The Printers' Union is the cause of a case of demestic infelicity in Galveston. A female compositor, who was a member of the union, recently married a non-union compositor, who retused to join the union. A boycott was voted, in which the young wife participated. Sult for divorce is now pending.

—Holloway's Corn Cure destroys all kinds of corns and warts, root and branch. Who then would endure them with such a cheap and effectual remedy within reach?

—Ayer's Sarsaparilla is prescribed and recommended by eminent physicians, and is taken with perfect safety by old and young. Its cleansing and vitalizing effects are sure and speedy, and it is universally conceded to be the racet effective of all blood purifiers.

Miss Van Zandt. Miss Nina Stuart Clark Van Zandt, was engaged to marry August Spies, the Anarchist, is going on a foreign tour and the marriage engagement (thanks to the efforts of the girl's mother) is off. She is 21 years old of the girl's mother) is off. She is 21 years old and Spies is 31. The romantic young woman was born at Philadelphia, Jan. 5, 1866. Her father, who is a well-known chemist, belongs to one of the old Dutch families which removed to New York State from Central Pennsylvania about fifty years ago, but he was born in Amsterdam, Holland. Her mother is a member of a Scotch-English family, Clark by name; and is said to be a descendant of the royal house of Stuart. One branch of her family has lived in Pittsburg for several generations. Miss Van Zandt is well remembered by many people in Philadelphia. The neighbors, who recall the little miss of ten or twelve years of age as last seen by them, de-

the Government to give it legal recognition.

Miss West and Miss Mitchell, two of the prettiest girls in Washington society, have in augurated a reform in declining to accept bouquets from their partners in the german. They have risen to the point of consideration for the pocket-books of the young men.

—It may be only a trifling cold, but neglect it and it will fasten its fangs in your lungs, and you will soon be carried to an untimely grave. In this country we have sudden changes and must expect to have coughts and colds. We cannot avoid them, but we can effect a cure by using Bickle's Anti-Consumptive Syrup, the medicine that has never been known to fail in curing coughs, colds, bronchitis and all affections of the throat, lungs and chest.

—The thin cannot gain in weight if they are troubled with dyspepsia, because the food is not converted into the due proportion of nourishing blood, which alone can furnish the elements of flesh. But there is no reason, when this wearing, attenuating disease is conquered by Northrop & Lyman's Vegetable.
