

MY DAUGHTER WAS CURED

By Lydia E. Pinkham's Vegetable Compound

Baltimore, Md.—"I send you here with the picture of my fifteen year old daughter Alice, who was restored to health by Lydia E. Pinkham's Vegetable Compound. She was pale, with dark circles under her eyes, weak and irritable. Two different doctors treated her and called it Green Sickness, but she grew worse all the time. Lydia E. Pinkham's Vegetable Compound was recommended, and after taking three bottles she has regained her health, thanks to your medicine. I can recommend it for all female troubles."—Mrs. L. A. CORRAN, 1103 Rutland Street, Baltimore, Md.

Hundreds of such letters from mothers expressing their gratitude for what Lydia E. Pinkham's Vegetable Compound has accomplished for them have been received by the Lydia E. Pinkham Medicine Company, Lynn, Mass.

Young Girls, Heed This Advice. Girls who are troubled with painful or irregular periods, backache, headache, dragging-down sensations, fainting spells or indigestion, should take immediate action and be restored to health by Lydia E. Pinkham's Vegetable Compound. Thousands have been restored to health by its use.

IN THE PROBATE COURT OF RESTIGOUCHE COUNTY

To the Sheriff of the County of Restigouche, or any constable within the said County, Greeting:

WHEREAS Alexander Cook, Administrator of the estate and effects of John Cook, late of the Parish of Dalhousie, in the said County, deceased, hath filed in this Court an account of his administration of the said deceased's estate, and has prayed that the same may be passed and allowed in due form of law.

You are therefore required to cite the heirs, next of kin of the deceased, and all of the creditors and other persons interested in his said estate, to appear before me at a Court of Probate to be held in and for the County of Restigouche, at my office, in the Town of Campbellton, in said County, on Monday, the tenth day of April next, at 11 o'clock in the forenoon, and there to attend the passing and allowing of the said account.

Given under my hand and the seal of the said Probate Court, this twenty-eighth day of March, A. D. 1911.

(Signed) William Murray,
Judge of Probate for the County of Restigouche.

(Signed) John Barbour,
Registrar of Probates for the County of Restigouche.

Trueman & McKenzie,
Dalhousie, N. B., Proctors.

PUBLIC NOTICE

Public notice is hereby given that the annual election for Mayor and Councillors for the town of Campbellton, viz., two Councillors for each of the three wards within the said town and two for the whole town, will be held on

TUESDAY, APRIL 18TH, 1911.

The court for the nomination of candidates will be opened at the Council room, corner of Prince Wm. and King Streets, on Tuesday, April 11th, at 9 o'clock, p. m., and will remain open until 5 o'clock, p. m.

If more than one person be nominated for Mayor or more than the requisite number of persons for the office of Councillors at the said Court then a poll will be held on above date, Tuesday April 18th, of which due notice will be given.

Dated at Campbellton, N. B., this 30th day of March A. D. 1911.

JOHN T. REID,
Town Clerk

Notice of Legislation.

CANADIANS EAT EGGS FROM MANY COUNTRIES

We Bought over Nine Million Eggs from the United States Last Year and Large Quantities From China

Canada imported 883,324 dozen eggs during the fiscal year ending March 31, 1910. From the United States alone 757,316 dozen eggs came to Canada. China sent us 87,050 dozen, and Hong Kong 41,245 dozen, while small quantities came from Great Britain, France and Japan.

Our egg exports amounted to 104,835 dozen, but only 30,917 dozen went from Canada to the United States, so that we bought from the Americans 717,399 dozen more eggs than we sold to them.

Canada sold 33,405 dozen eggs to Great Britain, 20,947 dozen to Newfoundland, 10,700 dozen to Bermuda, 2,196 dozen to the British West Indies, 44,100 dozen to Cuba, 12,555 to St. Pierre and a few dozen to British Guiana, Mexico and China.

Deducting our total exports of eggs from our total imports of eggs it will be found that Canadians consumed 728,489 dozen more eggs than the total production of eggs in Canada.

The duty on eggs coming into Canada is three cents per dozen. If the Reciprocity Agreement goes into effect this duty will be removed and the importation of eggs will greatly increase.

A board of tariff experts, recently appointed by the United States Government to compare Canadian and American prices, has reported on the price of eggs at Buffalo, Toronto, Burlington, Vt., Montreal, Lancaster, N. H., Sherbrooke, Que., Ogdensburg, N. Y., Prescott, Ont., Bangor, East-

port and Calais, in Maine, and St. Stephen, N. B.

The statement of prices prepared is for the month of January, 1911, and the result of the enquiry is shown in the following table:

Place	Wholesale Price per doz
Buffalo, N. Y.	\$.36
Toronto, Ont.	.40
Ogdensburg, N. Y.	.30
Prescott, Ont.	.32
Lancaster, N. H.	.27
Sherbrooke, Que.	.32
Burlington, Vt.	.27
Montreal, Que.	.35
Bangor, Me.	.30
Calais, Me.	.28
Eastport, Me.	.26
St. Stephen, N. B.	.33

It will be noted that the prices in Canada were considerably higher than in the United States.

Reciprocity will give Canadian farmers the privilege of selling their eggs in the United States at lower prices than they can get for them in Canada, and it will give farmers of Australia, the United States and twelve other foreign countries the right to send eggs into Canada free of duty.

The report of the United States Government experts also deals with the prices of other farm products in the two countries. The Canadian Century will publish the figures in future issues and those who read them will be convinced that Canadian farmers have nothing to gain by Reciprocity with the United States.

The London Times refers as follows to the anti-reciprocity howlers in Britain. The remarks are as applicable to those in Canada:

"Exaggeration of the effect of the reciprocity agreement upon British interests is to be deprecated. To describe it as a deadly blow to our interests, or to the cause of imperial unity, would be read as implying that those who made the agreement had dealt a blow of that kind. Unionist speakers should never forget that those who made the agreement also made the preference which we enjoy, and have thus given substantial proof of the sincerity of their regard both for this country and the empire. The pleasure of sharpening invective against our own government is much too dearly purchased at such a price."

WAREHOUSE WON BY 1217

In the bye-election in York County on the 30th ult. The local government candidate, Dr. O. E. Morehouse, won over Geo. F. Burden. Opposition by 3761 to 2544—about the same majority as at the general election in 1908.

NEW USE FOR CONCRETE

One of the latest uses of cement as a substitute for wood in shipbuilding. A scow constructed of reinforced concrete was successfully launched at Port Dalhousie, Ont., on Nov. 9 last. It is designed for general use in maintenance work on the Welland canal.

SMALLPOX AT ADAMSVILLE

Several new cases of smallpox have developed in Adamsville, and four houses are now under quarantine.

A PREMIUM ON MARRIAGE

In Belgium they place a premium on marriage by allowing a married man two votes at an election as against the single man's one. In Madagascar one must be a father or pay for the default. If a man is unmarried or childless at the age of twenty-five he must contribute annually \$3.75 to the support of the state, and each woman who has remained single or is childless at twenty-four is taxed \$1.80 per year.

WHAT WILL THE AVERAGE COW DO?

Dairy farmers are rapidly awakening to the necessity of weighing and testing each individual cow in the herd. Twenty new cow testing associations have been organized in Quebec since the beginning of this year: twelve new ones have commenced operations in Ontario; two more in Nova Scotia, and one more each in Prince Edward Island and New Brunswick. This means at least four thousand more cows being checked up each month in addition to the 11,800 in 1910. Probably many more members will be added this month.

The extension work provided for by the establishment of Dairy Record Centres is proceeding briskly. Centres are already in working order in Oxford and Peterboro Counties, Ont., St. Hyacinthe, Que., and at Kensington, P. E. I., with others contemplated. A supervisor has been appointed to extend cow testing in British Columbia.

Some cows have started with excellent records for January and February: yields of 1,690 and 1,490 pounds of milk and over 20 pounds of fat for the two months, are good indications of dairy possibilities for this season. What is the average cow intending to do this year?

Forms for recording weights of milk are supplied free on application to the Dairy Commissioner, Ottawa. When applying, the number of cows should be stated and whether forms are required for weighing daily or on three days each month.

MICHAEL HICKEY

Mr. Michael Hickey, of Chatham, aged 69 years, a son of the late Patrick Hickey, died Monday forenoon on the 27th ult. After having been engaged in stevedoring and boat building, forty-one years ago he entered into the boot and shoe business in which his brother Jas. was a partner. Mr. Hickey leaves a widow, formerly Miss Margaret Hickey of Newcastle, and four children, Clifford P. and Stanley J. in the drug business; Clare, at home, and a sister, Annie, of the Hotel Dieu, St. Joseph.

POVERTY IN CHATHAM

Seven children and no food in the house.—My husband is sick, I have seven little children, and we have nothing in the house to eat. This is, in brief, the pathetic story told to the editor yesterday. The Commissioner of the Almshouse, she added, "won't give me anything, and I want a half barrel of flour." Pretty hard pinch for the poor little woman. Somebody ought to be looking after such unfortunate as she. Nobody should be allowed to starve. We will give this family's address to anyone who wishes to inquire into the case with a view to helping the distressed by gifts or by appealing to the authorities for food for the mother and children.—Chatham World.

\$100 REWARD, \$100

The readers of this paper will be pleased to learn that there is at least one dread disease that science has been able to cure in all its stages, and that is Catarrh. Hall's Catarrh Cure is the only positive cure now known to the medical fraternity. Catarrh being a constitutional disease, requires a constitutional treatment. Hall's Catarrh Cure is taken internally, acting directly upon the blood and mucous surfaces of the system, thereby destroying the foundation of the disease, and giving the patient strength by building up the constitution and assisting nature in doing its work. The proprietors have so much faith in its curative powers that they offer ONE HUNDRED DOLLARS for any case that it fails to cure. Send for list of testimonials. Address F. J. CHENEY & CO., Toledo, O.

The right volume of sound for your home

Many sound-reproducing machines are sold altogether on the argument that they are loud. The volume of sound produced by an

Edison Phonograph

while perfect in its reproduction and musical in its tone, is not loud, strident, noisy or ear-piercing.

It is easy to make a loud Phonograph. It is an art to make a Phonograph which gives proper value to each kind of music and all within the compass of the ordinary parlor or sitting room. When you buy an Edison Phonograph you will appreciate what it is to have an instrument that reproduces sound properly of the right volume for your home.

There are Edison dealers everywhere. Go to the nearest and hear the Edison Phonograph play both Edison Standard and Edison Amberol Records. Get complete catalogs from your dealer or from us.
