THE PUBLIC HEALTH.—We are glad to notice that Mr. John Stevens, the Board of Health Inspector, has been indefatigable in causing the ratepayers to clean up their back yards and other places where all kinds of filth and refuse had accumulated during the winter. The work is not all done, however, and we hope that Mr. Stevens will not rest until he has compelled the parties interested to clean every lane and back yard where the least particle of offensive matter has been deposited. The hot weather will soon be on us, and it is the duty of the authorities, as well as the citizens, to employ every means to preserve the health of the town. Prevention is, in regard to the public health, most emphatically better than cure.

REFORM DEMONSTRATION IN HALTON.—The Central Committee of the Halton Reform Association met in Milton on Thursday, and after passing resolutions of confidence in the course pursued by J. White, M.P., and W. Barber, M.P., members for the County in the respective Houses, unanimously resolved to hold a grand picnic at as early a day as convenient, and to invite the leaders and other influential members of the Liberal party, to be present. Great enthusiasm was manifested, and it is expected that the demonstration will be one worthy of glorious old Halton.

THE London Economist, in an article on the payment of the indemnity of France to Germany, pays a high compliment to the shrewdness and excellent management of the French financiers, who have not only managed to pay off the vast sums due to Germany, but have accumulated quite a little hoard of gold and silver in the national coffers in Paris. The Economist says that this has caused London to feel largely the effect of the transfer in gold to Germany, and placed the Bank of England at the mercy of Bismarck and the German Treasury.

HERE'S A SPECIMEN.—The Bruce Herald says:—"The Toronto Grit organ is in ecstasies. It gloats, glories and howls at the mere sight of papers said to have some connection with the Pacific Railway." What symptoms of ecstasies! We never know before that an organ would raise a cry of distress or howl when excessively joyous. Try it again friend. Have a dictionary at your elbow, or let the man who dictates to you spell all the hard words.

It is said that before leaving Ottawa, at the close of Parliament, a number of French-Canadian Conservative members decided to follow the leadership of Mr. Langevin as head of their party. Others preferred Mr. Cauchon, who will at any rate command a large share of confidence among Quebec Conservatives.

"VERBICE, GUILTY."—The St. Catharines Times is responsible for the following:—"It is an old saying that when rogues fall out, honest men get their due. This has been well exemplified by the course of some of the manipulators of the Pacific Railway swindle. Mr. George W. McMillan, a clever Canadian, now editor of the Chicago Post, was one of the principals in the management of the scheme which was consummated for the realization of some three hundred thousand dollars of 'Yankee Gold' to be used in debauching and bribing the electors of the Dominion and secure a majority for John A. Macdonald's Government. The terms upon which the money was handed over were that the Canada Pacific Railway should be handed over to a company which was virtually controlled by American capitalists. Evidently Mr. McMillan's stay in Yanketown did not much improve his ideas of political morality, for a man who can deliberately negotiate terms to sell his native land is no better than he ought to be. But this same Yankeeized Canadian, for reasons known no doubt to himself, has gone back on his fellow conspirators, and is now prepared with documents and other evidence to establish beyond a doubt the guilt of John A. Macdonald, Langevin, and the rest of the wicked crew, to whom Mr. Merritt has given his unqualified support during the session now closing. It will be strange if such an indignation does not arise in the minds of the Canadian people against those betrayers of the country that they will have to sink for ever away into obscurity.

A complete and thorough reorganization of the Militia Department is in contemplation as soon as a Minister is appointed. Sir John has assured certain officers and volunteers that it is contemplated to reduce the force and make it more compact and better paid. A change in Militia affairs has been recommended, but Sir George, in spite of the failure of his system, persisted in it, but now we hope for better things.

GREAT COMMOTION IN THE DRY GOODS TRADE

and a Tremendous Rush at our Mantle and Millinery Rooms.

On all hands we hear of dull trade: "Nothing doing," says Tom, Dick, and Harry, but it is not so at THE LION. Times better than ever. Still great bustle and activity at the leading house. The spring trade is opening beautifully, thus encouraging us to greater endeavors in the public weal; and the reason of our success is apparent. Our Goods are all direct from the manufacturer, and none can do a successful business only those who buy from first hands, for which our Establishment has long been noted, and has raised the standard of our House (combined with the energy of the proprietors of the firm) to the present proud position, and more especially for the last two years, so that our daily sales are almost equal to the combined trade of the same character in the Town of Guelph.

OUR MILLINERY DEPARTMENT
