

The Greatest Help

to the progress of King Cole Tea has been the generous praise given it by its users. They were enthused with its full rich flavor,

and to their words of commendation is largely due the very widespread sale King Cole Tea has today.

"You'll like the flavor"

FALL SCHEDULE TWO TRIPS WEEKLY

Fare \$7.00. Staterooms \$2.00

Leave Yarmouth Tuesdays, and Fridays at 6.30 P. M.

Return—Leave Boston Mondays, and Thursdays at 1 P. M.

For staterooms and other information apply to

J. E. KINNEY, Supt. Yarmouth, N. S.

HOUSEHOLD COLUMN

The habit of reading with a pair of scissors close at hand is an invaluable one to the busy housewife. So often there are recipes, household hints and other odd bits of information that would prove useful but we have lost account of what and where they are. In every kitchen there should be a scrapbook for such terms as these and the more methodically they are arranged the more useful they will be.

Chocolate Nut Bars

Melt six ounces of sweet chocolate over hot water, beat until nearly cool, then add half a cup each of chopped raisins and peanuts and one fourth teaspoonful of salt. Mix well and press into oblong tin covers, those that come on cocoa boxes will do nicely. When firm it can be easily removed without breaking.

Nut Glace

Melt two cups granulated sugar in a pan and watch carefully to prevent scorching or put sugar into double boiler and have water boiling rapidly. Do not stir sugar. As soon as melted pour it over nuts, spread out in a buttered tin. Peanuts, hickory or English walnuts may be used.

Fruit-Knaks

Thoroughly mix three fourths cup of raisins, one fourth cup walnut meats and a little salt. Run through the meat grinder, shape into small flat cakes or tiny balls and wrap in waxed paper.

Stuffed Dates

Cut small openings in dates, remove stones and fill with any preferred nut meats, then roll in sugar. Sweetened whipped cream filling may be substituted for the nuts.

In making cocoon pie or custard soak the cocoon in the milk for a few minutes before adding the other ingredients.

As soon as the tongue is boiled tender it should have cold water run over it for a few minutes; then the skin will slip off easily.

When furniture does not actually need polishing it is a good idea to wipe off thoroughly with a cloth dropped in linseed oil.

EXPERIMENTAL AERIAL SERVICE FROM HALIFAX TO NEW-FOUNDLAND ABOUT DECEMBER 10th.

A trip by aeroplane from Halifax to Newfoundland is being arranged for about the tenth of December, and the Department has been asked to encourage the venture by despatching a letter mail from Halifax on the flight in question. It has agreed to co-operate in this way provided those sending the mail matter assume the risk.

The requirements for this mail are: (1) "By Aerial Mail" to be prominently written on the address side of the envelope. (2) The usual four cents postage for a one-ounce letter to be affixed on the address side of the envelope. (3) Additional postage stamps to the value of thirty cents to be placed on the address side of the envelope, in payment of the special charge for transmission by the aerial service which has been fixed by those making the flight.

MISDELIVERY OF MAIL Whenever delay to, or misdelivery of, a letter occurs, the sender or the addressee is prone to adversely criticize the Post Office. Frequently, however, the delay or misdelivery is due to the carelessness of the public, in failing to properly address the mail matter in question.

During three days this month, 128,300 pieces of incorrectly and insufficiently addressed mail matter were handled at 55 of the larger Post Offices. This is a daily average of 42,800 for the 55 offices, or a rate of 16,000,000 for a year of 365 days. Think of the number of postal clerks engaged in handling this mis-

directed mail, who could, if the general public were more careful, be used to give better service in other lines!

Much trouble is due to careless writing, to the use of a pencil in writing the address, and to failure to give the proper address or to keep mailing lists up to date.

With the Christmas season at hand, bringing immense quantities of mail to be dealt with, it will be necessary that the public adopt more careful methods in the preparation of its mail matter, if the daily average of misdirected mail is not to amount to an overwhelming figure.

In this connection the following points to be observed are pointed out: Prepay postage fully; Address plainly and fully; Place name and address of sender on all mail matter; Carefully pack and wrap all articles sent by parcel post, but do not seal the parcels as sealed parcels are subject to letter rate of postage;

Mail Christmas parcels early; Insure valuable parcels.

BANDIT WANTED FOR A SHOOTING

Boston, Nov. 30—Frank Greenback, arrested here to-day on suspicion of having been concerned in the \$28,000 payroll robbery at Chelsea last Saturday, was found by the police to be wanted at Buffalo, N. Y., in connection with the shooting of a policeman. He was immediately booked on a charge of being a fugitive from justice.

Greenback who, according to the police, admitted having been concerned in a gun fight at Buffalo, was found to have three bullet wounds in his body. He denied shooting the policeman. He said he compelled a Buffalo physician at the point of a gun to dress his wounds.

The police found a letter in the man's pocket addressed to "Teddy Nowak, 454 Hudson Avenue, Buffalo," which they said was an alias.

Greenback and a man who gave the name of Samuel Silverman were arrested in the south end section of the city.

THE PRINTER WAS PEEVED A local printer got slightly peeved at a letterhead from a doctor who wanted bids on several thousand letter-heads, different sizes, different grades and different colours, and wanted the printing form held standing. So, Mr. Printer took his type-writer in hand and wrote:

"Am in the market for bids on one operation for appendicitis. One, two or five inch incision—with or without ether, also with or without nurse. If appendix is found to be sound, want quotations to include putting same back and cancelling order. If removed, successful bidder is expected to hold incision open for about sixty days, as I expect to be in the market for an operation for gall-stones at that time and want to save the extra cost of cutting."

THE ROCKING CHAIR The rocking-chair has never appealed to the taste of people in Europe. Over there they call it an "American chair," and admit their failure to understand why anybody should wish to take exercise while sitting down. We, of course, could hardly get along without rockers. In every farmhouse one finds at least one rocking-chair; and in this connection it seems worth while to call attention to the novel idea of Moses W. Carden, of Opelika, Ala. He has constructed a chair which makes it practicable for the farmer's wife to churn her cream for butter by the mere performance of rocking. Fastened to the side of the chair is a box-shaped churn which, for additional support, is upheld by two uprights resting upon a third and supplementary rocker. As the farmer's wife rocks the cream in the churn is agitated. The final result is butter. When the butter is made the churn can be detached.

IT ISN'T YOUR TOWN—IT'S YOU "If you want to live in the kind of a town Like the kind of a town you like You needn't slip your clothes in a grip And start on a long long hike. You'll find only what you left behind For there's nothing that's really new. It's a knock at yourself, when you knock your town. It isn't your town, it's you."

Real towns are not made by men afraid. Lest somebody else gets ahead When everybody works and nobody gits-ks, You can raise a town from the dead. And if when you make your personal stake Your neighbor can make one too, Your town will be what you want to see. It isn't your town, it's you."

ANNAPOLIS ROYAL R. L. Hardwick is in the United States on business. Miss Binning, who has been on an extended visit to St. John, N.B., came home last week. Fort Anne Chapter I.O.O.F.E. held a tea and sale of fancy work and cakes Friday afternoon, December 2nd. Mrs. L. Robertson and Mrs. Amey went to Halifax last week. Mrs. Amey returned on Friday, while Mrs. Robertson remains in the city a few days longer. Miss Blanche Patton has returned from a trip to Halifax. She will remain at home until after Christmas,

MISTAKES It's not a crime to make mistakes. If we'll but profit from our doings, and with determination seek to correct up the place that's weak.

Nor is it rated a disgrace to meet an error face to face. Our failure doesn't start till when we make the same mistake again.

Perfection in the first degree is hardly asked of you and me. None look for you to go along, and never make a move that's wrong.

But still, it's neither wise nor nice to make the self-same blunder twice; and each mistake that we repeat but shoves us nearer to defeat.

Hard On The Judge "Describe the man you saw talking to the prisoner," said the judge to the witness. "I don't know how to, sir."

"Did he look like any of these lawyers?" inquired the judge. "Did he look like me?" "Oh, no, sir," said the witness. "He looked like an intelligent gentleman."

LIVED YEARS ON BREAD AND MILK

For More Than Decade Malady of Alabama Woman Was Sapping Her Strength

Mrs. H. P. Barrett, of Republic, suburb of Birmingham, Ala., gives the facts of her remarkable experience with Taniae as follows:

"During the past fourteen years I have spent more than one thousand dollars trying to get rid of a complaint that was gradually sapping my strength, but until I got hold of Taniae nothing helped me. For the past four years I have lived almost entirely on milk and bread, and finally even that went against me."

"Before I had finished the first bottle of Taniae I got so I could eat anything, and I certainly bless the day I first got this medicine for I believe it has added years to my life. The people in my neighborhood were so surprised at the change in me that fourteen of them by actual count are now taking Taniae."

Taniae is sold in Bridgetown by S. N. Weare and by leading druggists everywhere.

WHAT MOTHER EARNS A contemporary carries the following story in its current issue and declares that every newspaper in the land should print it. We agree, and here it is:

"She never earned any money—she lives on an Ohio farm, but she lives on almost every other farm. She is somebody's mother, maybe your own. She has earned nothing, not but during her thirty working years she has served 422,583 meals; she has made 3,123 garments, 32,000 loaves of bread, 5,296 cakes, 7,832 pies, 1,500 gallons of lard; she has grown 1,432 bushels of vegetables, and has raised 7,660 chickens; churned 5,436 pounds of butter; put up 3,826 jars of preserves; scrubbed 177,725 articles of laundry; and she has put in 35,839 hours of sweeping and washing and scrubbing. At accepted prices for this work it is worth \$115,480.50. She can't retire on her savings—she has to keep on. Not earning! No. How do you define the ordinary woman's contributions to her family wealth?"

THE PRINTER WAS PEEVED A local printer got slightly peeved at a letterhead from a doctor who wanted bids on several thousand letter-heads, different sizes, different grades and different colours, and wanted the printing form held standing. So, Mr. Printer took his type-writer in hand and wrote:

"Am in the market for bids on one operation for appendicitis. One, two or five inch incision—with or without ether, also with or without nurse. TROUT SCOOPED UP WITH HANDS

Tells of Fishing in Northeastern Ungava Where Eskimo Use Five-inch Mesh Net

How prolific in fish some of the rivers in our north country must be! What a paradise for sportsmen! Can you imagine catching trout in nets of five-inch mesh? Can you think of picking big beauties up in baskets—two barrels in two hours? Yes, away up in the virgin waters of Ungava near the Labrador frontier, where the hand of commerce has but slightly troubled the natural environment of pristine life, such are the conditions.

Sir James J. E. F. Wright of the French Canadian Mounted Police, who is stationed at Fort Burgell, Ungava, recently visited a bay in this district which the Eskimos call "Thubitak" or "Calm Bay," on account of its being well sheltered from the wind by high ice-covered hills. But let him tell the story himself.

"On landing to make camp we discovered two Eskimo families camped on the beach. They had been employed for a few days fishing trout and had twenty barrels salted down."

"As it was then quite dark we saw nothing. Next day being Sunday we rained heavily I did not move about much but on Monday I visited the natives where they were gathering trout. They fish with nets set out in the lake and each woman attending the nets kept a man on shore busy splitting the fish brought in."

"The nets are of a five-inch mesh and only catch the larger fish and all are of a uniform size. For myself I took a small flat boat and went up one of the streams which terminated at a small lake of fresh water about a mile and a half from the bay where we made camp. All the way along, the stream was filled with trout on their way up to the lake. The water ranged from eight inches to three feet deep."

"At a shallow place are still the remains of Eskimo fish traps made from stones, which were used previous to their obtaining nets. The traps could still be made serviceable. These traps do not interfere with the trout going up stream but can be driven the fish among the rocks along the sides."

"On my way down from the lake we pulled the flat boat on a rock and caught two barrels of large trout, in less than two hours with our hands among the rocks."

Mr. Thomas Spurr spent Sunday in Round Hill. Mrs. James Rice spent Sunday in Round Hill. Howard Milner went to Halifax on Friday, November 25th. Mr. and Mrs. Frank Williams are receiving congratulations on the birth of a daughter, November 26th.

Mr. and Mrs. John Woodland and daughter recently spent Sunday with Mrs. E. Longmire, Granville Centre. Mrs. Thomas Spurr and daughter, of Lawrencetown, were guests of Mrs. Wm. Sanford, Clementsport, during last week.

The community of Moschelle was shocked to hear of the passing away of Mr. A. E. Adams, who was so well known here by reason of his kindeness in assisting during the past few years, the Rector of Rosette by conducting services in St. John's Church, which services were highly appreciated. His manner in taking the service was very pleasing and his sermons were plain, practical, and impressive. He will always be remembered by his many friends here.

FISHERMEN USING SMALLER BOATS IN WORK The trend in deep sea fishing, in the Canadian provinces is toward the use of smaller craft, but of greater adaptability. That is, they will be able to take up, in turn, according to the season, different branches of the fisheries, instead of hanging to one pursuit like the haddock and cod. The boats will be fitted for trawling mixed fish, scooping scallops, purse seining and swordfishing. That will be a regular rotation of marine crops. Light tomage enables the fishermen to become owners and crews at the same time. Every workman produces, like a fisherman or farmer does best when he owns the implements of production.

He Had Seen The Remainder During President Lincoln's visit to the Springfield Penitentiary, an old inmate, looking out through the bars, remarked: "Well, Mr. Lincoln, you and I ought to be well posted on prisons. We've seen all there are in the country."

"Why, this is the first I ever visited," replied Lincoln. "Yes," was the reply; "but I've been in all the rest."

DO IT NOW If with pleasure you are viewing any work a man is doing, If you like him or you love him, tell him now; Don't withhold your approbation till the parson makes oration As he lies with snowy lilies o'er his brow; For no matter how you shout it; he won't really care about it; He won't know how many teardrops you have shed. If you think some praise is due him, now's the time to slip it to him. For he cannot read his tombstone when he's dead.

FORMER NOVA SCOTIAN DEAD St. John, N. B., Nov. 30—Dr. Chas. B. Little, formerly a Nova Scotia physician, died yesterday at The Narrows, Queen's County, N. B. He was eighty years of age.

DURING RECENT YEARS We were obliged to turn away many prospective students for want of space for expansion. In our present premises we have space for enlarging and we will be able to accommodate all applicants. No better time for entering than now. Send for New Catalogue.
