Premier MacDonald To Consider Questions Carefully

SO INFORMS DEPUTATION

Statement of Clergyman After Meeting Premier

LONDON, Jan. 30.—(Associated Press Cable.)—That the new Government is not disposed to act hastily, even on such a problem as unemployment, is seen in a statement made to-day by Ramsay MacDonald, the premier, to a deputation received in Edinburgh.

It was a private function and no report of the premier's statement was issued, but, according to a statement made by Rev. Mr. Warwick, a member of the deputation, who attended and addressed a committee of unemployed, Mr. MacDonald said that any measures for relieving unemployment must depend on the financial arrangements which it would be possible to make. Therefore, the unemployed must be patient and wait until the various departments were in complete working order and all matters of the administration successfully handled.

Further, according to Rev. Mr. Warwick, the premier promised to consider the recognition of Russia, credits at home and abroad and housing and unemployment when Parliament resumed its sessions.

WITHIN 10 DAYS.

LONDON, Jan. 30.—(Associated Press Cable.)—Full diplomatic recognition of Soviet Russia by the British Government is expected within 10 days, according to political observers conversing with the Labor Government's intentions. The premier is expected to announce an accomplished fact before Parliament meets on February 12.

It is understood that the British and the restoration of private property in Russia to British citizens will be dealt with by a joint commission to be created as soon as ambassadors are exchanged.

Premier MacDonald realizes that the resumption of relations with Russia does not need the sanction of the Commons, however the Labor Government believes it will be in a better position to defend its action on the floor of the House of Commons if the recognition is already an accomplished fact.

NOT EXACTLY CORRECT.

EDINBURGH, Jan. 30.—Premier MacDonald's secretary, when his attention was called to the statement of the premier's utterances in Edinburgh, asserted that Mr. MacDonald's conversation was quite informal. He added that the version of it given by the Rev. Mr. Warwick was unauthorized and in some respects inaccurate.

DECLARES SIGNATURE TO WILL NOT GENUINE

Handwriting Expert Testifies in Fight Over \$300,000 Toronto Estate.

TORONTO, Jan. 30.—The signature to the will of the late William Henry Hill, of Toronto, disposing of an estate of \$300,000, was said by E. W. Stein, a handwriting expert of Philadelphia, to-day, to be genuine. Mr. Stein was testifying before Justice Onda on the proceedings launched to stop probate of the will, which in its present form leaves \$50,000 to a lawyer who acted for Mr. Hill for a time and a large sum to his doctor.

Mr. Stein, also an expert on typewriting, said that the signature on the will reading "absolutely, and I direct my executor and trustee to pay over all the rest and residue of my estate to Dr. Kenneth Campbell," had been added afterwards, as the position not only was not in alignment with the rest of the typewriting, but the lettering also was fainter, showing either a lighter touch or a more worn typewriter ribbon used.

The case is proceeding.

S. S. EMPRESS OF CANADA STARTS ROUND-WORLD TOUR

NEW YORK, Jan. 30.—On the schedule hour of 5 o'clock p. m. the Canadian Pacific Empress of Canada, under the command of Captain G. W. Moore, departed from North River, passing the Statue of Liberty at sunset, with approximately 300 passengers to cruise the world. As the palatial liner cleared the pier, she pulled out the Filipino band played popular dance music and those on the dock, as well as those on deck, danced to the airs. As thousands of Americans visited the ship during her five-day stay, the departure was attended by a great throng.

The departure signified a farewell to Commander Robinson, C. B. E., R. N. B., who has been honored in the metropolis during his visit as the hero of the Japanese disaster. Sir Augustus Nanton, accompanied by Lady Nanton, were among the prominent Canadians. Mark Workman and Miss Workman, of Montreal, left on the cruise, and also Senator Nathaniel Curry and Mrs. Curry. The well-known artist, Harrison Fisher, was scheduled to sail, but owing to illness his reservation was canceled at the last moment. Rubens and family, of Joliet, Ill., who is well known in the moving picture industry; Augustus D. and Mrs. Curtis, of Parvise, and Mrs. H. T. LABORITES RAP THE ONE-MAN CAR

Party Asks Action In Petition To Legislature.

TORONTO, Jan. 30.—Representatives of Labor to-day presented their annual petition to the Provincial Government for legislation in the interests of the workers. The chief requests were those urged in former years, namely, the eight-hour working day, the minimum wage laws and the relief of unemployment.

In addition, however, the Labor men this year desired legislation which would forbid the operation of one-man cars on street car lines and make it necessary to have both a motorman and a conductor on each car. They also wished to secure a definition of the barbering profession, which would debar all those from working at it who had not served a stated term of apprenticeship and who did not maintain certain standards in their establishments.

They desired that the Municipal Act be amended so that municipalities would be unable to compete for franchises by offering reduced or fixed assessments. They also urged the continuation of the provincial savings offices and the enforcement of the Adolescent School Attendance Act.

Other major legislation which was asked for included the amending of the Workmen's Compensation Act so that all workers, irrespective of whether their employers might be, would receive compensation when injured; the amending of the Mothers' Allowance Act so as to include widows with one child; and the bringing of all young persons under the Minimum Wage Act. The deputation also strongly urged that labor should be given a representative in the Hydro-Electric Commission.

The Government promised that the items would be made the subject of careful consideration.

WILD SCENES AT U. M. W. MEETING

Defiance of President Lewis Turns Bedlam Loose

CHAIRMAN IS DEFIANT

Attempt of Insurgents To Change Rules Fail

INDIANAPOLIS, Indiana, Jan. 30.—(Associated Press Dispatch.)—Defiance of International President John L. Lewis burst bounds in the United Mine Workers' convention late to-day and for one hour turned bedlam loose.

"Shout till you meet in Hades," President Lewis thundered when the rioting reached the edge of his platform, "but the chair won't change his rule."

He had first ruled that anti-administration delegates had failed to sufficient votes to secure another roll call, on a proposition to change representation in the convention.

Insurgents fought for a return to the rule in effect before the 1922 convention, when it was charged representation was reduced because of the expense of the anti-administration delegates from Illinois. They lost on division by 785 to 692, and then voted 558 for a roll call, 12 votes short of the required 50 per cent.

Insurgent delegates from Illinois were the leaders in the demonstration. Finally, 10 delegates failed to sufficient votes to secure another roll call, on a proposition to change representation in the convention.

He ran into the most picturesque of the administration's supporters, whose name is "Chauncey" Smith, is in his name. "Not a one of you goes."

The bold front of this delegate from Raleigh, Tenn., came at the right moment, and Loyal was deprived of a following.

SEEKS ORDER.

For an hour President Lewis, at one time demanding, then appealing, tried without effect to restore order. Shrieks of "give us justice," and "We want a square deal," filled the immense Tompkins Hall to the ceiling, each time he called on Secretary Van Blitner, of the constitution committee, to continue reading of his report.

He declared, before adjournment, while stamping of feet and yells prevented hearing even at the edge of the platform, President Lewis advised the delegates to adjourn, and one section of the constitution was adopted, of which only six delegates had knowledge. One delegate was hurt in the fray, Art. Paine, of local 3137, Bedford, Pa., was knocked to the floor by a blow in the face while yelling for a "square deal." He declared he did not know the name of his assailant, but could recognize him, and would "get him."

Jim Beach, president of the Tallapoosa, Ill., sub-district, a member of President Lewis' own local at Panama, Ill., and William Harkness, president of the Peoria sub-district, were leaders in the demand for a recount. Opposition to the chair's ruling centered about them, and it was for the fact that they were placed in the center hall, surrounded on all sides by administration men, that no more serious demonstration resulted.

To-day's excitement followed the dull period of the convention, at which a roll call on the proposition to take appointive powers from the international president, which was lost by a vote of 2,106 to 2,345, a scant margin. It gave the opposition confidence, although they had lost, and resulted in the evidence of a fighting spirit.

MORE HEATED DEBATE IN U. S. SENATE OVER TEAPOT DOME LEASES

WASHINGTON, Jan. 30.—While the Senate engaged in a swirl of debate without effect to restore order, Shrieks of "give us justice," and "We want a square deal," filled the immense Tompkins Hall to the ceiling, each time he called on Secretary Van Blitner, of the constitution committee, to continue reading of his report.

C. MCCAUSLAND HEADS PARIS BOARD OF HEALTH

PARIS, Ont., Jan. 31.—Charles McCausland was elected chairman of the Board of Health at the inaugural meeting held in the Council chamber. A new without effect to restore order, Shrieks of "give us justice," and "We want a square deal," filled the immense Tompkins Hall to the ceiling, each time he called on Secretary Van Blitner, of the constitution committee, to continue reading of his report.

FATHER ARRESTED FOR MURDER OF DAUGHTER

MILLVILLE, N. J., Jan. 30.—Thompson Dickson, 55-year-old father of Emma Dickson, Brickshore High School girl, whose body was found in a swamp two miles from her home on September 22, last, to-night was formally charged with the murder of his daughter and was arrested at his home by County Detective Lore, who has been working on the case for the past four months.

The arrest, Detective Lore said, was made as the result of information which Benjamin Dickson, 80-year-old grandfather of the girl, revealed late to-day. After lengthy questioning, Detective Lore said the aged man, who lived with his son and granddaughter in a small house in Brickshore, broke down and admitted that his son had beaten the girl to death in their house on the night of September 13 and then carried the body to the swamp two miles away.

Thompson Dickson surrendered quietly when the officers appeared and was taken to Bridgeton, where he was locked up in the county jail. He refused to discuss any of the phases of the case.

62 DETROIT "BLIND PIGS" ARE CLOSED BY POLICE

Acting Mayor Takes Steps to End Illegal Selling of Liquor.

DETROIT, Jan. 30.—Sixty-two alleged "blind pigs," several of which were notorious dives, according to the evidence in all cases was strong against holders of the licenses, and attempts on the part of lawyers to persuade Martin to give the offenders another chance were of no avail.

In several instances Martin's action not only put soft drink parlors out of business, but also restaurants. He learned that in his numerous cases restaurants are dealing in liquor and he decided that these licenses must also be canceled.

OTHER MEANS OF GIVING DOMINIONS PREFERENCE

British Liberal M. P. Would Provide Another Meeting Ground.

LONDON, Jan. 30.—Dr. W. A. Chaplin, M. P. (Liberal), speaking at a meeting of the Industrial League here to-day, said imperial preference at the expense of the people's food was not the only preference Great Britain could give the dominions and colonies, which would fare better and develop more rapidly if the Old Country gave them better and cheaper marketing conditions, better and more commodious accommodation for their products, and British ports, cheaper freight and shipping rates, less costly and cumbersome methods of raising loans and larger supplies of cheap capital, so much of which is sent to Mexico, Russia and Germany and lost.

"If we want to keep the dominions for our own, we must open our arms to them as well as good men, for one is no good without the other. We must now give the dominions that we are all bent on empire unity, development and consolidation, notwithstanding the result of the general election."

DAUGHERTY AND DENBY MAY BE FORCED TO RESIGN

CARDIN BECOMES MARINE MINISTER

Quebec Man Succeeds Lapointe, Who Replaces Gouin.

SWORN INTO OFFICES

New Minister a Member of Commons Since 1911.

OTTAWA, Jan. 30.—(Canadian Press Dispatch.)—Two Cabinet changes are announced to-night, namely: Hon. Ernest Lapointe, minister of marine and fisheries, to become minister of justice.

P. A. J. Cardin, minister for Richelieu, appointed minister of marine and fisheries in succession to Mr. Lapointe.

The appointment of Mr. Lapointe fills the vacancy at the department of justice caused by the resignation of Sir Lomer Gouin. Since Sir Lomer resigned, Mr. Lapointe has been acting minister of justice, and the likelihood of his taking over the portfolio has been indicated on a number of occasions. As Mr. Lapointe already holds a salaried position, his new appointment will not entail a by-election.

Mr. Cardin, who now becomes minister of marine and fisheries, is an accession to the Cabinet and his appointment will necessitate a by-election in Richelieu County. In the last general election Mr. Cardin carried Richelieu by a majority of 1,662, and in every contest from 1896 onwards the constituency has returned a Liberal member to the Federal House.

TAKE OATH OF OFFICE.

Both Mr. Lapointe and Mr. Cardin were sworn in before the governor-general at Rideau Hall.

The present appointments, it is understood, conclude present plans for Cabinet readjustment. There have been rumors from time to time of the likelihood that a maritime man would be appointed to the department of justice with a shuffling round of other portfolios. But this idea, apparently has not been adopted.

Hon. Mr. Cardin has represented Richelieu County in Parliament since 1911. He was born in 1879 in Sorrel, Quebec, where he now resides. He studied law at Laval University and was admitted to the Bar in 1908. He has been counsel for the City of Sorrel for 10 years, as well as counsel for all the municipal councils in Richelieu County. CUTS FUNERAL BILL FROM \$650 TO \$300

Judge Ross Gives Decision in Towers Action Against McAlpin Estate.

ST. THOMAS, Jan. 30.—Judgment was given to-day by Judge D. C. Ross in the Surrogate Court for the executors and legatees in the case of C. A. Towers against the estate of Christine McAlpine, who died last October in the city. The executors refused to pay a funeral bill of \$650, claiming that it was extravagant. His honor fixed the amount to be paid at \$300, and in giving judgment stated that he had gone into the expenses of funerals for people with about the same amount of money as the deceased had left and found them all to be in the neighborhood of \$300, although there were several a few dollars over that amount. He stated that this amount would be ordinary for a decent burial. The executor of the estate, Thomas H. McCall, has already paid \$300 and refused to pay the balance.

The executor stated that he did not employ the claimant, but that a nephew of deceased had done so and had selected the casket and made all arrangements. The nephew and a niece had wanted the best of funerals that could be given and had selected the coffin, which was of solid mahogany, and had been perfectly satisfied with it, according to the evidence given at the hearing.

It is understood that the case will be appealed by the claimant's counsel, J. D. Shaw.

BILL RETURNED FOR REVISION

Church Union Measure Found Not Properly Drafted.

Special to The Free Press
TORONTO, Jan. 30.—The church union bill has met its first rebuff in provincial politics. Lodged some days ago with the clerk of the Legislature in draft form and left with him pending the finding of some member willing to introduce it, it has been found to be not properly drafted and has been sent back for revision.

The church union fight is looming up as one of the biggest that will engage the Legislature at its coming session. Members of the House state that they are being more greatly pressed with regard to it by their constituents than with regard to any other legislation.

The bill is regarded by members of the chamber as having a future that is far from assured. Considerable speculation exists over the effect that the writ recently issued by anti-unionists will have upon the chamber's decision.

The practice of the Legislature, long established, is to pass no coercive legislation with regard to a matter that is before the courts. Whether or not the private bills committee will see its way clear to departing from this precedent is a matter that is causing much discussion.

PLAN REORGANIZATION OF THE APPEAL COURT

Smith, John Smith, John Mettler, S. D. Croft. The salary of the pastor, Rev. W. H. Smith, was increased \$200 to \$2,000.

DOHERTY TO LEAD FARMERS' PARTY

Accepts Position In Legislature For Coming Session.

OUTLINES HIS POLICY

Not Worried Over Status of the Party.

TORONTO, Jan. 30.—(Canadian Press Dispatch.)—Hon. Manning Doherty, minister of agriculture in the late Drury Government, informed the Canadian Press this afternoon that he had accepted the position of leader of the United Farmers of Ontario in the Legislature for the coming session, which will open here on Wednesday, February 6.

In outlining his policy, Mr. Doherty said: "The policy of the party during the session will be to do everything in its power, insofar as a minority party can, to assist in giving the province good government. In particular, it will be out duty to see to it that the present Government carries to fruition the many progressive projects in the department of agriculture which were initiated in the past four years."

"My leadership of our party will be directed to the hope that we may be of some service to the people at large and to the agriculturists in particular. The fact that the prime minister has indicated that we will not constitute the official opposition is in my mind as it affects the possibilities of our party rendering service."
