REAL LIVE TESTIMONIAL

Given to Professor Hamilton of Hampton

To Prof. B. S. Hamilton

It gives me pleasure to be able to add my testimony with others who have been helped by I really believe I would not be living today had I not taken the Professor's treatment.

I had been a victim of ill health for three years and received no help from Physicians or at the hospital where I was for some time. I suffered from a complicated set of diseases including irregular bowels, nervous debility and pain in my side. I kept losing weight until I became a living skeleton. I did not want to live in that condition then friends told me of Professor Hamilton's skill and I advised me to go and see him. I did so and this is the result: I am taking less than two month's treatment I am cured. I feel fine and keep gaining in weight and strength. Words fail to express my thanks and I cannot praise his treatment too highly.

Gratefully yours MRS. J. E. MUNROE Mill Village, Queens Co, N S
