Don't miss the greatest attraction of the season at College Hall to-night.

Don't forget! The Band will play in the Rink next Monday, Jan. 23d, instead of Friday.

It's the Star Almanac of Montreal that takes the palm for popularity. It is immense.

The Digby Canadian has stopped publication, having been amalgamated with the Courier, which will in future be conducted as a neutral in politics.

K. D. C. acts like magic on an over-lorded stomach.

A very pleasant time was had at the rink last Friday evening. There was a good attendance of skaters and spectators, about fifty coming from Kentville by special train. The excellent programme rendered by the Firemen's Band was much enjoyed.

We have been enjoying good sleighing for the past week, and our streets have presented a lively appearance. It is to be hoped that the snow will remain on the ground for a few weeks at least, so as to allow farmers and others to get their winter teaming done.

"K. D. C. is the best medicine ever offered to the public." Try it.

Sugar has gone up in price to the extent of 12 1/2 cents per hundred pounds for granulated and 15 cents per hundred pounds for yellow. The cause of the rise is an anticipated deficiency in the supply of raw material. Both the cane and the beet root crop are estimated to be below the average.

The lecture given by Mr. J. Heber Haslam in College Hall last Friday evening was very interesting. A large number of excellent views of western Canada were shown. Mr. Haslam is employed by the C. P. R. Co. in the good work of making the resources and geography of our Dominion better known to our people.

K. D. C. builds up the system by restoring the stomach to healthy action.

We have received a card announcing the marriage of Mr. Joseph E. Farrell formerly of Wolfville, and Miss Agnes B. Newcombe, which took place at Boston Dec. 27th. The newly married couple reside in Brooklyn, Mr. Farrell being now engaged in business in New York. The ACADIAN joins a host of other friends in wishing them a life-long happiness.

The January No. of the Canadian Horticulturist gives a beautiful colored plate of the Alexander apple, a full page engraving of the editor, a pen and ink sketch of his home, and a view of Maplehurst Fruit Farm. Full directions, with illustrations, are given for making a cold storage house for fruit; seasonable hints for work in fruit and flower gardens, the apary, etc., etc. L. Wood-venon, Gristley, Secretary of the Ontario Fruit Growers' Association, is the editor.

An appeal having been made from the proposed boundaries for incorporation, the Attorney General held a court here on Wednesday and heard evidence for and against. The meeting was held in Temperance Hall and was largely attended. Quite a number took part in the discussion. The whole question will be submitted to the Governor in Council, when bounds will be established. In consequence the taking of the vote has been postponed until the matter is decided.

A week or two ago the Truro Gold Mining Co.'s mine at Caribou yielded 750 oz. of gold, valued at \$15000, from thirty tons of quartz, the work of 14 men in 20 days.

We have omitted to mention that the members of the Wolfville Presbyterian congregation presented their organist, Miss Ethel Shaw, with a purse at Christmas in recognition of her services.

Attention is directed to the notice of Sheriff Belcher in another column, that the poll for incorporation has been postponed until the boundary question has been decided by the Governor in Council.

We have been requested to say that the person who took the gloves and handkerchief from the waiting-room at the rink last Friday evening is known, and will be very apt to get into trouble if they are not at once returned to the management.

Advertising should never be suspended or decreased when business is dull. It is directly opposed to the successful practice of the art. Judicious advertising not only averts bad seasons, but the greatest successes have been achieved by shrewd dealers who continued to let the public know what they have to sell no matter what the condition of trade or the money matter may be.

Be up to the times and be cured of indigestion by the use of K. D. C. Cure guaranteed.

The January number of the Farmer's Advocate has come to hand, and a handsome one it is. This long established and ably conducted agricultural paper deserves the hearty support of every Canadian farmer. The copy now to hand is illustrated by a very handsome engraving of a herd of typical Ayrshire cattle, the property of David Morton & Sons, Hamilton, Ont. The contents of the paper are all that a farmer could desire. The editorials in this issue are devoted largely to live stock matters. The Poultry, Dairy, Veterinary, have each a department. We advise those of our readers who are not subscribers to send for a sample copy. Address: The Wm. Wald Co., London, Ont. Sample copies free. Subscription price, \$1 per year.

Wedding Bells.

A quiet wedding occurred at the residence of Mrs. S. E. Sleep, Wolfville, on Wednesday afternoon, Jan. 18th, in which Mr. George Tibbitts, of Truro, and Miss Bertha Sleep were the interested parties. The ceremony was performed by Rev. Oskar Gronland, in the presence of a number of relatives and friends. The bride wore a becoming costume of shell pink cashmere and white lace. After refreshments the bridal party were driven to the station and embarked on the evening express for Halifax, followed by the good wishes of many friends. The happy couple will spend a few weeks in the eastern part of the Province. The bride was the recipient of many handsome and useful presents, among which was a pretty fancy work-basket from the pupils of the Methodist Sabbath-school in which she had been an active and valued worker. The ACADIAN extends to the newly married couple best wishes for a happy life.
