TEA TABLE GOSSIP.

ALL THIEVES.
The sun's thief, and with his great attraction,
Robs the vast sea; the moon's an ar-
rant thief,
And her pale fire she snatches from
the sun.
The sea's a thief, whose liquid surge
resolves
The moon into salt tears; the earth's
thief,
That feeds and breeds by a com-
pound
From general excitement; each
thing's a thief;
The laws, your curb and whip, in
their rough power,
Have unchecked theft.
—Shakespeare.

THE TROLLEY STREET ROUTE.

**T. H. & B. To-day Asks Government to
Sanction It.**

There was a special meeting of the
Finance Committee yesterday after-
noon, on Tuesday, July 4th, at the
City Hall. The Mayor, Ald. Ten-
Eyck, the Chairman, was not present,
nor did he call the meeting. As no
one has the authority to call special
meetings of committees, the Finance
Chairman is in the city, Ald. Ten-
Eyck was somewhat surprised when he
heard that one was on. As nothing
was done at the meeting, the Finance
Committee does not come up. Mayor
Ten Eyck, Ald. Kerr, Dwyer, McAndrew
and Burkholder were present. Messrs.
H. Carleton and H. Fisher, Superin-
tendents, represented the T. H. & B. Mr.
MacKellan, City Solicitor, expressed
the opinion that, as the proposed ex-
tension of the T. H. & B. is not to
occupy any city streets it would be
unnecessary for the city to send a re-
presentative to Ottawa to-day, when
the committee will apply to the Rail-
way Committee of the Privy Council.

The Finance Committee representatives
showed their plan to the committee.
They intend to hold the Railway Com-
mittee to give them right of way over
Trolley street, with level crossings
over the G. T. B. main line and North-
ern branch. The terminus will be at
the city lumber yard on Wellington
street north, where it is proposed to
direct freight trucks.

Incidentally the aldermen talked
over the route through the Westworth
disposal works, and the railway re-
presentatives agreed to meet the city's
wishes if they succeed at Ottawa.

KEPT HIM BUSY.

**Rev. T. Albert Moore Has Three Wed-
dings in 24 Hours.**

At Zion Tabernacle paragonage last
night a quiet matrimonial event took
place. Rev. T. Albert Moore, Min-
ister in marriage Mr. Neil McPhie,
of Belleville, and Miss Ada Maud
Marshall, daughter of Mr. Benjamin
Marshall, of this city. The bride-
maid was Miss Bella Marshall, and
the groomsmen Mr. John Howard,
of this city, and Mr. John McPhie,
left for their future home in Belle-
ville after the ceremony.

This afternoon at 3 o'clock, at the
residence of the bride's parents, No.
15 Napier street, Rev. T. Albert Moore
united in marriage Mr. John
Martin and Miss Nellie Stewart.
The bride and groom left for De-
troit and the west on a wedding
tour after the ceremony.

At 6 o'clock Rev. Mr. Moore had a
third wedding in 24 hours. He
married Mr. Fred Weidner, the popu-
lar grocer, corner of York and
streets, and Miss Maud Mullin. The
ceremony was held at Zion parsonage.
Mr. and Mrs. Weidner leave for
Toronto and points east this evening.

Rev. Mr. Moore has had nine mar-
riages already this conference year.

MINING INFORMATION.

The circular, a pamphlet of about
pages, issued by the Mines Contract
and Investigation Co., of Toronto, on
the Gold Fields of Ontario and the
Mining of the Province, has reached
the Times. It gives a great deal of
information on Ontario's mineral re-
sources and their development, and
will help to bring the advantages of
Ontario before the investing public.

The Lithia Club.
Sensible people may be seen lined
up at Garland & Rutherford's lithia
fountain drinking deep rock lithia
water, a sparkling beverage, giving
the system the salts lost through the
respiration. Garland & Rutherford's,
leading druggists.

Ice Cream Soda.
Without exception you get the
finest ice cream soda in the city at
H. Spencer Case's, 50 King street
west. You get the pure fruit juices
and the cream served with them. It
is the very finest. Only five cents, all
flavors.

TO DISCUSS THE FINANCES.

Mayor Wishes to Ascertain
Where the City is at.

MORE BEACH BEAUTIFICATION.

Mayor Teetzel has decided to dis-
cuss the whole question of civic im-
provement with the chairmen of the vari-
ous committees on Thursday afternoon.
At first it was intended to talk over
gully drain and road building work
only, but the Mayor thinks the whole
financial outlook had better be ex-
amined. The City Council and com-
mittees will not only have to keep
within their appropriations, but must
make extensive savings in order to
end the year without an overdraw,
and it is the Mayor's intention to end
even if possible. Already some big
amounts appear on the wrong side.
The operation of the new companies
act deprives the city of a revenue of
\$11,400, and the enforced reduction
of gully drains will cost \$2,000.
The only saving in sight is \$1,200 on
street lighting, so that there appears
to be a deficit of \$12,200 on the right
side. If no other way can be found out
of the difficulty, the Mayor favors pay-
ing the gully drain work out of the
Board of Works' appropriation.
That would leave \$10,000 to be saved
somewhere, and the only way to do
it is to keep the work of the Board
has already been ordered by different
committees.

Mr. Wingate, City Engineer, is not
very well pleased with statements that
he is alleged to have made, but
which came, probably, from friends of
interested parties. For instance, he
has no authority to appoint an assist-
ant engineer. If one is found necessary
it will be for the Council to make the
appointment, and Mr. Wingate has not
been in office yet long enough to
know exactly what help the work will
require. The appointment of an as-
sistant engineer is not a matter of the
special committee, the aldermen think-
ing that the two engineers and the
present help, Messrs. Heddie and Bran-
don, are sufficient for the work of the
engineering and street commissioner's
departments formerly did.

There will be no meeting of the
Board of Works to-night, nor will the
Fire and Water Committee meet to-
night. On Tuesday night, the Finance
Committee will hold its meeting on Thurs-
day.

The road roller is now being work-
ed night and day and the work force
are beginning to catch up with the
road-making work. The tar sup-
ply was not contemplated by the com-
mittee, giving as good satisfaction as
which the city got from the Hamil-
ton Gas Company.

Mayor Teetzel has written to
Senator McInnes thanking him for
allowing the public to use Dundurn
Park on Dominion Day. He is hop-
ing that the by-law for the purchase
of the property by the city be sub-
mitted to the ratepayers about the
10th of September. The park was
largely patronized on Saturday by
women and children particularly.

Owners of dogs are slow to take
out tags, and Inspector Brick ex-
pects to find it necessary to begin
police court prosecutions next week.

This morning Mr. Brick, City Li-
cense Inspector, called on the
Inspector of the police in the cen-
tral market and asked them if they
intended to take out licenses. Two or
three of them promised to give him
cheques for the amount of the license
fee on Thursday, but most of them
said they did not intend to pay, be-
cause the outside butchers have es-
caped under the protection of the
Cushen case. Inspector Brick will con-
sult with Ald. Hill, Chairman of the
Police Committee, with a view to
beginning police court proceedings.

The weekly report from the House
of Commons shows that there are 36
people under the city's care this morn-
ing, including 21 in the incurable ward.
There are 74 patients in the City
Hospital.

Yesterday afternoon, Mr. Barrow,
consulting engineer, and Ald. Neil-
son, Chairman of the Board of Works
Committee, went to the Beach and met
Mr. E. H. Ambrose, representing the
Royal Hamilton Yacht Club. The
Government contract for the harbor
around the R. H. Y. C. club house,
and the club is willing to undertake
the harbor works. The idea is to
widen the present public walk, lay
out new walks, do some filling, grading
and sodding and to build a new
harbor. The Harbor Committee
has no appropriation, and the
Parks Committee has no funds to
do the work.

Architect C. Mills has taken out
a permit for alterations to No. 65
James street south, to cost \$150.

CHRISTIAN ENDEAVOURERS TO
DETROIT BY SPECIAL TRAIN.

On Wednesday, July 5th, the T. H.
& B. will start a special train of ele-
gant coaches from Hamilton at 8
o'clock a. m. to arrive in Detroit at
12 o'clock noon in time for delegates
to the Detroit Convention. The de-
legates will be met at the station by
the T. H. & B. and will be taken to
the hotel. The train will be com-
manded by Mr. J. H. Y. C. club house,
and the club is willing to undertake
the harbor works. The idea is to
widen the present public walk, lay
out new walks, do some filling, grading
and sodding and to build a new
harbor. The Harbor Committee
has no appropriation, and the
Parks Committee has no funds to
do the work.

SATURDAY'S FIGHT.

The Pastime Club management is
having all arrangements made for the
fight between Harry Lemons and
Mike Donovan at the Driving Club
Park on Saturday afternoon. The
ring is being laid out and the seats
arranged. Tickets and reserved seats
may be had at Wm. Carralls, James
street, or at Robins, King street east.
The Hamilton people were not in the
Erne-Lavigne mill at Buffalo last
night say the Lemons-Donovan bout
will surpass the Buffalo affair.

THEY WERE DISAPPOINTED.

Quite a number of Hamilton people
attended the Erne-Lavigne cham-
pionship fight at Buffalo last night. They
were disappointed. The unanimous
opinion is that Erne was not in con-
dition to do any hard hitting, and that
Lavigne was old and stiff and could
not have stood many hard punches.

ON AMERICAN AMATEURISM.

London, July 4.—A despatch from
New York, which has appeared in
the sporting papers, announcing the
disqualification of Burke and Quin-
lan, has caused much interest in the
athletic contests, has caused much
interest in university athletic circles.
Mr. C. N. Jackson, the Barer of
Harford College, Oxford, who is in
charge of the Oxford-Cambridge
team, is quoted as saying in an inter-
view: "Oxford or Cambridge would
never have entertained on such in-
sufficient evidence, the raising of any
objection to Burke's amateur status.
Undoubtedly, in 1895, when the New
York and London Athletic Clubs con-
tested, if the newspapers were cor-
rect, Burke transgressed the racing
rules as recognized in England. But
to notice this fact at the time by the
officials on either side, or by G. Jordan,
the competitor most affected. The clause
in the regulations of the Amateur Ath-
letic Association of Great Britain prior to July
22nd puts the matter in the hands
of the Amateur Athletic Association,
and not the hands of Oxford and
Cambridge. We can only hope
that if they object to Burke, they
will object to Quinlan, they will do so
before the men sail, July 5th. I am sure,
from experience with Yale in 1894 and
1896, that their standard of amateur-
ism is thoroughly satisfactory and I
should be very sorry to say a word
against their amateur status or any-
thing against the standard of amateu-
rism, much could be said, commend-
ing the efforts of the American col-
lege faculties to put amateurism on a
sound basis."

RIFLE COMPETITION.

The second match between the Dun-
das and Waterdown Rifle Associa-
tions in competition for the Sun Life
trophy was held at the Dundas Gun

was a decidedly unfavorable one for

bright. The following are the scores:

THE HORTICULTURAL SOCIETY.

Meeting on the Lawns of Two Members
Last Night.

The monthly meeting of the Hamil-
ton Horticultural Society was held
last evening at the residence of two
of its members; whose hospitality ad-
ded much pleasure to the regular ses-
sion of business. The society congregat-
ed at the residence of Mr. John Knox
and after conducting the prelimi-
nary portion of the business, adjourned
to the residence of Mr. W. F. Burton.
Here the meeting was held on the
lawn, which was brilliantly illumined
with Chinese lanterns. The President,
Mr. A. Alexander, occupied the chair.
The success of the late flower show
was highly commented upon, and
special thanks were tendered Mr.
John Stuart, Senator Sanford, Dr.
Russell and others for their splendid
exhibition of flowers and plants.
Mr. R. T. Steele was present and ad-
dressed the meeting on behalf of the
City Improvement Society. He re-
ferred to the sanitary condition of
Detroit, London, Galt and other
places he had visited recently, and
outlined the plans that the Society
proposed to adopt to beautify Hamil-
ton. He asked the Society to co-
operate in encouraging the growth of
shrubbery and caring for shade
trees in the city. Mr. Steele was elect-
ed a member of the Society. It was
announced that the premium plants
which had been given away by the
Society but had died during the win-
ter, would be replaced on application
to the Secretary, Mr. J. M. Dickson.
After partaking of light refresh-
ments the remainder of the evening
was spent in admiring the great
variety of plants and magnificent
specimens which adorn Mr. Burton's
grounds.
