There is a difference between just good tea and very good tea; it is a difference in the little thing called flavor. **WOLF'S SELECTED ORANGE PEEL** is a very good tea, and the very second you taste it you are sure to say to yourself: "Yes, it has the flavor that distinguishes it from just ordinary tea."

A very interesting letter regarding the recent revolution in Brazil appears in the columns of THE ACADIAN this week. It is from the pen of a former newspaperman, Prof. E. O. Temple Piers, of the faculty of MacKenzie College, Paulo, who has been a resident of that country for some years and is well acquainted with conditions there. Many old Wolfville friends will be very glad to learn of his safety and interest in his account of the stirring scenes which the people of the republic have participated during recent months.

SEWING CIRCLE GOSSIP
There was some discussion at the Sewing Circle this week about the delights of camping out. The wife of a new Bank Manager, who had just returned from a week in the wild woods, said that the most enjoyable thing about it was the cup of LUXOR COFFEE which her husband made for her every morning at 7 o'clock. "I thought that LUXOR COFFEE tasted pretty good at home," said she, "but it was even better at that early hour in the woods."

THE I. O. D. E. FAIR
For two years the Sir Robert Borden chapter of the I.O.D.E. has raised funds toward the maintenance of its work by means of a bazaar or fair.

These have been very successful owing to the kindness of the Wolfville citizens in liberally donating articles for sale and in patronizing the booths and the amusements.

The money realized in this way is practically spent in the town. Five hundred dollars went last year toward the salary of the V.O.N. nurse. The hospital emergency fund was helped and contributions made to the Children's Aid Society. Prizes were awarded in the public school and a flag presented to Grade VII. In the county the Marine Mountain school received financial aid and Christmas cheer was freely given to the patients of the N. S. Sanatorium.

Preparations are now under way for a grander and better Fete than ever before. The members of this chapter recall with gratitude the timely assistance of the past and solicit anew your interest and help in building up this enterprise and bringing it to a successful finish. The dates selected are Thursday and Friday, Oct. 9 and 10.

PICTURE IS DRAMATIC
"Java Head", New George Melford Production Soon to be Seen Here

Dramatic, impressive and thrilling, George Melford's latest Paramount picture, "Java Head", will be the attraction at the Orpheum theatre next Wednesday and Thursday. Salem, Mass., is the locale of the story, although several of the scenes are laid in China. The story, in brief, tells of the love of a young sea captain, Gerrit Ammidon (Albert Roscoe), for a young

Chinese maiden, Taou Yuen, played by Leatrice Joy. Gerrit returns from Shanghai with his Chinese wife to find Nettie Vollar (Jacqueline Logan) ready to marry him. Nettie suffers an injury, and Gerrit leaves Taou to go to her. Edward Dunsack (Raymond Hatton), a rival of Gerrit's and an opium smoker, tells Taou Yuen that her husband and Nettie Vollar are in love. The young wife orders him from the house and goes to Nettie's home herself.

She arrives just after her husband has left and goes to the sick room. Edward, now a raving maniac, follows her, and a dramatic finale, filled with thrills, is reached.

When the day is a bore and your mouth is parched you're tired. That's a rule of nature, and it prescribes refreshment. And when you take a pleasant cooling drink of something good, you're suddenly on your toes again. Take nature's hint when you're thirsty. A nice cool drink of Tennant's Oxola is exactly the prescription you need. At the first mouthful the fatigue will lift. SMALLER LOSSES FROM FOREST FIRES

Despite the Long Dry Spell in Nova Scotia This Summer

Losses from forest fires, despite the long period of dry weather this season, are much less than those of the same period last year, according to a statement issued by J. A. Knight, K.C., Chief Commissioner of Forest and Game.

Reports of Forest Rangers for the season of 1924 up to July 31, filed in the office of the Commissioner of Forests and Game, show a total of 72 forest fires as occurring up to that date. The total estimated damage amounts to \$19,463. The most serious fire occurred at Killag Mines, in the County of Halifax, and burned over an area of 2000 acres, causing damage estimated at \$8,000. Fewer fires occurred in the season of 1923, but the loss was much greater. The total estimated damage suffered up to July 31 of that year was \$47,651.

Seven Rules for Making Better Coffee

KEEP YOUR COFFEE FRESH
It loses strength and aroma when exposed to the air. Keep it in a tight container.

MEASURE CAREFULLY
Measure the water as well as the Coffee. Use plenty of Coffee—at least two ounces to a quart of water. Guessing usually means a poor cup of Coffee.

USE GROUNDS ONLY ONCE
Don't waste fresh Coffee by adding it to old grounds. Used Coffee grounds are of no more value in making Coffee than ashes in building a fire.

BOIL THE WATER
Be sure it is boiling. Then pour over the Coffee. This makes the kind of Coffee which scientists have found to be the best.

SERVE AT ONCE
Many a pot of perfect Coffee has been ruined by letting it cool. If you must delay serving, keep the Coffee piping hot until served, but don't boil. Re-cooking injures the flavor.

SCOUR THE COFFEE-POT
It is not enough to give the pot a hurried rinse and set it away to dry. Clean carefully and let it dry each time it is used.
