Splendid Stand. "The splendid stand made by Lieut. Carruthers' party, without cover of any kind and against overwhelming odds, was well worthy of the best traditions of Canada and the whole empire. Before their ammunition was exhausted, 15 out of 21 were either killed or wounded. Sergt. Perry, although hadly wounded, fought until he was fighting until he was shot through the eye. He then threw the bolt of his rifle into the long grass to render it useless to the enemy.
