

Civic Commission.

WEEKLY MEETING.

The weekly meeting of the Municipal Commission was held yesterday. The Mayor presided, and Councillors Vincombe, Peet, Collier, Jackson and Hallett were present. The minutes of the last meeting were read and confirmed. The weekly accounts were then submitted.

A communication was received from the Nfld. Board of Trade in reference to the watering of shipping, asking that some arrangement be made whereby shipping concerns would be permitted to use the hydrants on their premises without the assistance of the water man, so as to avoid the present inconvenience and delay. They asked that the request be acceded to, pending the finalizing of details in connection with the matter, which they submitted, could be adjusted at a conference between the Council and representatives of the Board. The matter was deferred for consideration.

R. F. Horwood asked that the gutters near the Methodist College on Harvey Road be given attention, so as to avoid the flooding of the above premises during rainstorms. This matter was referred to the City Engineer.

Miss J. S. White, South Side, wrote protesting against the dumping of all kinds of refuse opposite her dwelling, and asking that same be immediately discontinued. The Sanitary Supervisor was instructed to see what can be done.

Mr. A. Pittman, South Side, called the attention of the Council to conditions generally on the South Side Road, and asked that something be done to remedy same. The Road and Sewerage Inspectors will do the best possible under the circumstances.

G. House, Winter Avenue, requested that the Sanitary Department be instructed to collect the garbage from his neighborhood. The Supervisor will make the necessary arrangements.

J. Lawrence, Pleasant St., asked compensation for damages through expropriation of property. This matter was settled some time ago.

R. Tucker, George Street, thanked the Council for acceding to the petition for a light, recently submitted by the residents of George Street and Holdsworth Street and vicinity, and asked that, in view of the present conditions in this section, the Reid Nfd. Co. be notified to have said light installed as quickly as possible. It was ordered accordingly.

The following plans were passed, subject to the approval of the City Engineer:

Geo. Hampton, annex to shop, Munby Pond Road; J. E. Whitten, out-house, Hamilton Avenue; J. Burnstein, out-house, Springdale St.

The lighting of the city was discussed at some length, and it was brought to the notice of the Board that, during the recent storm, a great portion of the city was in total darkness. The Reid Nfd. Co. will be asked for an explanation of this matter, and are also to be written regarding the present condition of electric light poles.

The report from the Department of Public Health showed two new cases of diphtheria within the city for the week.

Application of W. H. Ewing to instal motor, Pleasant Street, was referred to the Engineer.

Reports of City Engineer and other departmental heads were tabled.

After the passing of pay rolls and bills the meeting adjourned.

WORKING PEOPLE! The fishermen, by being united, practically control the House of Assembly. You, by not working together, have no seat there nor at the Council Board. Embrace this opportunity and show your strength by electing E. J. WHITE—THE LABOR LEADER—dec9,21

Moored for Winter.

It has been decided to have S.S. Glenelg which arrived here on Thursday bound to Quebec remain here for the winter. The ship will be moored alongside the S.S. Glenelg, owned by the same Company. As soon as navigation in the St. Lawrence opens next spring both steamers will proceed to their destinations. The captain and crew of the Glenelg will be sent home at the first opportunity. The crew of the Glenelg have already left for their homes.

Old Comrades' Dance.

The C.L.C.C. Old Comrades held a dance in the gymnasium of the Armory last night. It was attended by over 100 people. The affair was lively throughout. The music was supplied by the C.L.C.C. Dance Orchestra under Captain Morris. Excellent time was kept and some new selections were played. The floor manager was Mr. H. R. Peckham. A very nice supper was served at 11 p.m. and dancing was continued afterwards until after midnight. This dance was the first of a series which the Old Comrades will hold during the winter. The success of last night's dance augurs well for those to come.

Loss of the Courageux and 600 Souls.

The gale of wind on December 10, 1798, fell heavily upon the British ships in the Bay of Gibraltar, and the 74-gun ship "Courageux" and the 74-gun ship "Commodore" commanded by Lieut. John Burrows in the absence of Capt. Hallowell, who was on shore attending a court-martial, parted from her anchors and drove nearly under the Spanish batteries on the opposite side of the Bay. It being necessary to retire from this dangerous situation the "Courageux" stood over towards the Barbary coast. Lieut. Burrows was averse to passing through the Gut, lest he should fall in with the French squadron. Towards evening the wind increased to a hurricane, the rain poured down in torrents and there came a tremendous storm of thunder and lightning. Soon after 8 p.m. the ship was allowed to go to dinner, and the officers, with the exception of a lieutenant of the watch, retired below at 9 p.m. while stretching across under her course to get well to windward of her port, the vessel struck on the rocks at the foot of Ape's Hill, became a complete wreck. Of 533 officers and
