WAS IT A GHOST?

The Murders in Bussey's Wood.

is not a "sensational" story, as many suppose. It is a simple recital of all the facts that are or can be known in connection with this fearful tragedy, by one who lived in the immediate vicinity. The spiritual apparition was to him a reality.

A dual murder, so unaccountable, should not be allowed to die out till Justice is satisfied.

In this sense this book has a mission.
