

**LIQUID CURES ECZEMA WHERE SALVES FAIL**

In regard to skin diseases, medical authorities are now agreed on this: Don't imprison the disease germs in your skin by the use of greasy salves, and thus encourage them to multiply. A true cure of all eczematous disease can be brought about only by using the healing agents in the form of a liquid. **WASH THE GERMS OUT.** A simple wash: A compound of Oil of Wintergreen, Thymol, and other ingredients as combined in the D.D.D. Prescription. This penetrates to the disease germs and destroys them, then soothes and heals the skins as nothing else has ever done.

In addition to the regular dollar bottle which has cured so many cases, we have arranged with the D.D.D. Laboratories for a special large trial bottle at 25c. on a special offer now. This trial bottle will start the cure, and give you instant relief.

T. B. TAYLOR & SON, Druggists, Watford.

**How Much of Your Road Money is Spent in Filling Ruts?**

If the millions of dollars that have been spent repairing worn-out, washed-out streets and roads had been used to build more miles of good highways, fewer farmers would now be wasting valuable time and money taking "round-about" routes to town.

**FIRST** cost of an ordinary dirt or macadam road is usually only a "starter." The cost of upkeep soon equals that first cost and there is always an ever-increasing annual expense for repairs. The worst feature of it is that such a road is never a really first-class highway.

**IN** estimating the cost of a road you should include the expense of keeping it in good condition for at least twenty years. If you don't, you're figuring on the first payment for that road, only. And the remaining payments are as certain as taxes. The upkeep cost of concrete roads is practically nothing.

**Concrete roads are the best roads from the first—and the best and cheapest roads at the end of ten, fifteen and twenty years.**

**CONCRETE** is the ideal paving material for streets in small towns as well as for main highways in the country.

Edward N. Hines, Wayne County, Michigan, Road Commissioner, and one of America's foremost authorities on good roads, says:

Any community that wants a good road, a road that is cheaper for even a short time under fairly heavy traffic than any other good road, a road that is insensitively maintained, a road that is sanitary and dustless, a road that is not slippery, a road that affords good traction for any type of vehicle 365 days in the year, a road that in the long run, say 10, 15, 20 years and longer, is the cheapest of all good roads, should investigate the merits of concrete.

**WRITE** for the facts about Concrete highways. When convinced, use your influence to have the roads for which you pay built to last.

We have highway experts who will visit any community intending to build more roads and explain just why and how concrete roads are best and cheapest.

Canada Cement Company Limited  
510 Herald Building, Montreal

Have you a copy of our big free book for farmers? "What the Farmer can do with Concrete?" If not, write for it. It's absolutely free.

**DOOMED HIMSELF.**

Chief Shavehead Boasted Once Too Often of His Deeds of Blood.

J. Seymour Curry in "The Story of Old Fort Dearborn" describes the massacre of the garrison of the old fort and tells of one instance of poetic justice for the Indians' butchery.

"Bloody retribution," says Mr. Curry, "overtook one of the savages, who on the day of the massacre showed no mercy to his victims. This was a chief known as a deadly enemy of the whites and who bore the expressive name of Shavehead because of his peculiar manner of tying up his scanty hair.

"Years afterward Chief Shavehead was in company with a band of hunters in the Michigan woods. In the party was a white man who had formerly been a soldier at Fort Dearborn and was one of the survivors of the battle on the lake shore. At one of the camps the chief, being of a boastful disposition, related while under the influence of liquor to those sitting about the campfire the frightful tale concerning the events of that day, dwelling upon its horrors and boasting of his own deeds.

"He was not aware that one of the whites whom he had so fiercely assailed was at that moment listening to his bragging utterances. The old soldier as he heard the tale was saddened by the recall of the well remembered scene.

"Toward midnight the old savage departed alone in the direction of the forest. Silently the soldier with loaded rifle followed upon his steps. Others observed them as they passed out of sight into the shades of the forest. The soldier returned after a time to his companions, but Shavehead was never seen again."

**HIS BLADDER WAS TERRIBLY INFLAMED**

GIN PILLS Brought Relief

Larder Lake, Ont., March 26th.  
"I had been suffering for some time with my Kidneys and Urine. I was constantly passing water, which was very scanty, sometimes as many as thirty times a day. Each time the pain was something awful, and no rest at night."  
I heard of your GIN PILLS and decided to give them a trial at once. I sent my chum 60 pills to get them and I am pleased to inform you that in less than six hours I felt relief.

In two days, the pain had left me entirely. I took about half a box and today I feel as well as ever and my kidneys are acting quite natural again.  
SID CASTLEMAN.

GIN PILLS soothe the irritated bladder—heal the sick, weak, painful kidneys—and strengthen both these vital organs. Money back if they fail.  
50c. a box, 6 for \$2.50. Sample free if you write National Drug and Chemical Co., of Canada, Limited, Toronto. 139

**LAKE OF THE DEAD.**

An Uncanny, Mysterious Spot in the Oban Country, Nigeria.

It will be a long time before the shores of the Lake of the Dead, in the Oban country, Nigeria, become popular for summer resort purposes. An English traveler says: "When I believed I was in the neighborhood of this haunted spot and altered my course my carriers begged to be allowed not to proceed and were left behind. After a struggle through dense bush we could see the edge of a sheet of water, along the banks of which were the holes of crocodiles, whose tracks covered the shore. The scene was a weird one. The surface of the water was absolutely still, and round about were ten foot high bushes, with what were apparently great tufts of creamy flowers. These, however, proved to be nests of tree frogs.

"The place is a sanctuary for all wild things, for no hunter would dare to penetrate the bush to this dreaded spot. As we stood at the edge, gazing out over the water, its quiet was suddenly broken by a broad ripple, and little fish were seen to spring agitatedly above the surface. A great python was crossing, and this, we learned, shared with the crocodiles the guardianship of the sacred lake. Nothing, we were informed, must be allowed to trouble the water or even to touch its outer edge or famine and pestilence would ensue.

"Here, according to popular belief, come by night the ghosts of long dead Ekoi to drift in sad companies hopeless and walling over the surface of the water. Even in the bright sunlight the place has an uncanny look, and one can easily imagine that at midnight, when the white mists shimmer ghostlike in the light of the moon, people with the terror and mystery of the 'bush' in their blood would rather sit chatting around the fire or dance by torchlight in the open spaces of the towns than seek out this uncanny spot."—Chicago News.

A new mail route will commence in the near future serving patrons across the Grey bridge in the township of Moss and part of Metcalfe, thence into Alvinston. Another route going down the 7th con. of Brooke, thence through part of Metcalfe, thence around by the Downie Corner, thence to Alvinston, will also be established.

**THE CRICK IN THE BACK.**—"One touch of nature makes the whole world kin," sings the poet. But what about the touch of rheumatism and lumbago, which is so common now? There is no poetry in that touch, for it renders life miserable. Yet how delightful is the sense of relief when an application of Dr. Thomas' Electric Oil drives pain away. There is nothing equals it.

Mrs. Mary Steirs, wife of a prominent farmer of Essex County, died at Hotel Dieu, Windsor, last week from blood poisoning caused by cutting a corn with a razor. Mrs. Steirs performed the chiropractical operation four weeks ago, using her husband's razor. A few days later she was taken ill, dying at the hospital in terrible agony.

Inspector Maxwell has issued a circular to the schools in the South Essex Inspectorate to the effect that prizes will be offered to the schools in the inspectorate for competition in physical training, according to the Syllabus of Exercises. One prize will be given to each town and two to each township, the competitions to be held before the 15th of December.

**Catarrh Cannot Be Cured**

with LOCAL APPLICATIONS, as they cannot reach the seat of the disease. Catarrh is a blood or constitutional disease, and in order to cure it you must take internal remedies. Hall's Catarrh Cure is taken internally, and acts directly upon the blood and mucous surfaces. Hall's Cure is not a quack medicine. It was prescribed by one of the best physicians in this country for years and is a regular prescription. It is composed of the best tonics known, combined with the best blood purifiers, acting directly upon the mucous surfaces. The perfect combination of the two ingredients is what produces such wonderful results in curing catarrh. Send for testimonials, free.

Take Hall's Family Pills for constipation.

The work on the extension of the rural mail delivery service has proceeded so far that it is anticipated at the end of the month there will be at least 900 routes in different parts of the country. Thirty new routes will be put in service this month, while about 200 more are under advertisement and at the beginning of the New Year there is a likelihood that the 1000 mark will be reached. Farmers in different parts of the country, especially are showing a desire to comply with the regulations set out for a route to be established.
