Finest Thing Ever For Chronic Catarrh!

GETS AWAY FROM THE MEDICINE HABIT, CURES BY NOVEL METHOD.

With the many remedies you have tried you surely know that no liberal medicine can cure your throat or nose. Even a gargle only bathes the entrance of the throat—it can't really get inside, nor can it reach the inflamed bronchial tubes.

With Catarrhazone, it's so different from medicine-taking—you simply breathe its healing vapor, inhale its balsamic fumes, which carry cure and relief to the minutest air cells in the lungs, nose, throat, and bronchial tubes.

In this scientific way the soreness and inflammation is rapidly allayed, relaxed cords are toned up, the entire mucous membrane invigorated. Every trace of catarrh disappears, the disagreeable dropping of mucus in the throat, hawking, spitting and stopped-up nostrils—all these sure signs of catarrh and bronchitis are permanently cured by Catarrhazone. Large outfit lasts two months, costs \$1.00 small size 50c., trial size 25c. at dealers everywhere.

Growth Shows Desire To Extend Army Work

Commissioner W. J. Richards, chief of the Salvation Army in Eastern Canada, has completed his fifth year in that capacity. During that time the Army has seen one of its greatest periods of usefulness. This period takes in the "war years." The great war had been under way since Aug and new problems presented themselves to the organization when he assumed command. These problems required a large measure of initiative to overcome. The task of rendering the highest and most efficient service was shouldered and Canada paid tribute to the success which attended those efforts by over subscribing the amount asked for during the Red Shield Drive.

Commissioner Richards is a forceful man. He is a man of few words. He believes in doing things. During the five years, more than 11,000 persons are recorded as having sought salvation. Notwithstanding the losses due to war, there are today nearly 2,000 more names on the Membership Roll than there were in this territory five years ago.

In July, 1915, Canada East was separated from Canada West, the dividing line being Port Arthur. Even in view of this, there are now only forty one fewer officers in active service in the Eastern territory alone than there were in the combined territories five years ago.

In the Field Report two very striking indications of financial growth are given. In 1914, the Self-Denial total for the combined territories was \$48,726. In 1919, for Canada East alone, it was \$75,591. Harvest Festival returns have been doubled.

SPRING WATER HARD ON BABY

The Canadian Spring weather—one day mild and bright; the next raw and blustery is extremely hard on the baby. Conditions are such that the mother cannot take the little one out for the fresh air so much to be desired. He is confined to the house which is often overheated and badly ventilated. He catches cold. His little stomach and bowels become disordered and the mother soon has a sick baby to look after. To prevent this an occasional dose of Baby's Own Tablets should be given. They regulate the stomach and bowels, thus preventing colds, simple fevers, colic and any other of the minor ills of childhood. The tablets are sold by medicine dealers or by mail at 25c. a box from The Dr. Williams Medicine Co., Brookville, Ont.

GIVES "DIVINE HEALER" THE BUFFALO "MESSAGE"

ST. LOUIS, March 20—Warned by Prosecuting Attorney Sidener that he would be taken to court every day he remained in St. Louis, Frederick L. Rawson, self-styled "divine healer," with quarters at Hotel Statler, today agreed to leave St. Louis at once if charges of petit larceny, placed against him following his arrest, were dismissed. His secretary, May Weston was arrested with him. Sidener told Rawson he must be out of St. Louis before midnight. This agreement was reached at a conference shortly before noon at Sidener's office, which was attended by the prosecuting attorney, Rawson and his lawyer, C. A. Smith. Rawson stated that he was headed for Chicago, and that he would stay at the Congress Hotel, where he expected to pursue his profession of healing without interference. Rawson reaped a big harvest here in dollars and at the time of his arrest had scores of patients waiting as they had been for several days for the silent and divine treatment at \$15 a treatment. Rawson's treatment as given to Louisians consisted of scarcely a few common words and a request to call again. Rawson's arrest was brought about by a policewoman whom Rawson had ushered into a private room.

King's Plate Has 49 Entries Of Thoroughbreds

Forty-nine thoroughbreds have been named for the King's Plate of 1920, the oldest fixture run this year on Saturday, May 22, the opening day of racing at Woodbine Park. While the individual entries are not available, Secretary W. P. Fisher stated this morning that the entry is the largest in years. He also stated that not only is the entry greater, but the number of individual owners greater. The King's Plate has \$75,000 of added money and also fifty guineas the gift of his Majesty King George V. The King's Plate is for three-year olds and upwards, foaled, raised and trained in Ontario, that have never won a race either on the flat or across country, other than a race exclusively for two-year-olds. The distance is one mile and a quarter. The Stanley Produce Stakes of 1920 entries for which closed on March 15, has an entry of 46, as compared with 86 in 1916, the last time the race was run. This shows the effect the ban on racing has had on breeding in Canada. The Breeder's Stakes of 1921 has an entry of 37, while the Maple Leaf Stake, which will also be run in 1921 has an entry of 19.

Big Bomb

Police Warn

Bomb Was Placed

Explosion Woke

City—Much Damage

the Buildings.

Some few minutes before 1.20 o'clock Sunday morning someone placed a bomb in the doorway of the International Co-Operative Bakery on Front Street. It was a big bomb, like in every way. Among other things it contained a lot of big spikes. Put in a place to damage it was planned to carry its function.

About 1.20 there was an explosion which shook the whole neighborhood and was heard all over the city. Some people at distant points were awakened from sleep.

The front of the bakery was blown in and wrecked from cellar to ceiling. Big spikes the bomb had contained were embedded in the ceiling of the shop. In all the police found several spikes.

There was no trace of the rest of the bomb though parts of it may be under water in the cellar.

The force of the explosion wrecked the front of the Rosenberg building opposite, blowing in the fronts of three stores on the ground floor. People sleeping in the rooms above were showered with glass in their beds. Windows in houses two blocks away were broken. The three stores were occupied by Rosenberg's Grocery, Smith's and St. Anna Rosenberg's Pop Shop.

Piles of glass and debris from the explosion strewn the vicinity of the wrecked buildings. The bakery was the object of the destruction.

Much Dissatisfaction

The Delay

Increase

There is not much likelihood of the men's wage question being settled tonight and there is much dissatisfaction being heard.

This extends to the council and questions are to be put tonight to the chairman of the Finance Committee as to what decision has been reached.

Winston Churchill

Lord George

Winston

LONDON, March 20—Winston Churchill, the War Secretary, today added fuel to the political agitation started by the proposed Premier Lloyd George that the Liberal and Unionist parties form a new party to oppose the extremists.

In an article in the Evening Standard Mr. Churchill reiterates the Premier's call of yesterday, and characterizes the so-called Socialist party as a most dark and formidable opponent with which British civilization is confronted.

In the meantime, Andrew Dawson, the Government Leader, in making a speech also upholding the Premier's position. Labor has also been quick to accept the challenge, and Labor members today indicate that they are prepared to fight to the finish to determine whether they will hold power in the Government.
