A Slick Transaction.

We learn from people who arrived recently from the Labrador that a man named James Mangrove, of Fox Harbor, Labrador, received three barrels of flour from Dr. Grieve, who had charge of relief goods sent down there by the Government for the benefit of destitute people. Later Head Const. Shepard, who is down the coast, found that Mangrove had purchased from one Hy. Piquet, on Aug. 23rd, 5 barrels of flour. He will be prosecuted for obtaining goods under false pretences.

John Smith a Much Married Man.

Los Angeles, Sept. 28.—Five women—and there may be more—are seeking one John Smith, with vengeance in their eyes. They all say they were married to Smith. He has escaped arrest so far because of his name.

Detective Zeigler also is looking for Mr. Smith. He has a warrant for his arrest, charging bigamy. Zeigler thinks Smith is in the city, probably paying court to another intended. The wives hail from the Atlantic to St. Louis, and thence to Sabinal, Texas, and date from 1887 to last week.

Banks Deny Union.

London, Sept. 26.—The announcement cabled across to the effect that the Colonial Bank is about to be absorbed by the Royal Bank of Canada, received official denials at both offices. Tentative negotiations, it is said, were under way some time ago, but have fallen through for the present.

The Stomach Needs Help

The liver, kidneys and bowels must be kept active with DR. CHASE'S KIDNEY-LIVER PILLS.

The liver and kidneys are overworked in their efforts to remove the poisonous waste matter from the system. They fail and become torpid and clogged. The bowels become constipated and stomach derangement follows.

There is one medicine which will overcome this condition more certainly and more quickly than any other,—and that is Dr. Chase's Kidney-Liver Pills.

This medicine gets the bowels in action at once and by awakening the liver and kidneys ensures the thorough cleansing of the filtering and excretory systems.

With the poisonous obstructions removed, the digestive system resumes its healthy condition, appetite improves, pains and aches disappear as well as irritability and depression.

You cannot imagine a more satisfactory treatment. One pill a dose, 25 cents a box, at all dealers, or Edman, Bates & Co., Toronto.

Indigestion & Dyspepsia

In all its Forms Can be Cured.

It is quite a daily occurrence to hear persons say: "Oh, what a feeling of distress I have after meals, fullness of the stomach, heaviness and headache, I feel too tired to do anything. I have no heart to exert myself, and at times I care for nothing." Often have a pain in the pit of the stomach, no appetite, my heart beats rapidly on the slightest exertion. I feel just as tired when rising in the morning as when retiring to bed. My sleep is often disturbed, and I often awake with a sense of suffocation and a difficulty of again going to sleep. I have to be careful of what I eat, and my life seems a veritable burden.

Now, it seems a shame and a pity for persons to be suffering like that when it is in their power to get cured by taking a bottle of Dr. Stafford's Prescription A. A sure cure for persons afflicted with stomach troubles. It can be obtained at

DR. F. STAFFORD & SON, Duckworth St. and Theatre Hill. Small size, 25 cents; postage 5c. extra; large size, 50 cents; postage, 10c. extra. Mail orders must be accompanied by remittance.—aug3

Go and Blow Your Head Off.

SHOT HUSBAND INSTEAD.

Denver, Colo., Sept. 26.—Mrs. Chas. A. Patterson, who yesterday shot and killed her husband, a former Chicago broker, told the police to-day that Patterson had urged her to kill herself. Mrs. Patterson declared that, while walking with her husband just before the shooting, the latter handed her a revolver and said:

"There, go blow your head off."

She said what followed is a blank to her.

How the publicity attending her killing of her husband may affect the wedding plans of her sister, who is to marry a wealthy St. Louis man on Thanksgiving Day, appeared to be her greatest worry as she walked jauntily into the maroon's room at the jail after a refreshing night's sleep.

"I want news of this kept from my sister," was her expressed wish. When informed that an account of the shooting was printed in St. Louis papers, Mrs. Patterson became excited. Then she regained her composure and remarked simply: "It is awful."

A year or two ago Patterson sued a wealthy Chicagoan for alleged alienation of his wife's affections.

Mr. John Moulter, of Shea & Co.'s office, picked up a letter yesterday addressed Mrs. Edgar Walters, Britannia Cove, T. B. He handed it into the Telegram office, and the management had it posted to Mrs. Walters address.

Caretaker Found Guilty

When Dr. Grenfell's assistants came to the hospital at Indian Harbor, in June last, they found that some person or persons had gone through the place and the outhouses and that a lot of clothing and food, such as pork, etc., with considerable firewood had been stolen. George and Jesse Flowers had the keys of the place during the winter, suspicion fell upon them, and being brought before Dr. Armstrong they were found guilty, and as it was their first offense they were released under suspended sentence.

McMurdo's Store News.

WEDNESDAY, Oct. 4, 1911. If you are in doubt as to what tooth paste to use, try Sanident. It has just reached the market and embodies the most up-to-date discoveries in the line, exhibited in elegant form. We predict for it great popularity. It looks well, tastes nice, and best of all it does the work. Price, 25c. a tube.

Douglas' Egyptian Liniment is one of the most stimulating applications, and one of the best counter-irritants we have met. Many stories have been told to us as to its extraordinary effects in soothing pain of various kinds. Price, 25c. a bottle. Just arrived: a stock of the well-known tonic Newazone Tablets. Price, 50c. a box.

GRAND RECITAL.—The Recital at Cochrane Street Church, postponed yesterday on account of the weather, takes place this evening at 8.30. The Choir will render three selections, and from their past record will be worth hearing. Miss Flora Curtis, who has been studying at Sackville, will sing "Fear not ye," by Dudley Buck. The above, with the instrumental music on the magnificent organ, will no doubt afford a very pleasant hour to those who attend.

Still Marking Time.

Special Evening Telegram. LONDON, To-day. The lapse of another day leaves the Turkish-Italian war without further development. There is no confirmation of the alleged bombardment of Tripoli, which appears unlikely to have happened, as it will yet be several days before the expeditionary force is ready to leave the Italian shores. Apparently the Italian Government is apprehensive that the Turkish fleet may be able to hamper the passage of transports. The expedition will be started from ports in different seas in order to minimize that danger.

Italy is in no hurry to get the expedition on the way. Another reason for delay of the warlike operations is the continuance of the Turkish Cabinet crisis. Meanwhile the pour-parlers of the powers continue without intermission. It is said that Russia is now supporting Germany in her efforts to bring about peace.

Turkey Retaliates.

Special to Evening Telegram. LONDON, To-day. A report without confirmation comes from Vienna to the effect that the Porte has ordered a Yemen expeditionary force to occupy the Italian Colony of Eritrea, to be supported by the Turkish flotilla in the Red Sea.

Turkish Transport Captured.

Special to Evening Telegram. TARENTO, Italy, To-day. The Italian armoured cruiser, Marco Polo, brought into this port, the Turkish transport Sabah, which she had captured. Great excitement prevailed throughout the day, during the disembarkation of the prisoners, taken along with the steamer. These include a Turkish General, a Colonel, a medical corps, many soldiers, 5,000 rifles, 60 grenades, much ammunition and 200 horses.

Correspondents Being Detained.

Special to Evening Telegram. LONDON, To-day. The London Times correspondent at Malta in a despatch complains of a large party of Italian, French and English newspaper correspondents, bound for Tripoli, being detained at Malta by the Sanitary Authorities, because they had touched at Italian seaports, where cholera is believed to prevail. Two Turkish sailing vessels have been seized by Italians at Raternio Harbor.

RECRUITS JOIN FORCE.—Two recruits joined the police force Monday, a young man named Kelly of Placentia and another named Delaney of Whitebourne. They are two fine able chaps and are being put through the drill each day at Fort Townsend.

Mr. M. K. Greene has returned from his visit to Bell Island, after spending a very enjoyable holiday. We understand he travelled half way across to St. George's under ground in the mines and was delighted with his experience.

BIG SING FALLS.—The big railway crossing sign which contained an ad. of the enterprising P. F. Col. line, and which spanned the King's Bridge Road near the old railway track, came down with a crash in the storm of yesterday about 1.30 p.m. It was fortunate that there was no one passing under it at the time.

TELEGRAPH POLES DOWN.—People who arrived from Portugal Cove this morning report that there are dozens of telegraph poles down on the road and the wires are all tangled up which will necessitate several days work. The storm raged all along that shore fiercely and yesterday was like a winter's day.

Britain to Have Invisible Airship.

London, Sept. 27.—Patents have been granted in England for an improved airship which at a distance of one thousand yards will be invisible. Its envelope will be made of chromium, a metal possessing such a highly polished surface that it will be equivalent to a mirror.

As metal will always reflect the color of its environment, either bright or murky, according to the atmosphere, this airship will be indistinguishable.

To prevent the lower part of the airship from showing the reflection of the earth, which would make the vessel stand out prominently in the sky, there will be a special keel running the length of the craft.

The keel will taper to a point, and there will be no surface from which the earth could be reflected. The inventor is Baron Adam Roenne.

More Pay for London Policemen.

London, Sept. 26.—Every "Bobby" in this city is wearing the smile that won't come off, and the reason therefor is contained in the announcement that the Home Secretary, on the recommendation of the Commissioner of Police, has decided to grant an increase of pay of one shilling and sixpence a week to constables, two shillings to sergeants, and in like proportion to the higher rank.

No one will grudge the increase to "Bobbies," whose lot, as every one knows, is not always a happy one, but who nevertheless is an example of courtesy and kindness to the policeman of all other cities of the world.

Perhaps, now that the government has given a measure of justice to the police, some one may take up the question of increasing the pay of army officers, who, according to one who has grown gray in the service, are still receiving the same compensation that was allowed when George the third was king and when a pound had the purchasing power of four guineas to-day.

"I get the same allowance for heat and light," said this officer, "that was given a century ago—fourpence a day—and in winter I manage to get both by purchasing a four-penny cigar and lighting it when I turn in for the night."

Great Chippewa Sachem is Dead.

St. Ignace, Mich., Sept. 28.—Chief Sagato, the last great Sachem of the once powerful Chippewa nation, is dead here, at the age of 105 years. Once monarch of vast hunting grounds in the Straits region, the old warrior died in poverty.

The poet Longfellow obtained from Sagato much of the material on which was based his epic on Indian life, "Hiawatha."

Nova Scotian is Blown to Pieces. Quebec, Sept. 28.—News comes from Bale, St. Paul, of an accident which took place on Thursday, when a man named Masson, of Nova Scotia, was blown to pieces by a premature explosion of dynamite. The victim was employed on the line of the Quebec and Saguenay Railway some miles below Bale, St. Paul.

CHEERED AUSTRALIA'S NAVY. Sydney, N.S.W., Sept. 28.—Yesterday the white ensign was hoisted on the jackstaff of the destroyer's fleet of the Australian navy now in harbor. Enormous crowds of people gathered to witness the interesting and impressive ceremony of saluting the colors.
