RAILWAY.**—The Hamilton Times learns that at the meeting held between the delegation from South Bruce and the Wellington, Grey & Bruce Railway Directors on the 2nd instant, in reference to the reasons why the southern extension was not opened for traffic, it was moved by Mr. D. D. Campbell of Listowel, and seconded by Mr. E. C. K. Davies, of Henfry, and resolved, "That a vote of thanks be tendered to the Board for their explanations and the courteous manner in which the delegation was received, and that the delegation continue to have confidence in them, which was unanimously carried."

**BREAKFAST.**—Epps's Cocoa, "GREATFUL AND COMFORTING."—By a thorough knowledge of the natural laws which govern the operations of digestion and nutrition, and by a careful application of the fine properties of well-selected cocoa, Mr. Epps has provided our breakfast tables with a delicately flavoured beverage which may save us many heavy doctors' bills.—"Civil Service Gazette." Made simply with boiling water or milk. Each packet is labelled "James Epps & Co., Homoeopathic Chemists, London." 1/6-9m

About fifty new buildings have been erected in Clifford during the past summer, besides several more in course of construction.

**PERRY DAVIS PAIN-KILLER.**—Its effects are almost instantaneous, affording relief from the most intense pain. It soothes the irritated or inflamed parts and gives rest and quiet to the sufferer. It is eminently the people's friend, and every one should have it with them, or where they can put their hands on it in the dark if need be.

Two years ago Dr. Johnson left \$150,000 to establish a charitable institution for coloured people at New Bedford, Mass., which has failed of its purpose by the fact that one condition was that his daughter should leave "no heirs," when he probably meant "no issue." The daughter has died recently without issue, but her mother is her heir and gets the property.

**CARD.**

Knowing that a personal call on the Manufacturers with Cash in hand would secure rare Bargains, our Mr. John M. Bond has devoted himself since May last to visiting the chief manufacturing centres and principal markets in Canada, the United States, England, Scotland, France, Germany and Belgium.

The savings on goods bought on this continent proved to be considerably more than we expected, and in Mr. Bond's last letter dated "Paris, France, July 30th," he informs us that in a few weeks he hopes to complete his work, and that during this month and next we may expect to receive one of the Cheapest and Best Selected Stocks ever brought into Canada from the European Markets. As the result of negotiations in person not only have purchases been made at extremely low prices, but unusually favorable ocean freight rates have been secured. Thus, every effort has been made to obtain a cheap, well assorted, and excellent quality of goods, such as will meet the requirements of our trade. When we receive these goods Bargains will be expected. In the meantime we are selling our present stock at very low prices in order to make way for our extensive importations, and invite the attention of all to the peculiar advantages we offer.
