 Lot 87—W pine, select and picks, 1 inch, 7,009 ft, \$24.

An exchange says:—Years ago two fences on a western farm were built of basswood rails. In one, the rails had been cut in summer; in the other the rails had been cut in winter. The winter-cut rails rotted, but the summer cut became hard like iron and lasted for a very long time. It is explained that in the rails cut in winter the sap was a long time in drying, and that in consequence it fermented and spoiled the wood; while the rails cut in summer seasoned rapidly in the hot weather and hardened.

West's World's Wonder or Family Liniment is a remedy that no well regulated household should be without, as it is a positive cure for Rheumatism. It is invaluable for Sprains, Cuts, Bruises, Burns, Scalds and all diseases requiring external application. Price 25 cents and 50 cents per bottle. Sold by—

If any of our readers that are afflicted with rheumatism have never tried West's World's Wonder or Family Liniment, we advise them to do so at once, and be convinced of its extraordinary merits. It is a never-failing remedy for cuts, sprains, bruises and all complaints requiring external treatment. Price 25 cents and 50 cents per bottle. Sold by J. D. Tully.

Perhaps the most extraordinary that success has been achieved in modern science has been attained by the Dixon treatment for Catarrh. Out of 2,000 patients treated during the past six months, fully ninety per cent. have been cured of this stubborn malady. This is none the less startling when it is remembered that not five per cent. of the patients presenting themselves to the regular practitioner are benefited, while the patent medicines and other advertised cures never record a cure at all. Starting with the claim now generally believed by the most scientific men that the disease is due to the presence of living parasites in the tissues, Mr. Dixon at once adapted his cure to their extermination; this accomplished the Catarrh is practically cured, and the permanency is unquestioned, as cures effected by him four years ago are cures still. No one else has ever attempted to cure Catarrh in this manner, and no other treatment has ever cured Catarrh. The application of the remedy is simple and can be done at home, and the present season of the year is the most favorable for a speedy and permanent cure, the majority of cases being cured at one treatment. Sufferers should correspond with Messrs. A. H. DIXON & SONS, 305 King Street West, Toronto, Canada, and enclose a stamp for their treatise on Catarrh.—*Montreal Star* 1912.

# THE Gutta Percha & Rubber Mfg. Co'y

T. McILROY, Jr., Manager.
