I SUFFERED FIVE YEARS

Finally Was Restored to Health by Lydia E. Pinkham's Vegetable Compound.

Paris, Ont.—"For five years I suffered from pains caused by displacement of my organs and in my back. All of this time I was unfit for work and was taking different medicines that I thought were good. I saw the advertisement in the papers of Lydia E. Pinkham's Vegetable Compound and took it faithfully. I am now in perfect health and do all my own work. I recommend it to others, and give you permission to publish this letter in your little book and in the newspapers as a testimonial."
—Mrs. D. CASSADY, Box 461, Paris, Ont.

May Hold Bye-Elections In Five Constituencies

Ottawa, July 14—With the advent of the new Government, preparations are likely to be made shortly for bye-elections in five constituencies. Acceptance of offices in the Meighen Administration by F. B. McCurdy and S. W. Wigmore, entailed bye-elections in Colchester, N. S., and St. John City, N. B., respectively. But when the government assumed office, there were already two vacancies in Ontario. One in East Elgin, due to the death of David Marshall, the other in Peterboro, West, due to the resignation of J. H. Burnham. In addition, the acceptance of the office of parliamentary librarian by Hon. Martin Burrell will entail his resignation as a member of the House.

There is a probability also of a sixth vacancy. Sir Herbert Ames, having taken the position of financial director of the League of Nations is not likely long to retain his seat in the House. A problem has arisen, too, in regard to the parliamentary under-secretaryships. During the war, three were created by statute, External Affairs, Soldiers Civil Re-employment and Militia and Defence. They were filled respectively by F. H. Keefe, Lieutenant Colonel Hugh Clark and F. B. McCurdy. Mr. McCurdy resigned some months ago and yesterday was sworn in as Minister of Public Works. Lieutenant Colonel Clark and Mr. Keefe remain. The three positions were created "for the continuance of the present war and until the end of the said war, or if parliament is sitting when the war ends, then until the end of such session of parliament."

London, July 14—The Irish Secretary's office today issued a formal reply to the Trades Union Congress resolution demanding the withdrawal of troops from Ireland. The reply says that the resolution probably is the result of a misconception of the actual functions of the troops, which are not that of occupation, but to assist the civil power and the police in preserving order.

It points out that military law has not been proclaimed, and asserts that the marked absence of disorder on the occasion of the July Twelfth celebration was undoubtedly due to the presence of these troops, and declares that it is impossible to withdraw these troops, which would leave the law-abiding population at the mercy of the forces of disorder.

Delivering Goods By Aeroplane

In our last issue there appeared an item announcing the purchase of an aeroplane by Brandram-Henderson Ltd., and the installation of a delivery service by air from their factory at Montreal to the towns and villages within the central division. Since then, we have seen Mr. George Helliar, the Brandram-Henderson manager at Halifax, who recently returned from Montreal, and he has told us more about it. The conception of the aeroplane idea, he says, was that of the President of the company, Mr. George Henderson, and so far it has proved to be the most effective advertising effort that has ever been made in Canada. Other institutions such as County Fairs, Victory Loan Campaigns, etc., have engaged aeroplanes for special stunts, but Mr. Henderson in his venture went further. He bought an aeroplane outright, lock, stock and barrel, and gave it definite duties which it performs with clocklike regularity.

"Up to the time I was in Montreal," said Mr. Helliar, flights had already been made to a large number of places one to Three Rivers, a distance of 90 miles was made in 50 minutes. On a day when a trip was made to Berthierville, the Mayor of that town proclaimed a public holiday, and on the landing of the aviator, the local band played "See the conquering hero come." I understand that the Brandram-Henderson agent there sold over \$900 worth of paint right in the aviation field, within a very few minutes, so impressed were the people by the firm's enterprise. I might say that in each town before making a landing to deliver his freight, the aviator is instructed to circle about for a time, dropping bombs of propaganda for "B-H. English" and "Brandram's B. B. Genuine White Lead." It is a fine advertising stunt; the most effective that we have ever attempted.

"Perhaps Brandram-Henderson will install an air delivery from Halifax," the "Merchant" suggested. "They might, but for one thing," said Mr. Helliar. Halifax is without an air drome and until she gets one, there is no use to consider the matter. I must say that it made me quite jealous to see our Central Division getting so much splendid publicity, which we might have shared in if only Halifax had had an air drome. However, we may have our chance yet. An air drome for Halifax is a real necessity today.

"You think then," said the "Merchant" "that the aeroplane delivery is a sound commercial proposition." "That," said Mr. Helliar, "is the view of our President. He believes the aeroplane is bound to have an important place in the merchandising world, just as soon as the country will take it seriously, and he hopes that the precedent he has established will be quickly followed by other Canadian manufacturers."

It should be gratifying to all Maritime Province people to hear that one born and nurtured in the province has been the first to install a goods

Children Cry for Fletcher's

CASTORIA

Fletcher's Castoria is strictly a remedy for Infants and Children. Foods are specially prepared for babies. A baby's medicine is even more essential for Baby. Remedies primarily prepared for grown-ups are not interchangeable. It was the need of a remedy for the common ailments of Infants and Children that brought Castoria before the public after years of research, and no claim has been made for it that its use for over 30 years has not proven.

What is CASTORIA?

Castoria is a harmless substitute for Castor Oil, Paregoric, Drops and Soothing Syrups. It is pleasant. It contains neither Opium, Morphine nor other narcotic substance. Its age is its guarantee. For more than thirty years it has been in constant use for the relief of Constipation, Flatulency, Wind Colic and Diarrhoea; allaying Feverishness arising therefrom, and by regulating the Stomach and Bowels, aids the assimilation of Food; giving healthy and natural sleep.
