

Announcing
A New Car
in St. John's.

It is the good fortune of the ANGLO-AMERICAN GARAGE to be able to announce their appointment as distributors of the Oakland Sensible Six.

The Oakland is a good-looking car, as light in weight as is consistent with high quality construction, economical to run, and exceptionally comfortable.

Purchasers of this automobile will, of course, have the advantages not only of a uniformly good car, but also the finest service facilities.

Stanton Oil, Perfection Tire!

At present prices of the above two stocks, we sincerely believe they are excellent purchases, and much more so for those who already hold them at higher cost than the present market price.

For those who are speculatively inclined we earnestly suggest a "flyer" in either of the above stocks, and we believe the next couple of months will make good profits for those who buy RIGHT NOW while low prices prevail. Small investors may start as low as \$20.00 in either stock, while a "flyer" of \$20 or \$50 in each of the above stocks should soon show a splendid profit with your money back. Ask us about them.
