

Scale Act was discussed and the following resolution was unanimously adopted :

"The fruit-growers of Ontario desire to express their great satisfaction with the efforts made by the Ontario Department of Agriculture to destroy that most serious enemy of the fruit grower, the San Jose scale. They regret exceedingly that any suspension of the working of the Act should have taken place, thus allowing the pest to spread with great rapidity. In view of the uncertain results of the work of the experiment stations in the United States in the treatment of orchard trees with whale oil soap for the destruction of the scale we recommend that there be no relaxation of the inspection of orchards or of the destruction of infested trees, but that the work proceed with all vigor while it is possible to prevent the spread of the pest; that in case of valuable orchard trees only exposed to infection, the owner have the choice of having his trees destroyed with compensation or of having them treated for a certain length of time for the destruction of the insect, and in case of failure of having them destroyed without compensation; that the owner of an infested orchard who wishes to have exposed trees treated instead of destroyed be required to thoroughly prune the orchard trees exposed in such a manner as may be required by the inspector as a preparation for the spraying; that all nursery stock be thoroughly fumigated with cyanide of potassium gas, under the eye of an inspector, before it is allowed to be sent out."

The whole question will come up for discussion at the annual meeting of the Ontario Fruit Growers' Association to be held at Whitby on December 5 and 6 next.

Stock Notes.

The following is report of live stock shipments for week ending Wednesday, November 15th, as prepared by R. Bickerdike, of the Live Stock Exchange, Montreal :

	Cattle	Sheep
Nov. 9, <i>Lake Superior</i>	Liverpool, 340	
" 12, <i>Numidian</i>	Liverpool, 224	
" 10, <i>Kastalia</i>	Glasgow, 300	
" 14, <i>Grecian</i>	Glasgow, 173	
" 11, <i>Man. Importer</i>	Manchester, 400	275
" 12, <i>Bellona</i>	Newcastle, 266	
Total,	1703	275

WINNING YORKSHIRES.—Mr. S. Rogers, Cookesville, Ont., one of our energetic and painstaking breeders of Yorkshire swine, has been very successful at the 1899 fall fairs. In sending in a change of advertisement last week he writes: "I notice in FARMING the winning of some herds so I send mine. I made eighteen entries only and won eleven firsts, three seconds, two thirds and was unplaced twice."

LEICESTERS IN DEMAND.—Mr. Geo. B. Armstrong, Bowhill Farm, Teeswater, Ont.,

New Root Cutter (Pulper and Slicer combined)

THE NOXON

CO. (LIMITED)

Ingersoll, Ont.

MANUFACTURERS OF

HIGH - CLASS FARM IMPLEMENTS

Please write for Price List and Descriptive Catalogue

TOLTON'S NO. 1 DOUBLE ROOT CUTTER,

Points of Merit :

1. To change from pulping to slicing is but the work of a moment.
2. There are two separate wheels, one for pulping and the other for slicing.
3. The united force of both wheels is always used in doing the work in either capacity.
4. The hopper is between the wheels, and does not choke.

THE ONLY DOUBLE ROOT CUTTER MANUFACTURED.

Fitted with Roller Bearings, Steel Shafting and all that is latest and best in principle, material and construction.

TOLTON BROS., - - GUELPH.

The "Waterloo" Food Boiler

Used chiefly by Stock Feeders, Butchers, and for General Farm Use.

For Simplicity, Durability, Economy, and Saving of Time and Labor, it has no equal. Write for circulars.

WATERLOO MANUFACTURING CO., Limited.
