FULL DEPOSIT WITH THE DOMINION GOVERNMENT.

*"Commercial Plan of Life Insurance."*

This plan of Life Insurance omits two out of the three elements employed in making up the premium charged on the ordinary all Life Plan, viz.: the Reserve or Investment feature and the loading for expenses, and is simply confined to collecting the COST OF INSURANCE with a fixed yearly fee for expenses. It is founded upon the same scientific basis as the ordinary plans tested for generations. Mortuary Premiums for this cost are payable quarterly, on the 5th day of March, June, September, and December in each year, and increase gradually with the age. This gradual increase enables the Company safely to omit collecting from the insured the Reserve part of the Ordinary premium.

As paid, 80 per cent. of all Mortuary Payments will be credited to the Mortuary Fund to be used solely in the payment of losses, and 20 per cent. to a Special Contingent Fund to equalize the cost of Insurance, and divide among those whose policies are kept up for fifteen years, and thereafter every five years. At such division the policy-holder may withdraw his share of that Fund, or let it remain to reduce his future payments.

Under the Company's Policy the holder incurs no liability whatever, as he may close his contract at any time by ceasing to make any payment falling due.

Agents wanted in every unrepresented Town and Village in Canada. Address—

**CHEMICAL LABORATORY, DALHOUSIE COLLEGE,**  
Halifax, N.S., Jany. 30th, 1885.  
I have made analysis of samples of the Emulsion of Cod Liver Oil, prepared by the Puttner Emulsion Co., and they have explained to me the details of their process. The ingredients used, and the mechanical processes to which they are successively subjected, enable this Company to prepare a permanent Emulsion, without the use of acids or alkalis. This preparation has been known to me for many years, and when carefully prepared is certainly a great improvement upon the Crude Cod Liver Oil, not only being milder in flavour, but having the more substantial advantage of being in the best form for digestion and assimilation.  
**GEORGE LAWSON, Ph.D., LL.D.,**  
Fellow of the Institute of Chemistry of Great Britain and Ireland, Prof. of Chemistry.

**An Old Soldier's EXPERIENCE.**

"Calvert, Texas, May 3, 1882.  
"I wish to express my appreciation of the valuable qualities of

**Ayer's Cherry Pectoral**

as a cough remedy.  
"While with Churchill's army, just before the battle of Teiksburg, I contracted a severe cold, which terminated in a dangerous cough. I found no relief in our march we came to a country store, where, on asking for some remedy, I was urged to try AYER'S CHERRY PECTORAL.

"I did so, and was rapidly cured. Since then I have kept the PECTORAL constantly by me, for family use, and I have found it to be an invaluable remedy for throat and lung diseases.  
J. W. WHITELY."

Thousands of testimonials certify to the prompt cure of all bronchial and lung affections, by the use of AYER'S CHERRY PECTORAL. Being very palatable, the youngest children take it readily.

PREPARED BY  
**Dr. J. C. Ayer & Co., Lowell, Mass.**
