Covernment May Secure Short British Loan or Use Gold Reserve to Move Western Wheat

Ottawa, Nov. 14.-Just how the Domion government is going to co-operate with the banks in assisting to market. the western wheat crop, especially that portion which is liable to be destroyed if stored away in its present condition, not yet been made public. There to obtain a short loan on the British market, which, under present enditions, is not likely to be adopted. The other utilize some of the gold reserve which is deposited with the finance department as security against the note

It is said that there is more gold reserve than is required for this and other purposes and that some of this might be all events, the idea seems to be to place say \$10,000,000, by way of a loan, to the credit of those banks that are recognized in the west as being grain banks that are loaning money to move the crop. There are some four banks mentione as likely to get part of this loan. They are the Bank of Commerce, the Imperial Bank, the Dominion Bank and the Hamilton Bank. The Union Bank is also

the parties ocncerned that they will do they can in facilitating the movement of the crop. The principal difficul-ty is with the lower grades of grain that have to be moved before naigation closes; otherwise it may be destroyed.

Will Keep Navigation Open. The marine department has arranged to keep navigation on Lake Superior open sent to Washington asking that the lightthur be kept going until that time. The Dominion will pay the extra expenses. This has been agreed to. Everything that in fact is possible for

parties to do is being done to see that the movement of the crop is finance uid any gold of the gold reserve be used, it would likely be necessary to have some legislation on the subject

Toronot Anxious to Know. Toronto, Nov. 13 .- What arrangement the government has made as intimuted by the Hon. W. S. Fielding for having more money sent west by the banks, the local banks do not know. D. R. Wilkie president and general manager of the Imperial bank, one of the largest 'grain' banks, has no information. In discussing the question, Wilkie did not think the government intended to permit the banks to issue bills over the limit fixed by statute, the banks up to now not hav-

kept in elevators. Such complaints are terests of the community, and not encoming in, not from the farmers, but trusted to private persons." precarious nature of the crop, the banks are cautious about advancing money to dealers. The whole trouble

Vancouver, B.C., Nov. 13.-Fred osby, a Japanese employment agent, countrymen, startled Immigration Commissioner King this afternoon with the statement that thousands of Japanese come here in order to reach e United States.

"I have seen maps sold to my untrymen, on which were marked oints at the boundary line where Japanese could easily cross into he United States. There is not a ence at the boundary, you know, aid Vosby, who formerly was secreary to the Japanese consulate in

The sensation of the afternoon fol owed the admission by Yosby that m a commission basis he arranged or the employment of Japanese to ailways and other lere the witness had a clash Sishikawa, president of the Van ouver Boarding-house Jnion, who said that Yosby's comany imported laborers directed from Yosby created a scene by apan. naking a denial, and Kishikawa deracted and modified several of his revious statement, although the com-

aissioner warned him of the penalty f perjury. commissioner declared that Cishikawa was trying to conceal some eatures of his dealings, and a full nvestigation into this phase of the natter will later be made. A director of the Canada Kangho lompany said his concern made one undred dollars per week profit in he employment business by a perentage on the wages of the men, but e was at great pains to deny that hey assisted in the importation in Editor J. P. McConnell, of the Sat-

rday Sunset, said the charges in his ewspaper were based on current umors rather than on any direct knowledge.

C.P.R. HAS BEEN ACTIVE.

Construction Work This Year Has Been Extensive Winnipeg, Nov. 16.-The Canadian 'acific is now preparing for the close f the most active construction season the West that it has had since the

ranscontinental line was opened for

hrough traffic In Saskatchewan efforts have been irected to opening up the stretch of erritory lying along the main line of ne C.P.R. with branch lines, and housands of men have been engaged One of the main branches is the orkton line, on which trains have een running as far as Sheho for everal months. This Yorkton line now being extended clear through Saskatoon, a distance of two hun red miles. Already grading has peen completed to some distance vest of Lanigan, and it is expected hat grading will be completed through o Saskatoon by the end of the month, nd with the opening of spring steel aving will be commenced. It is exected that early next summer the ine will be in operation, by which ime the G.T.P. line will also probabbe ready for work, so that the ailway facilities from Saskatoon will be greatly increased. The C.P.R. ine to Saskatoon will run through the eart of Las Mountain Valley he Quill Lake country, both of which re very rich agricultural districts. whose development has only awaited ransportation facilities. numbtr of small towns are springing ip along the route, and stations are being laid out or the trade centres which will be created by the compleion of the line and the stttlement of he country which will result.

Canada to be Congratulated.
