 1.35
T. L. Dodge & Co., 5.50

J. F. Neary presented bills for decorating the firemens hose for \$129.00. On motion the Clerk was instructed to pay over the \$100 voted for the firemens expenses to Yarmouth to be devoted toward paying above bills.

A communication from the Wolfville Town Poor Committee was referred to the Poor Committee for settlement.

Councillor Carruthers suggested that the time decided upon for calling a rate payers meeting be postponed so as to give the ratepayers time to qualify for a vote. On motion the said ratepayers meeting was postponed from 3rd Wednesday in September to 3rd Wednesday in December.

Councillor Carruthers complained of the way the street work was carried on and moved that applications be asked for a man to devote all his time to the work. This was seconded and a lengthy discussion followed. The motion was ruled out of order. The meeting then adjourned to Friday eve. Sept. 5th.

On Friday evening the Council met for the adjourned meeting and the following appointments were made.—J. C. Starr, Wm. McKitterick and J. W. Ryan as assessors.

CANARD

Mrs. T. Harding Rand of Toronto, has been visiting Mrs. Enoch Griffin.

Mrs. J. Walton and Miss Frances Messenger are in Halifax visiting Mrs. J. Y. Payzant.

Mr. Spinney has taken charge of the school at Lower Canard. He and his wife are boarding with Mrs. Wm. Farnham.

The dykes are now scattered over with cattle. The feed being short the number is not large.

Messrs Frank Dickey and C. H. Eaton have a quantity of stock at the Halifax exhibition.

Mrs. Lewis Payzant returned to her home in Dartmouth last Saturday.

Mr. and Mrs. E. D. Eaton, Mr. and Mrs. N. A. Eaton and Miss Bessie Eaton attended the S. S. Convention at Aylesford this week.

BUY AN - - UMBRELLA !

If you don't need one now you will be sure to later on. We are showing a superior line in both Ladies and Gents, bought direct from manufacturers fitted with our own selection of latest handles and patent "20th Century Runner attachment," at prices that will save you money.

J. W. RYAN

White Hall, Kentville

Mrs. M. H. Randall of New York, has been in Kentville, Cornwallis and Parrsboro visiting her sisters, Mrs. Burbridge and Misses Bessie and Annie Cochran. Mrs. Randall had a pleasant trip and met many of her old friends.

The units from the different battalions left on special train Tuesday for camp at Sussex, N. B. The men presented a much more tidy appearance than in former years. Captain Gerald Ward of No 3 company, 68th batt. is to be congratulated on the smart appearance of his men as they marched from the armory to the station. They paraded in full marching order, wearing the Oliver equipment for the first time.

(Official cholera statistics from Manila show a total, up to date, of 25,664 cases, and 18,040 deaths.

A case of small-pox was developed in a patient of the International hotel, Sydney, C. B., last week. Mr. Archibald McDonald, a brakeman between Sydney and Point Tupper being the victim. A physician was summoned, and fearing the patient was beginning to show symptoms of small pox, acquainted the health officer with the facts. There are about 50 people confined to the hotel.

TO CONSUMPTIVES

The undersigned having been restored to health by simple means, after suffering for several years with a severe lung affection; and that dread disease CONSUMPTION, is anxious to make known to his fellow sufferers the means of cure. To those who desire it, he will cheerfully send (free of charge) a copy of the prescription used, which will find a sure cure for Consumption, Asthma, Catarrh, Bronchitis, and all throat and lung Maladies. He hopes all sufferers will try his remedy, as it is invaluable. Those desiring the prescription which will cost them nothing, and may prove a blessing, will please address

Rev. Edward A. Wilson
Brooklyn, New York.

THINK OF WINTER

That reminds you that the heater or steam apparatus needs the attention of a Plumber.

DON'T WAIT

until it's time to start a fire before having your pipes put in order. Then if there is anything wrong the trouble can be remedied at once. Our busy season has not yet commenced, and we can give every order the attention it deserves, etc.

With What You Buy

When Harvest Comes Cow-Ease

You will want the most improved machinery. This you will find in our "DEERING" line of Farming Machinery. Will sell ANY MACHINE FROM THE STOCK, put it up, watch its operation and furnish any slight repair. For an economical labor saving machine, you need go no further as our "DEERING" line is the standard Farming Machine Company.

Is a preparation to prevent the dreaded fly pest on horses and cattle. It's a clean, clear non-penetrating liquid, does not gum up the hair or blister the skin, and is absolutely harmless. It is a fact that when Cow Ease has been used, the increase in the quantity of this milk has been as much as 25 per cent. Sold in gallon cans, and every can is guaranteed to give satisfaction.

We Sell the Cow-Ease Sprayers Too.
