Harbor Grace Notes.

A baby girl was born to Mr. and Mrs. William Cochrane on Friday last.

It will soon be in order for our Regatta Committee to arrange for our annual regatta. It would be well to have it take place on one of the days when our St. John's friends are here on an excursion.

Speaking of the Regatta reminds us that many people think the old site at the pond is the best for the races, and also has a tendency to remind the older folks at least of the pleasant days formerly spent there. The new site at the lower end of the pond, used for the first time last year, is not by any means so suitable as the old one. The committee will, no doubt take this into consideration, and do the best for the greatest number.

Miss M. Oke, of E. teacher at Bell Island, arrived by Saturday night's train to spend her vacation with her parents Mr. and Mrs. John L. Oke. Miss Oke is enjoying perfect health, and likes her work on the Island very well.

Our talented young townsmen, Mr. T. J. Freeman, has just installed an engine in a trap boat for Mr. Soper, of Carbonear, and the boat will be used on Labrador. A trial spin on Saturday showed that everything worked splendidly, the boat easily making 8 knots. The engine was imported by Mr. W. Davis, together with another for his own use, which Mr. Freeman will install this week. Captain are plentiful in the market to-day and are selling at 20 cents per lb.

We hope that none of your St. John's people who had arranged to come over with the S. O. E. will can-

cel their arrangements on account of scarlet fever being here. To such, if there be any, we would say that only a few light cases are about here, and these are under strict quarantine, so there is no danger whatever. Come along, then, and visit our old town. CORRESPONDENT. Harbor Grace, July 3, 1911.

McMurdo's Store News.

TUESDAY, July 4, 1911. Ice Cream is perhaps most appropriate on a sultry or clammy day. It seems to cool better and quicker than drinks. The addition of fruit or walnut is a great make up. Littledale Garden Party and Labor Sports

Everything points to a successful issue for the Littledale Garden Party, which will come off to-morrow, Wednesday at Smithville. Given fine weather, a record will be easily established for this particular Garden Party. The ladies in charge of tables, etc., have worked most assiduously and unselfishly, and certainly deserve every credit; and the Furlong family, too, are uniting in their efforts to make the event a marked success.

A great attraction will be the Sports, held during the afternoon at the Garden Party, and which were under the auspices of the St. John's Journeymen Coopers' Union, the Longshoremen's Protective Union, the Firemen's Protective Union and the Journeymen Tinsmiths' Union. A very attractive programme has been arranged as follows: (1) 100 yards dash. (2) (a) High jump. (b) Putting the Shot. (3) Quarter Mile Run. (4) Tug of War—Firemen vs. Tinsmiths. (5) Tug of War—Coopers vs. Longshoremen. (6) Relay Race. (7) One Mile Run. (8) Tug of War Final. (9) Marathon Race Finish. The cup for the tug of war has been specially donated by the Premier, the Rt. Hon. Sir E. P. Morris, to be competed for by four above-mentioned Unions and is to be won on points. Another beautiful cup given by generous friends is amongst the prizes. Cash and silver medals—also donations from friends—are to be given to the successful competitors. His Grace the Archbishop has kindly consented to present the prizes to the fortunate winners. The excellent Band of the T. A. & B. Society will be in attendance throughout the entire proceedings, so that the public may enjoy amongst many other things a feast of rare and good music.

Billiard enthusiasts will remember that a gold medal is to be given to him who makes the highest break. A first class billiard table, with all accessories, will be on the grounds; whilst footballers can test their skill at the football target. So all things considered, if any friend in Toronto be in good temper, and sends along plenty of sunshine, with a tempering breeze, his will certainly prove the bumper donation, and those concerned will give him three hearty cheers, and a "Tiger."

The Shipping Strike.

Special to Evening Telegram. LONDON, To-day. Last night saw the practical end of the shipping strike which, so far as its international character is concerned, was a failure from the start. The strikers have not secured all their demands, but have obtained substantial victories, including the recognition of their union. The agreement was signed by nearly 40,000. The shipowners gave an advance of 60c weekly, dockers get an increase of a halfpenny an hour, with a weekly half holiday to all. There are other minor concessions.

Special to Evening Telegram. GLASGOW, To-day. There was serious rioting last night among the striking seamen. They cut the moorings of two vessels and allowed them to drift into the river. The police were forced to make several charges. Many strikers were injured and many rioters arrested.

De Broke Breaks Out.

Special Evening Telegram. LONDON, To-day. The Lords again devoted the whole sitting to a consideration of the Veto Bill and discussed a number of minor amendments, most of which were withdrawn. The notable feature of the sitting was the joining of the forces of Lansdowne and the official opposition with the Government party to defeat an amendment of a back-woodman peer, Baron de Broke, which aimed at preventing the passage of any bill under the provision of the Veto Bill, until it had been submitted to a poll of the people. The amendment was rejected by 90 to 17.

Heavy Death Toll.

Special to Evening Telegram. CHICAGO, To-day. Five deaths, several injured by heat, two drowning, and a score of prostrations yesterday followed the heat wave. The temperature was 100 degrees.

I.O.G.T. Annual Session

The Annual Session of the Grand Lodge of Newfoundland opened last night in the Congregational Church Lecture Hall at 8 p.m. Rev. Brother Thayer presided. The officers were elected with but few exceptions were in their places, and a goodly number of representatives themselves greeted the G. C. Templar upon his taking the chair. After the opening ceremonies the Credentials Committee presented their report, and all entitled to seats on the Grand Lodge were received in the ritual form and recorded by the members. The reports were read by the officers of the various departments and handed to the Committee on the state of the order, who will report at to-night's meeting.

Notwithstanding the many drawbacks during the past year, good temper continues its work quietly, and much progress has been made, and this is particularly noticeable among the St. John's Lodges. The session was full of hope and encouragement, and the opening words of welcome from the G. C. Templar inspired all present to continue the good work in the cause of God and Humanity. Shortly after 10 a.m. adjournment took place, after the Benediction had been pronounced by the G. C. Templar.

He was captured and brought to the station without difficulty.

He has circulated an appeal to the Republican troops, and hopes that some of them will join the Monarchists' forces.

She Was Cut Down.

It will be remembered that Wednesday last the banker Huron, Capt. W. Martin, arrived in port from the Banks with three dories which were picked up on the Banks a few days before. They were found tied together and in them was found a lighted torch, a coat, cup and grub. A telegram from Havre, France, dated the 29th June, states that the banker Simonne, to which the dories belonged, was cut down by the La Lorraine on the Banks. The vessel was sunk but the crew were rescued.

DOGS KILL GOATS.—Dogs which it is believed came in over the hills from Petty Hr. are now roaming the South Side hills nightly and within the last few nights have killed a number of goats owned by the people there. These goats were very valuable to the people, yielding them a goodly milk supply, and to lose them is a great hardship. Something must be done to relieve the community of these brutes.

ZAM-BUK SAVED THIS BABY
Mrs. M. Barrett, Montreal, says: "A horrid rash came out all over my baby's face and spread until it had totally covered his scalp. It was irritating and painful, and caused the little one hours of suffering. We tried soaps and powders and salves, but he got no better. He refused his food, got quite thin and wore, and was reduced to a very serious condition. I was advised to try Zam-Buk, and did so. It was wonderful how it seemed to cool and ease the child's burning, painful skin. Zam-Buk from the very commencement seemed to go right to the spot, and the pimples and sores and the irritation grew less and less. Within a few weeks my baby's skin was healed completely. He has now not a trace of rash, or eruption, or eczema, or burning sore. Not only so, but cured of the irritating skin trouble, he has improved in general health."
Zam-Buk is sold at all stores and medicine shops. A box, 6c. or post free from Zam-Buk Co., Toronto, for price, 6 boxes for \$1.00. A certain cure for all skin diseases, cuts, burns, etc., and for piles.

Dear Sir,—The Scripture that "dead flies cause it to stink savour." Among good things that the Sec. secretary of the Temp. Moral Reform Department Methodist General Conf. said there is that which is as dead flies to the car's oilment as set for Dr. Moore in his Thursday night laid down that is so monstrous in its conception that impossible that no mind should have failed to do it once repudiate it. It is not then so much the weird odium in this country, as referred to is, how his theory of the kind on earth—the new vision, as he spoke of in morning's discourse.
