

quantities from the U. S. markets. As a matter of fact we can lay U. S. wax down in Beeton, duty paid, for less money than we are offering here by several cents per pound, notwithstanding the increase lately advised in wax on that side of the line.

Owing to the scarcity of wax the supply of foundation is likely to be a good deal short, and orders may be somewhat delayed. Those who are likely to want it had better place their orders at once, if they do not want to be disappointed entirely. We have enough wax to fill all present orders, and perhaps a little more; we do not know how much more wax we are likely to get, though, we are making strenuous efforts to obtain supplies in all directions. The American market on which we could generally fall back, is pretty completely cleaned out, if advices we receive are to be depended upon, which we do not doubt. The price of wax we advance in this issue to 33 cents cash, or 37 cents in exchange for supplies, delivered here, and the prices of brood foundation is advanced accordingly to 52 cents per pound. All orders received from this date will be entered up at this rate, for amounts up to 50 lbs. For 50 lbs. and over the price will be 50 cents per pound.

Discounts for large Orders.

We have always made a liberal discount for large orders in the price of the goods themselves, but to still further encourage this class of trade we are now going to offer special discounts for *cash with order* to encourage those who would just as soon remit in that way if there was any special inducement. We do not do this because of any fear of not being paid if we allow the goods to be shipped without being settled for, but because of the great amount of time and labor saved in book-keeping, expense of making drafts etc. In offering these discounts, it is on the distinct understanding that not more than 50 per cent in value, of each order shall be for foundation:

On all orders of \$	25.00	and over	2	per cent.
