

PATENT WOOL PICKER.

TO WOOLLEN MANUFACTURERS.

THE Subscriber begs leave to inform the public that he has been engaged with Mr. Christopher Elliot at the *Phoenix Foundry, Toronto*, for the last two years past, in building *Woollen Machinery*, but in consequence of having suffered a serious loss by the late fire, he has been obliged to give up the business with Mr. Elliot, and therefore does not hold himself accountable for the working of any of the machinery built at the *Phoenix Foundry* after the first January last.

The Subscriber has now made arrangements with Mr. J. R. Armstrong, Proprietor of the new *City Foundry*, to make and furnish all kinds of

WOOLLEN MACHINERY

that may be required in manufacturing Woollen Cloths in this Province, such as follows, viz:—

Pickers, Carding Machines, Condenser, Spinning Jacks, Broad and Narrow Power Looms, Pulling Mill Cranks, Napping and Teazling Machines, Gigs, Shearing Machines, Jumbo, Stores for Heating Press Plates, Cast Iron Dye Kettles, together with every other kind of Machinery required to manufacture Cloth.

The machinery will be made under his personal superintendence on the most approved plans, and the material and workmanship will be of the best description.

All orders addressed to *Archelaus Tupper, City Foundry, Yonge Street, Toronto*, will be promptly and neatly executed on moderate terms.
