Rallying gallantly, he talked brightly through half an hour. But once again in the woodpath he sat down for a sturdy wrestle with his soul. He lived over again the day when the sea had cast up treasures at his feet. He was alone—it was seven years back, after a phenomenal storm. He had stood at the very edge of the hungry breakers, watching them rave and roar, when it swept tumbling in—the brass-bound oaken chest, full of gold and bank notes.

NERVES GAVE OUT.

For Months Mrs. Myles Lay a Helpless Sufferer From Nervous Prostration-Her Stomach Failed Her and She Could Not Sleep and Gradually Grew Weaker and Weaker.

Mrs. John Myles, Sr., of South Woodslee, Essex Co., Ont., is well known throughout the surrounding country because of her work among the sick and suffering, and it was on account of over-exertion in

this regard that her health broke down and she lay weak and helpless, a victim of nervous prostration. Doctors could not help her and she resolved to try Dr. Chase's Nerve Food. As a result she has been thoroughly restored and by recommending this treatment to others has been the means of bringing back health and happiness to many a weakened and discouraged sufferer from diseases of the nerves.

MRS. MYLES writes:—"When I began the use of Dr. Chase's Nerve Food I was confined to my bed with what the doctors said was nervous prostration. My stomach was very weak and I could not sleep at all for any length of time. Nervous chills and trembling would come over me at times and I seemed to be getting weaker and weaker all the time. There were also pains on top of the head which caused me much suffering and anxiety.

After using half a dozen boxes of Dr. Chase's Nerve Food I began to gain in weight and to feel stronger. Since then I have been gradually restored to health, and in looking back can say that the improvement has been something wonderful. I used in all forty boxes of this preparation and feel it a duty as well as a privilege to recommend it to all who are suffering from nervous disorders. Several persons to whom I have described my case have used it and been cured, and I am sure that I owe my present good health, if not life itself, to Dr. Chase's Nerve Food."

There is no guesswork about the action of Dr. Chase's Nerve Food. It is composed of the most potent reconstructive agents known to science, and by its direct and natural influence on the blood and nerves is certain to prove beneficial to the person using it. In nearly every community in Canada there are cases similar to that of Mrs. Myles, in which pale, weak, suffering women have been restored to health and vigor by the use of Dr. Chase's Nerve Food. If your blood is thin, if your nerves are weak, if the organs of your body are imperfectly performing their functions, you can be certain that the use of Dr. Chase's Nerve Food will' benefit you. You can prove this by noting your increase in weight while using it.
