"Success is never achieved without merit." A man may make a poor article and sell it once, and there being 40,000,000 people in the United States. the sale to each one would be enough to make a decent fortune. But an article that holds the field year after year, and the sales of which increase regularly and rapidly, must have absolute merit.

Dr. R. V. Pierce, of Buffalo, N. Y., occupies our entire eighth page to-day with his various articles. We admit it, because we know the Doctor, and know of his articles We know him to be a regular educated physician, whose diploma hangs on the wall of his office, and we know that he has associated with him several of the most eminent practitioners in the country. We know that parties consult him, by mail and in person, from all the States in the Union every day, and that they are fairly and honestly dealt with.

This grand result has been accomplished by two agencies-good, reliable articles-articles which once introduced, work easily their own way-and splendid business management. They have succeeded because they ought to have succeeded."

20 YZARS A SUFFERER.—CURED BY THE GOLDEN MEDICAL DISCOVERY. DR. R. V. PIERCE:

Dear Sir,-Twenty years ago I was shipwrecked on the Atlantic Ocean, and the cold and exposure caused a large abscess to form on each leg, which kept continually discharging. I was attended by dectors in Liverpool, Havre, New Orleans, New York, and at the hospital on Staten Island (where the doctors wanted to take one leg off). Finally, after spending hundreds of dollars, I persuaded to try your "Golden Medical Discovery," and now, in less than three months after taking the first bottle, Iam thankful to say I am completely cured, and for the first time in ten years can put my left heel to the ground. I am at home nearly every evening and shall be glad to satisfy any person of the truth of this information. I am, sir, yours respectfully, WILLIAM RYDER,

PITTSFIELD, Mr., March, 1872. MR. JAMES I. FELLOWS. DEAR SIR: During the past two years I have

given your Compound Syrop of Hypophosphites fair though somewhat severe trial in my practice, and am able to speak with confidence of its effects. In restoring persons suffering from emaciation and the debility following diptheria, it has done wonders. lconstantly recommend its use in all affections of the throat and lungs. In several cases considered hopeless it has given relief, and the patients are fast recovering. Among these are consumptive and old bronchial subjects, whose disease have resisted the other modes of treatment. For impaired digestion, and in fact for debility from any cause, I know of nothing equal to it. Its direct effect in strengthening the nervous system renders it suitable for the majority of diseases.

I am, sir, yours truly, WM. S. HOWE, M.D.

There is a stimulating property in this preparation, which greatly assists he growth of the fibres, at the same time rendering hem smooth, silky and elastic.
