# U. S. Tariff Bill Makes Many Radical Changes

## RATES BELOW LEVEL PAYNE ALDRICH BILL

Framers Declare Measure to Meet Unusual World Conditions.

DELAYED

Will Become Effective When Signed by President Harding.

stration tariff bill, as finally perfected in conference, was presented today in the house and the conference repor on it. bearing the signatures of the Republican managers, will be called up with the expectation that will be disposed of not later that Thursday. The measure then will go to the senate, but because of opposition to the by-embargo and other provisions, action there may be de layed a week or more.

As now framed, the bill is estimated roughly by the experts to raise approximately \$400,000,000 in revenue on the basis of the present volume of trade of the United State The level of its rates, according in the Payne-Aldrich bill, the las Republican protective tariff, but considerably above the level of the Democratic Underwood law now

diately after President Harding sign t, replacing both the Underwood and signed, its framers have said, to mee the unusual world economic situation It confers on the president of the United States broad authority to decrease or increase rates on foreign valuation and to declare American valuation that is, the wholesale sellng price in the United States, as for assessing duties.

The more important rates in the pon in conference, are:

11/2 to 2 cents a pound. Sheep and office, which is to be erected on the pound. Hogs, 1/2 cent a pound. Fresh resh, 2½ cents a gallon. Buttermilk, | brick structure, approximately 70 feet Milk, condensed or evapor- \$50,000. each, \$30 each; valued over \$150 piling books against the walls.

cent a pound. Oats, 15 cents a bushel. Rye, 15 cents a bushel. Wheat, 30 cents a Wheat flour, 78 cents per 106 pounds. Apples, 25 cents a Peaches and pears, 1/2 cent a pound. Peas, green or dried, 1 cent | Turnips, 12 cents a hundredweight.

MUST BE RESIDENTS.
