AID ASKED FOR HALF-BREDS.

The Condition of These People Described

as Deploable.

Winnipeg, Man., Feb. 15.—Major Read,

commandant of the Salvation Army in

Manitoba, has been transferred to To-

rontario and leaves for there next week.

Rev. Father Lacombe, pioneer mission-

ary of this country, arrived here to-day

en route to Ottawa. He goes there to

interview the Dominion Government on

a scheme which he has formulated for

the assistance of the half-breeds. He said

that the condition of the half-breed peo-

ple of the Northwest, amounting to over

8000 souls, was becoming deplorable.

With the advance of civilization and the

progress of the white man, the half-

breeds were becoming poorer every day.

Wilson Barrett "The Maxman."

Colonel John D. Hopkins' Trans-Oceanic

Star Specialty Company, which is usually

concocted to be the foremost vaudeville

organization of America, will play their

annual engagement at the Toronto

Opera House next week. A variety

show without a weak feature and with

nothing to offend any portion of an

audience is a rarity, but such is said to

be the character of the Hopkins enter-

tainment. This year's company is an

unusually large one, and includes the

Donnasettas, a trio of English

acrobats and pantomimists, direct from

the London Alhambra; Little Gerlie Coch-

ran, who, although not yet 5

old, is said to possess such a marvelous

memory that she can rattle off answers

to statistical, historical and biblical

questions at the rate of one second,

or as fast as a rapid reader can ask

them; Clayton, Jenkins and Jasper; Bar-

rett and May; Smith and Fuller; Tom

Mack, Bert Jordan, Nettie De Courcy

and others. There will be matinees on

Tuesday, Thursday and Saturday

evening.

Academy of Music.

The one and only Lily Gray's Colonial

Gaiety Company will be the clever at-

traction at the Academy for the week

of Feb. 15, and the travesty stars, Agnes

Evans and Nettie Hoffman. Two of the

handsomest and best costumed ladies on

the burlesque stage, head an extremely

large and very interesting company of

high-class entertainers.

The organization is well put together,

and under the able management of Harry

W. Semon, who for season after season

has never failed to present a grand bill

of attractions, the company is well con-

nected with, and one that is fully up to

date, and some say a little beyond. The

costumes are perfectly fine, and all the

ladies very pretty.

A MONTREAL ELECTROTYPY.

He Is Raised from Misery to Comfort and Health

The Wonderful Change Was Wrought By Paine's Celery Compound.

DAVID BOOTH.

Mr. David Booth, manager of the extensive electrotyping department of The Montreal Daily Witness, is known to thousands in the great commercial metropolis.

The rude hand of affliction was laid heavily upon Mr. Booth two years ago. Life was made miserable for him, and he was prevented from enjoying the ordinary blessings which flow to those who can pleasantly take three good meals each day.

Before hearing of the wonderful healing virtues of Paine's Celery Compound, Mr. Booth had experimented with ordinary medicines without any success; even the services of a physician proved useless.

While in a serious condition Mr. Booth was recommended to use Paine's Celery Compound. The first bottle proved magical in its effects, and after a short time Mr. Booth was perfectly cured. He writes as follows for the benefit of sufferers:

"Two years ago I had a severe at-

tack of dyspepsia, and thinking it would pass away, I paid no attention to it until it became so bad that I had to see a doctor, whose prescriptions only gave me temporary relief. I suffered terribly after the lightest meal; the smallest piece of bread gave me pain, and I could not get proper sleep, consequently I would feel very weak and would perspire with the least exertion. I have spent considerably money buying medicines advertised to cure indigestion, but none seemed to meet my case. Every second day after eating meat at dinner, I had a rash of blood to the head. A friend recommended me your Paine's Celery Compound. I bought a bottle, and am pleased to say I can now enjoy a good square meal. I can confidently recommend your medicine to any one suffering from indigestion, in fact I am now quite an enthusiast for Paine's Celery Compound."

Has been secured by us at very great concessions in price. These goods are all high grade and of the very latest French and American styles, and have to-day been placed on our counters at One-half Regular Prices.
