## DREYFUS CAUSE OF A NEW CRISIS

French War Minister Resigns as Result of du Paty de Clam Affair.

## PREMIER WOULD QUIT

Premier Poincaré Induced to Remain in Office By His Colleagues.

Paris, Jan. 12.—Alexandre Millerand, who won a reputation at home and abroad as a great war minister, resigned from that office today. M. Lebrun, minister of colonies, has been appointed minister of war, and M. Benaud, under secretary of finance, replaces M. Lebrun, the under secretaryship in the ministry of finance being temporarily abolished. The ministerial crisis was the direct outcome of the reinstatement of Lieut.-Col. du Paty de Clam in the French territorial army. With the election of President occurring on Friday, greatly confused, with indignant pointing to a stirring week.

The reinstatement incident led to dramatic sessions of the Cabinet, at which M. Millerand explained that he felt in honor bound to re-establish du Paty de Clam in fulfillment of a promise made by his predecessor in the war ministry, M. Messimy, but as this act was causing serious attacks against the ministry he desired to resign.

The minister of agriculture, Jules Pams, who is opposing Premier Poincaré for the presidency of the republic, expresses regret that M. Millerand had seen fit to take such a responsible political step without consulting his colleagues.

Premier Poincaré himself admitted that had the Minister of War conferred with him he could not have seen his way clear to ratifying the reinstatement of du Paty de Clam. Nevertheless he wanted to stand by his colleagues.

## CRUSHED TO DEATH

Jury Assigns Two Causes for Fatality on Grand Trunk Railway.

[Special to The Advertiser.] Guelph, Jan. 12.—The verdict of the coroner's jury on the late Walter Allen, killed on the G. T. R., was as follows: "That Walter Joshua Allen came to his death from injuries received at Glen Williams, County of Halton. The said injuries were received by being crushed between the van of the train he was working on, and the crippled car standing on the siding. We also find from the evidence that had Allen obeyed the orders of the conductor in charge of the train he would not have been on the van at the time of the collision, and we also find that had the box car on the siding been in perfect condition the accident would not have happened."

## THORNDALE SOCIAL

Adult Bible Class Members Proved Most Hospitable Hosts.

[Special to The Advertiser.] Thorndale, Jan. 12.—The adult Bible class of the Methodist Sunday school entertained the Excelsior Bible class at the home of Mr. Jas. Carrothers. There were about 50 present and a very enjoyable time was spent.

A good program was arranged, consisting of solos by Mr. Geo. VanHorne, Mr. Jas. Angus and Miss Verna Angus; music by the male chorus and recitations by Mrs. (Dr.) Armstrong.

A splendid paper on the "Ideal Home Life" was read by Mrs. W. B. Fitzsimmons. After the program, W. B. Harding and Edward McLeod were chosen as captains for a spelling match, which was won by the former's side.

A dainty lunch was served and a hearty vote of thanks rendered the adult class, and Mr. and Mrs. Jas. Carrothers, for the evening's entertainment.

The annual meeting of the Farmers' Institute will be held in Harding's Hall this afternoon and evening. Mrs. Parsons, of Forest, will address the Women's Institute in the afternoon. The speakers will be W. C. Shearer, of Bright, and Mr. White, agriculturalist, of Middlesex. There will be joint meeting in the evening and a good program furnished.

The Scotch Concert Company, of Canada, will give a concert in Harding's Hall on Tuesday evening under the auspices of the Women's Institute.

## TEMPERANCE HOTEL PLANNED FOR GALT

A Company May Be Formed Shortly to Build a Fine New House.

[Special to The Advertiser.]

Galt, Jan. 12.—The local optimists in Galt have taken official cognizance of the talked-of necessity or more hotel accommodation. At a rally held on Saturday night, attended by a couple of hundred temperance men, it was decided to appoint a committee to investigate the necessity, and it was understood that if the need was found to exist, further action would be taken. Several prominent citizens said they believed that a temperance hotel could be successfully conducted, and it was generally agreed that if a new hotel was built it should be modern in every respect.

A. R. Goldie proposed that in the event of action being taken a company be organized and a proper prospectus drawn up, and that the anti-liquor friends be permitted to subscribe stock if they so wished. Rev. A. J. Johnston said that the control of the hotel should remain in the hands of the local optimists, and W. E. Evans suggested that a condition be that under no circumstances should liquor ever be allowed to be sold in the hotel.

A permanent executive committee was appointed at the meeting, and it will be their duty to select the men who will look after the hotel situation.

## WINGHAM MAY REDUCE ITS HOTEL LICENSES

The Council Will Hold Its First Meeting for Organization Tonight.

[Special to The Advertiser.] Wingham, Jan. 12.—The new council will hold its first meeting tonight, and will organize for the year. It is rumored that the question of reducing the number of hotel licenses will be taken up at an early date. There is a very strong sentiment here in favor of the proposal.

The reason given for the defeat of the factory bylaw is that the people thought that by having girl-labor it would not bring very many households to town. They prefer factory work done by men, as the building of houses follows.

Mr. G. W. Ross, superintendent of postoffices, was here recently, and made arrangements for drop-letter boxes to be placed in different parts of the town.

Mr. Ken Rae is lying very ill in the hospital with pleuro-pneumonia, and some of his friends are anxious about him.

Mr. A. L. Hamilton is improving nicely.

## PLAN WORLD CRUISE OF MISSION'S EXPERTS

To Investigate and Report on the Work in the Various Foreign Fields.

[Canadian Press.]

New York, Jan. 12.—A world cruise of a shipload of missionary experts to investigate the work in foreign fields is a plan submitted by J. Campbell White, founder of the laymen's missionary movement, at the annual meeting of the organization, opening at Garden City, Long Island, today. Action on the proposal, which includes the expenditure of \$500,000 a year for five years, will be taken during the week. The reports which the world-cruising party brought back would be brought back in a great missionary campaign, eclipsing the successful campaign conducted in many cities in these countries two years ago.

Figures will be submitted at the meeting to show that America leads the world in gifts to foreign missions. The Protestants of the United States gave nearly \$15,000,000 last year, an increase of about \$2,500,000. Canada gave \$48,000 more than last year.

## SCIENTIFIC PLAN OF EDUCATION

Great Britain's Poorest Will Be Benefitted by Lloyd George Scheme.

## BROADER CURRICULUM

Co-ordination of Primary, Secondary and Higher Education Is the Liberal Government's Idea.

London, Jan. 12.—Viscount Haldane's forecast of the great national educational scheme, linking primary schools and the university, has attracted widespread attention. The object of the plan is to complete the educational ladder whereby the child of any man can climb to the top through his mental capacity rather than through cash.

**Broader Curriculum.** The Daily News gives the following broad outlines of the Government policy as far as it has already taken shape: The primary school education is to continue for a longer period in the year, beginning earlier and continuing later. The curriculum is to be broadened, particularly in the direction of increased manual and technical instruction. In the secondary school, more room is to be given to the continuance of education of every primary school child whose capacity justifies and where circumstances permit.

Universities on the lines of Liverpool and Leeds are to be increased in number with the special object of serving local needs over an area of several counties. Scholarships or other subsidies are to be forthcoming sufficient to open the door of the university to every boy or girl reaching the required standard.

**Schools For Youngest.** In the new measure, recommendations of the consultative committee of 1908 are likely to be adopted. Schools for mothers will be established on a generous scale, and what may form a state kindergarten instituted in such special nursery schools for children under five as is considered well to remove them for some hours of the day from surroundings unfavorable to the development of their health and character.

While the new proposals represent in every sense the settled policy of the Government, it may be regarded as representing in a special degree the views of Viscount Haldane and Mr. Lloyd George, who are closely associated in formulating this great national scheme for the young.

## LADY ABERDEEN ARRIVES AT MONTREAL

Gives Message to Her Many Friends in Canada—Accompanied by Miss Asquith.

Montreal, Jan. 12.—Lady Aberdeen arrived here this morning from New York, and was driven at once to the residence of Lady Drummond, Sherbrooke street, and accompanied by Miss Asquith, attended divine service at St. Paul's Church. In the evening Lady Aberdeen and her travelling companion left for Ottawa.

**Message to Friends.** "My Canadian and American friends are so kind, and their official and personal communications are so frequent and interesting that it is simply impossible for me to forget the very good friends we have left behind on the continent." Thus spoke the Countess of Aberdeen at the residence of Lady Drummond this afternoon, after meeting a number of leading citizens who had hastened to greet her. As respects to the wife of a former governor-general, and a lady who for years past has taken such a lively personal interest in the welfare of Ireland, where Lord Aberdeen is still lieutenant-governor, the Countess of Aberdeen since she left Rideau Hall, and it was quite evident from her conversation that she takes the same interest in Canada as when she was the first lady resident of the Dominion's political capital. "I was most anxious," she said, "to see Mr. and Mrs. Bryce, and our visit to the neighboring Republic was more than pleasant. Miss Asquith, the daughter of the British Prime Minister, who accompanies me, finding the social side of American life exceedingly agreeable. This, in fact, is her first visit to America."

Lady Aberdeen's heart, however, is with the great movement now going on for five years or more in connection with the Women's National Health Association of Ireland, and her statements concerning the women's efforts to stem the ravages of tuberculosis in that country were decidedly instructive.

Asked if she had any great advancement in the British and continental treatment over that applied here in Canada, her ladyship replied that evidently Canada was doing a fine work and she was more than pleased to learn of the great advance here and of the many valuable institutions which had been erected in different parts of the country, and especially the King Edward Sanatorium, with which establishment her ladyship appeared to be very familiar. As a matter of fact, she has just met a number of medical gentlemen and from one and all she had learned of the good work that was being carried on in Canada.

## KILLED BY TRAIN

Body of James Murphy Found on the Tracks at Wallaceburg.

[Special to The Advertiser.] Wallaceburg, Jan. 12.—James Murphy, aged 55, a farmer residing near here, was found dead beside the Pere Marquette tracks here by Murphy. As he had a broken back, severe cuts about the head, and lay about four feet from the rails, it is supposed that he was struck by a westbound freight. A parcel of bread and some clothes he was carrying was found by Murphy. He survived by his wife and a family of several children. An inquest will be held.

White Sale, Ladies' Underwear

SMALLMAN & INGRAM, Limited

White Sale, Embroideries

# White Sale at Its Height This Week

THE BIGGEST White Sale ever attempted by this store is now at its very height. Each year we go into this White Sale event encouraged by the successes of the past, with a determination to outdo all previous efforts. We would not be carrying out our business principles if we did not do so. Every season must make an advance, otherwise our progress would be in the wrong direction.

The great attraction and most important feature of this sale is the very low prices and exceptionally good values shown in the face of present high prices in the raw cotton market, caused by last season's short crop, as the bulk of the White Sale goods were contracted for many months ago when prices were much lower.

Now is the time to have your summer sewing done. The machines are already humming, and we have no hesitation in saying that there is little prospect of obtaining better prices later in the year, as there is scarcely a number which at present can be repeated at old prices. We placed heavy orders in all lines and there will be no rise in prices here during the present White Sale.
